ANNOUNCER: Better taste. That's something that has made many millions of friends for Lucky Strike cigarettes. Now why does every Lucky taste better? Well, for two excellent reasons. First, Luckies taste better because they are made with fine tobacco. Tobacco that is so fine, so light, so mild - that is just naturally has to give you better taste. The way Luckies are made is important to better taste, too. They are made better! Made to draw freely. Made to smoke evenly. Made to taste better. Yes, from the buying of the tobacco -- to the sealing of the pack -- every single step in the manufacture of Luckies is done with one thought in mind: to make them taste better than any other cigarette. There are many millions of smokers all over the country who will tell you that Luckies taste better. So why don't you step up your smoking enjoyment ... by asking for Lucky Strike -- the cigarette that does taste better! Cleaner, Fresher, Smoother!

ANNCR: Friends, when you buy a pack of Luckies ... when you unravel the red cellophane tab and take out a cigarette and light up -- well, you'll be enjoying a cigarette that tastes as fresh as the day it was made. That's because every pack of Luckies is extra tightly sealed to keep in the freshness the better taste ... that has made Luckies so popular with millions of smokers. You see, the makers of Luckies know, just as you do, that smoking enjoyment is all a matter of taste. That's why they do everything humanly possible to keep Luckies better tasting. That's why fine tobacco goes into every Lucky Strike. LS/MFT -- Lucky Strike means fine tobacco. Fine, light, naturally mild tobacco. And Luckies taste better because they are made better -- made round and firm and fully packed -- to draw freely - to smoke evenly. So, for a better-tasting, fresher-tasting cigarette -- Be Happy -- Go Lucky ... make your next carton Lucky Strike.

COY: And, now suppose we make your next SONG...the one that was Number SEVEN on the Survey -- a "newcomer" ...It's called simply "Woman"...Listen to Johnny Desmond sing it...

BETTER TASTE (MOISTURE) #117

ANNCR: When you buy a pack of cigarettes, are you sure they're going to be really fresh? You can be if your cigarette is Lucky Strike. And one big reason why -- is the carefully controlled moisture content of Luckies' fine tobacco. The makers of Luckies know that if the tobacco is too moist -- your cigarette will burn too slowly -- or if it's not moist enough - will taste dry. So, Luckies' moisture content is constantly checked during every step of their manufacture. That's important, friends, because smoking enjoyment is all a matter of taste. And the fact of the matter is -- Luckies taste better. Cleaner, fresher, smoother. Why? First of all, because they're made of fine, naturally mild, good-tasting tobacco. Who doesn't know that -- LS/MFT, Lucky Strike means fine tobacco. And then, Luckies are made better to taste better. So friends, if you want your next cigarette -- and everyone after it --- to taste better -- Be Happy -- Go Lucky -- ask for a carton of better-tasting -- Lucky Strike.

COLLINS: This is Dorothy Collins. Hi everybody..Y'know,
smoking enjoyment is all a matter of taste. And
friends, the fact of the matter is Luckies taste better.
One important reason for this is --LS/MFT. Lucky
Strike means fine tobacco -- fine, naturally mild,
good-tasting tobacco. And second, Luckies are made
better. They're made round, and firm and fully packed
to draw freely and smoke evenly. Golly, that's the
whole thing in a nut shell. Truly fine tobacco--
in a better-made cigarette.
That's the whole Lucky Strike story. That's why you
can be sure...sure every time you open a pack of
Luckies...that you'll enjoy a better-tasting smoke.
For smoking enjoyment is all a matter of taste. And
the fact of the matter is Luckies taste better --
they're cleaner, fresher, smoother. Pick up a pack or
two next time you buy cigarettes. Be Happy -- Go
Lucky. You'll agree -- Luckies taste better.

(MUSIC: _ _ GET HAPPY (GARLAND)... TO FINISH _)

BETTER TASTE-STRAIGHT COLLINS # 6

COLLINS: This is Dorothy Collins. Hi everybody. Y'know, smoking enjoyment is all a matter of taste. And friends, the fact of the matter is Luckies taste better! One important reason for this is -- LS/MFT, Lucky Strike means fine tobacco. --- fine, naturally mild, good-tasting tobacco. And second, Luckies are made better. They're made round, and firm and fully packed to draw freely and smoke evenly. Golly, that's the whole thing in a nut shell. Truly fine tobacco -- in a better made cigarette. That's the whole Lucky Strike story. That's why you can be sure...sure every time you open a pack of Luckies...that you'll enjoy a better-tasting smoke. For smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better --- they're cleaner, fresher, smoother! Pick up a pack or two next time you buy cigarettes. Be Happy -- Go Lucky. You'll agree -- Luckies taste better!

(MUSIC: _ _ _GET HAPPY (GARLAND), TO FINISH)

COY: "Get Happy"...a little song written back in 1930...and it finally made the "soundtrack" of a movie in 1950... "Summer Stock" was the name of the picture, and that was the star herself singing the song...Yes, Judy Garland...Now...why don't YOU "get happy"...Light up a Lucky...and we'll listen to one of the many songs that Jummy McHugh wrote...this one's been around for a long time and now it's been included in the score for the movie version of "The Caine Mutiny"-- The Ames Brothers sing..."I Can't Believe that You're In Love With Me...

(MUSIC: _ _ _I CAN'T BELIEVE THAT YOU'RE IN LOVE WITH ME(AMES BR.)_)

Here she is -- Miss Alice Bauer.

ALICE BAUER: You know something. I like to play golf. I've played golf for so many years. I've played amateur golf at first and now I'm playing professional golf. And I do like professional golf much better, it, I don't know, has more competition in it and you really have to play a much better game of golf. I guess that's all a matter of taste though, and after a hard day out on the golf course and really hard competition, I like to come in and sit down and relax and light up a Lucky. I guess that's a matter of taste too. But to me Luckies taste better.

LOCAL ANNCR: Thanks, Alice Bauer. Friends, smoking enjoyment is

THEME recorded by outstanding artists of the day.... yes...
OUT) tonight it's a program of "history" and "hits"... and in
1949 ... the MIDWEST was making "history" with.. of all
things... TORNADOES..290 of them were recorded that year...
the largest number ever... and the midwest was making
"musical" history too... There was a song about KANSAS
called "Sunflower"... and you heard it on Your Hit Parade
February 26th, 1949... It went like THIS...

(MUSIC: SUNFLOWER (McKINLEY)..

D.J.: That was Jean Friley and Ray McKinley with a "serenade"
to "Sunflower"... from 1949... but let's go back even further
into history... say, 1938... that was the year "Wrong-way
Corrigan" set out from New York for San Francisco and wound
up in IRELAND.. but, "flying" the RIGHT way that year was a
bit of "movie" music titled "You're A Sweetheart" and it
"landed" on Your Hit Parade on the FIRST day of the YEAR...
January 1st... Here's Lisa Kirk to sing it....

(MUSIC: -- YOU'RE A SWEETHEART (KIRK)..)

D.J.: "You're a Sweetheart"..and that was the voice of Lisa Kirk. Movie music that "made the grade" and was heard on Your Hit Parade in 1938..and a few years "later"...in 1940...a group of youngsters who knew nothing but TOP grades was astounding radio audiences with their mental ability... The "Quiz Kids", I mean...but even though "accuracy" was in vogue for them...YOU seemed to like this song that was on Your Hit Parade of February 24th that year...Eddy Howard sings..."Careless"...

(MUSIC: -- CARELESS (HOWARD)..)

D.J.: Eddy Howard singing "Careless"...a song of YESTERDAY..but here's a little song of TODAY..and here's The Sweetheart of Lucky Strike to SING it...

ONE MINUTE COMMERCIAL:

LOCAL ANNCR: Remember the winner of the \$25,000 Tam O'Shanter golf
(LIVE) tournament, Lew Worsham? Here he is to get a word in
wedge-wise!

LEW WORSHAM: Hello, folks. The club that I have in my hand is a
(SOUND TRACK) Double Service Wedge. You'll remember that I've made
one of the most lucrative shots that I have ever made
with this club. During the Tam O'Shanter Tournament, I
used this club at the last hole. From a hundred and
fifteen or twenty yards away, and made one of the Lucky
shots of my whole life. Other golfers might have
chosen an eight or a nine iron to play this shot. To
me, the wedge has been one of my favorites. On that
day, that was a lucky choice. And when it comes to
cigarettes, my choice...Luckies..they taste better.

LOCAL ANNCR: Lew Worsham is right. Smoking enjoyment is all a matter
of taste. And the fact of the matter is -- Luckies
taste better. Because Lucky Strike means fine tobacco
and Luckies are made better. So ... Be Happy - Go
Lucky! Ask for a carton of Lucky Strike.

COLLINS: Yes friends, Luckies better taste is the big reason why so many people are switching to Lucky Strike. Sure, everybody knows that smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better -- cleaner, fresher, smoother. Know why? Because Luckies are made with fine naturally mild good-tasting tobacco. And then, Luckies are made better to taste better -- made round and firm and fully packed to draw freely and smoke evenly. It's just as plain as day that fine tobacco in a better made cigarette is going to give you a better tasting smoke. Ask for Lucky Strike the next time you buy cigarettes -- will you do that? C'mon, Be Happy - Go Lucky.

Some of my friends tell me that in my new book

Actually, I was hard on smokers. At least,

You know, the man next to you at the dinner
table who holds his cigarette so that smoke
drifts into your eyes. I like considerate
smokers. For instance, I like to know that my

of cigarette ... Lucky Strike. In smoking,

ANNCR: It almost goes without saying, friends: one reason you smoke is for enjoyment. And that enjoyment comes from the taste of your cigarette. That's right, smoking enjoyment is all a matter of taste. And the fact of the matter is -- Luckies taste better. Cleaner, Fresher, Smoother. And why not? Better taste starts with fine tobacco and LS/MFT. Lucky Strike means fine tobacco. Fine, naturally mild, good-tasting tobacco. And then, Luckies are made to taste better. Carefully made with a constant check on quality during every step in their manufacture. That's why you can be sure that every Lucky you light is round and firm and fully packed to draw freely, smoke evenly and naturally taste better. So, remember, friends, when you're looking for smoking enjoyment, the sure way to find it is to reach for a Lucky! Because smoking enjoyment is all a matter of taste. And the fact is -- Luckies taste better. Cleaner, Fresher, Smoother. So, try a carton of Lucky Strike.

Some of my friends tell me that in my new book

Actually, I was hard on smokers. At least,
some smokers. I dislike thoughtless smokers.
You know, the man next to you at the dinner
table who holds his cigarette so that smoke
drifts into your eyes. I like considerate
smokers. For instance, I like to know that my

ANNOUNCER:

As anyone who smokes will tell you, friends,
smoking enjoyment is all a matter of taste.
And the fact of the matter is - Luckies
taste better. Cleaner, Fresher, Smoother.
It's only natural that they should. First
of all, they're made of fine, mild, good
tasting tobacco. "IS/MFT, Lucky Strike
means fine tobacco". And then, Luckies
are made better to taste better - - carefully
made with hundreds of quality controls.
For example, the makers of Luckies keep
a sharp eye on the moisture content of
Luckies' fine tobacco. Why? Because they
know that if the tobacco is too moist --
your cigarette will burn too slowly --
or if it's not moist enough, it will taste
dry. So, Luckies' moisture content is
constantly checked to make sure that

That's just what you get when you open a pack of Luckies. It stands to reason that better taste in a cigarette must start with the tobacco, and LS/MFT -- Lucky Strike means fine tobacco. Light, naturally mild, good-tasting tobacco. Then, Luckies are actually made better -- made to taste better. Now, why are Luckies fresher-tasting? Because of the cellophane seal on each pack. Yes, every pack of Luckies is extra tightly sealed -- so that you get Luckies! better taste in all its natural freshness. There's no doubt that smoking enjoyment is all a matter of taste. ANNCR: You know, friends, like so many of the best things in life, smoking enjoyment is all a matter of taste. And as many millions of smokers have discovered for themselves, the fact of the matter is Luckies taste better. Cleaner, Fresher, Smoother. Sure they do -- for two mighty good reasons. The first one is that Luckies are made of fine, naturally mild, good-tasting tobacco. Practically the whole world knows -- LS/MFT, Lucky Strike means fine tobacco. And then, Luckies are made better to taste better. Put the two together -- fine tobacco in a better made cigarette -- and you just naturally get better taste! So, friends, why don't you and Luckies get together real soon? Be Happy -- Go Lucky. Go out and buy a carton. You'll find out -- Luckies honestly do taste better

ANNCR: As anyone who smokes will tell you, friends, smoking
enjoyment is all a matter of taste. And the fact of the
matter is - Luckies taste better. Cleaner, fresher, smoother.
It's only natural that they should. First of all, they're
made of fine, mild, good tasting tobacco. "LS/MFT, Lucky
Strike means fine tobacco." And then, Luckies are made
better to taste better -- carefully made with hundreds of
quality controls. For example, the makers of Luckies keep
a sharp eye on the moisture content of Luckies' fine
tobacco. Why? Because they know that if the tobacco is
too moist -- your cigarette will burn too slowly -- or if
it's not moist enough, it will taste dry. So, Luckies'
moisture content is constantly checked to make sure that
every Lucky you light will draw freely, smoke evenly and
naturally taste better. So, friends, Be Happy - Go Lucky ..

LOCAL
ANNOUNCER:
(LIVE)

Here's the voice of pultzer-prize-winning
cartoonist, Rube Goldberg!

RUBE
GOLDBERG:
(SOUND
TRACK)

Hi folks. I've learned that what some people
think is funny, others don't think is so hot.
It's all a matter of taste. And taste applies
to a lot of things including cigarettes. To
me, Luckies taste better, and taste is what
I'm looking for and I always find it when
I smoke a Lucky. Now when I buy my Luckies,
if you'd pardon this terrible pun, I buy 'em
by the cartoon.

LOCAL
ANNOUNCER:
(LIVE)

Thanks, Rube Goldberg. Smoking enjoyment is
all a matter of taste. And the fact of the
matter is -- Luckies taste better. Cleaner,
fresher, smoother. Luckies come by their better
taste for two reasons. First, they're made
of fine tobacco. The whole world knows --
LS/MFT -- Lucky Strike means fine tobacco.
Then -- Luckies are actually made better to
taste better. So, Be Happy -- Go Lucky -- buy
a carton.

ANNOUNCER: There are three words that pretty well sum up why millions of smokers prefer Lucky Strike. Those three words are, "Luckies taste better". "Taste" that's the key to complete smoking enjoyment. For, smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better. Cleaner, fresher, smoother. Here's why. First, LS/MFT, Lucky Strike means fine tobacco, naturally mild, good-tasting tobacco. Second, Luckies are made better to taste better. You can see for yourself they're round, firm, and fully-packed, to draw freely and smoke evenly. You'll get more enjoyment from smoking if you remember, smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better. Be Happy - Go Lucky. Get better taste. Next time ask for Lucky Strike.

COLLINS: Hello, I'm Dorothy Collins. If you've ever given any thought to just why you smoke cigarettes, I'll bet you came up with the same reason most everybody else gives. You smoke for enjoyment -- sure you do. And smoking enjoyment is all a matter of taste. Well, the fact of the matter is Luckies taste better. Luckies taste better because -- well, "LS/MPT" says it pretty well. Lucky Strike means fine tobacco. And then you have the fact that Luckies are made better -- that means a lot to the taste of a cigarette, too. Really, it's all very simple. Fine tobacco in a better made cigarette adds up to a better tasting smoke for you. Yes --

Yes, I guess you could say our "mood" tonight is a bit of a forecast of "things to come" what with St. Patrick's Day due next Wednesday...And some of the music you'll be hearing on that "great day" is this melody that Dinah Shore sings now...Light up a Lucky and listen to "The Kerry Dance"...

ANNCR: Have you smoked a fresh cigarette lately? You have if you've smoked a Lucky, because the makers of Lucky Strike know how important freshness is to the taste of a cigarette. That's why every day at the plants where Luckies are made hundreds of packs are carefully tested for the tightness of their cellophane seal ... so you'll get Luckies' better taste in all its natural freshness. Yes, smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better. Cleaner, fresher, smoother. Here's why. First - fine, naturally mild, good-tasting tobacco goes into Lucky Strike. Then, Luckies are made better - made round, firm, fully packed to draw freely and smoke evenly. So for a better-tasting, fresher tasting cigarette, next time ask for a carton of Lucky Strike.

2/18/54 REVISED

LOCAL
ANNCR:

Not long ago, Bill Corum, famous sports columnist and President of Churchill Downs, summed up the whole story behind the popularity of Lucky Strike cigarettes -- summed it up with a few mighty sound words. Here's what he said: "I smoke Luckies because they give me the enjoyment I like and they taste better than any other cigarette to me. End of quote. Luckies give him the enjoyment he wants from his cigarette because they taste better. It's as simple as that. No matter how you look at it -- smoking enjoyment is all a matter of taste. And the fact of the matter is ... Luckies taste better. Cleaner, fresher, smoother. It's easy to see why: First -- and who doesn't know this - LS/MFT -- Lucky Strike means fine tobacco. And second, Luckies are made better - made to draw freely, smoke evenly. Made to taste better. Yes, friends, the famous Lucky bullseye is your guide to better taste. So, Be Happy - Go Lucky ... with a carton of better-tasting Lucky Strike.

D.J. And now...let's move along with Your Happy Go Lucky Tunes
... country fashion ... and this next little hill-side
"gem" really jumps, so get set to tap your toes...and, even
though it seems we just got here time does have a habit
of catching up with one...so Pee Wee King and the Band

meaning..."Why Don't Y' All Go Home"...

TESTIMONIAL QUOTE #301 (BILL CORUM)

LOCAL ANNCR: Not long ago, Bill Corum famous sports columnist and President of Churchill Downs summed up the whole story behind the popularity of Lucky Strike cigarettes -- summed it up with a few mighty sound words. Here's what he said: "I smoke Luckies because they give me the enjoyment I like and they taste better than any other cigarette to me." End of quote. Luckies give him the enjoyment he wants from his cigarette because they taste better. It's as simple as that. No matter how you look at it -- smoking enjoyment is all a matter of taste. And the fact of the matter is...Luckies taste better. Cleaner, fresher, smoother. It's easy to see why: First -- and who doesn't know this -- LS/MFT -- Lucky Strike means fine tobacco. And second, Luckies are made better -- made to draw freely, smoke evenly. Made to taste better. Yes, friends, the famous Lucky bullseye is your guide to better taste. So, Be Happy -- Go Lucky...with a carton of better-tasting Lucky Strike.

ANNCR: When you buy a pack of cigarettes, are you sure they're going to be really fresh? You can be if your cigarette is Lucky Strike. And one big reason why -- is the carefully controlled moisture content of Luckies' fine tobacco. The makers of Luckies know that if the tobacco is too moist -- your cigarette will burn too slowly -- or if it's not moist enough -- will taste dry. So, Luckies' moisture content is constantly checked during every step of their manufacture. That's important, friends, because smoking enjoyment is all a matter of taste. And the fact of the matter is - Luckies taste better. Cleaner, Fresher, Smoother, Why? First of all, because they're made of fine, naturally mild, good-tasting tobacco. ANNCR: Better taste. That's something that has made many millions of friends for Lucky Strike cigarettes. Now why does every Lucky taste better? Well, for two excellent reasons. First, Luckies taste better because they are made with fine tobacco. Tobacco that is so fine, so light, so mild - that is just naturally has to give you better taste. The way Luckies are made is important to better taste, too. They are made better! Made to draw freely. Made to smoke evenly. Made to taste better. Yes, from the buying of the tobacco -- to the sealing of the pack -- every single step in the manufacture of Luckies is done with one thought in mind: to make them taste better than any other cigarette. There are many millions of smokers all over the country who will tell you that Luckies taste better. However, on the list of things I liked, they said I

REVISED 1/15/54

ANNCR: There are "three words" that pretty well sum up why millions of smokers prefer Lucky Strike. Those three words are, "Luckies taste better." "Taste" that's the key to complete smoking enjoyment. For, smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better. Cleaner, fresher, smoother. Here's why. First, LS/MFT, Lucky Strike means fine tobacco, naturally mild, good-tasting tobacco. Second, Luckies are made better to taste better. You can see for yourself they're round, firm, and fully-packed, to draw freely and smoke evenly. You'll get more enjoyment from smoking if you remember, smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better. Be Happy - Go Lucky. Get better taste. Next time ask for Lucky Strike.

ANNCR: Friends, think back for just a minute to that last cigarette you smoked. Wasn't the taste of that cigarette the thing that you really enjoyed? Of course it was. Smoking enjoyment is all a matter of taste. And many millions of smokers will tell you that Luckies taste better. Cleaner, Fresher, Smoother. One reason is fine tobacco. You know LS/MFT --- Lucky Strike means fine tobacco. Tobacco that is light, naturally mild, good-tasting. And another, Luckies are made better. Made to draw freely. Made to smoke evenly. Made to give you what you want from your cigarette. Better taste! So, for all the real deep-down smoking enjoyment you want, ask for the cigarette that definitely does taste better. Lucky Strike. Get a carton -- and Be Happy - Go Lucky!

ANNCR: As anyone who smokes will tell you, friends, smoking enjoyment is all a matter of taste. And the fact of the matter is - Luckies taste better. Cleaner, fresher, smoother. It's only natural that they should. First of all, they're made of fine, mild, good tasting tobacco. "LS/MPT, Lucky Strike means fine tobacco." And then, Luckies are made better to taste better -- carefully made with hundreds of quality controls. For example, the makers of Luckies keep a sharp eye on the moisture content of Luckies' fine tobacco. Why? Because they know that if the tobacco is too moist -- your cigarette will burn too slowly -- or if it's not moist enough, it will taste dry. So, Luckies' moisture content is constantly checked to make sure that every Lucky you light will draw freely, smoke evenly and naturally taste better. So friends, Be Happy - Go Lucky...make your very next carton -- Lucky Strike.

VICTORIA: You're right Millicent...When your child is born -- it should come first.

MILLICENT: Victoria, we can't say that to him in those terms.....as a matter of fact when Anthony broached the subject to me I was very agreeable to Ellen Browns' little beasts being in his will...however....I assure you I don't mean it....I assure you too that I would fight the thing in every court available ----

VICTORIA: I think Ellen has been very unsympathetic to Anthony --- I think.....

ANNOUNCER:

Friends, when you buy a pack of Luckies ...
when you unravel the red cellophane tab
and take out a cigarette and light up --
well, you'll be enjoying a cigarette that
tastes as fresh as the day it was made.
That's because every pack of Luckies is
extra tightly sealed to keep in the
freshness ... the better taste ... that
has made Luckies so popular with millions
of smokers. You see, the makers of Luckies
know, just as you do, that smoking enjoyment
is all a matter of taste. That's why they
do everything humanly possible to keep
Luckies better tasting. That's why fine
tobacco goes into every Lucky Strike.
LS/MFT -- Lucky Strike means fine tobacco.
Fine, light, naturally mild tobacco. And
Luckies taste better because they are
made better -- made round and firm and
fully packed -- to draw freely -- to smoke
evenly. So, for a better-tasting, fresher-
tasting cigarette -- Be Happy -- Go Lucky

(THEME OUT) songs that BELONG to America.... and, like we've said before...you'll find that most of these songs tell a story...a story of days gone by....like that first one that describes an Indian...a "wooden" Indian named "Kaw-Liga"....who fell in "love" and the story goes like this.....

(MUSIC: _ _ _ _ _ KAW-LIGA (WILLIAMS))

COY: So goes the story of "Kaw-Liga"..and that was Hank Williams with his guitar TELLING the story...And now here's Mary Rose Bruce with a kind of a "love song" "Said the Little Moment"...Well, the "little moment" is LOVE....and it warns "don't let it pass you by" which is pretty good advice, so here it is.....

ANNCR: Friends, think back for just a minute to the last cigarette you smoked. Wasn't the taste of that cigarette the thing that you really enjoyed? Of course it was. Smoking enjoyment is all a matter of taste. And many millions of smokers will tell you that Luckies taste better. Cleaner, Fresher, Smoother. One reason is fine tobacco. You know LS/MFT -- Lucky Strike means fine tobacco. Tobacco that is light naturally mild, good-tasting. And another, Luckies are made better. Made to draw freely. Made to smoke evenly. Made to give you what you want from your cigarette. Better taste! So, for all the real deep-down smoking enjoyment you want, ask for the cigarette that definitely does taste better. Lucky Strike. Get a carton -- and Be Happy -- Go Lucky.

"THAT'S How I need You"...

ANNCR: As anyone who smokes will tell you, friends, smoking enjoyment is all a matter of taste. And the fact of the matter is - Luckies taste better. Cleaner, fresher, smoother. It's only natural that they should. First of all, they're made of fine, mild, good-tasting tobacco. "LS/MFT, Lucky Strike means fine tobacco." And then, Luckies are made better to taste better -- carefully made with hundreds of quality controls. For example, the makers of Luckies keep a sharp eye on the moisture content of Luckies' fine tobacco. Why? Because they know that if the tobacco is too moist -- your cigarette will burn too slowly. -- or if it's not moist enough, it will taste dry. So, Luckies' moisture content is constantly checked to make sure that every Lucky you light will draw freely, smoke evenly, and naturally taste better. COLLINS: Hi friends. This is Dorothy Collins. I'd like to take a minute of your time to talk about taste. Isn't it true that you enjoy a good, say, steak dinner because of the way it tastes? Well, I think the same goes for a cigarette. You like it because of the way it tastes. Really friends, smoking enjoyment is all a matter of taste. And, the fact of the matter is Luckies taste better!

Here's why this is true. First -- LS/MFT -- Lucky Strike means fine tobacco -- naturally mild, good-tasting tobacco. And second, Luckies are made better to taste better. Made round, and firm and fully packed. Made to draw freely and smoke evenly when you light one up. Think of it, fine tobacco in a truly better-made cigarette. Don't you think a cigarette like that will bring you all the smoking enjoyment you could possibly want? Try a carton of Luckies soon. You'll see that smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better. So, you Be Happy -- Go Lucky!

ANNCR: Better taste. That's something that has made many millions of friends for Lucky Strike cigarettes. Now why does every Lucky taste better? Well, for two excellent reasons. First, Luckies taste better because they are made with fine tobacco. Tobacco that is so fine, so light, so mild - that it just naturally has to give you better taste. The way Luckies are made is important to better taste, too. They are made better! Made to draw freely. Made to smoke evenly. Made to taste better. Yes, from the buying of the tobacco -- to the sealing of the pack -- every single step in the manufacture of Luckies is done with one thought in mind: to make them taste better than any other cigarette. There are many millions of smokers all over the country who will tell you that Luckies taste better. So why don't you step up your smoking enjoyment ... by asking for Lucky Strike -- the cigarette that does taste better! Cleaner, Fresher, Smoother!

Some of my friends tell me that in my new book
on etiquette, I was a little hard on smoking.
Actually, I was hard on smokers. At least,
some smokers. I dislike thoughtless smokers.
You know, the man next to you at the dinner
table who holds his cigarette so that smoke
drifts into your eyes. I like considerate
smokers. For instance, I like to know that my
husband is considerate enough to carry my brand
of cigarette ... Lucky Strike. In smoking,
as in etiquette, it is after all, all a matter
of taste. I want a cigarette that tastes better
than any other. That's Lucky Strike.

COLLINS: This is Dorothy Collins. Hi everybody, Y'know, smoking enjoyment is all a matter of taste. And friends, the fact of the matter is Luckies taste better!

One important reason for this is -- LS/MPT, Lucky Strike means fine tobacco -- fine naturally mild, good-tasting tobacco. And second, Luckies are made better. They're made round and firm and fully packed to draw freely and smoke evenly. Golly, that's the whole thing in a nut shell. Truly fine tobacco -- in a better-made cigarette. That's the whole Lucky Strike story. That's why you can be sure ... sure every time you open a pack of Luckies ... that you'll enjoy a better-tasting smoke. For smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better -- they're cleaner, fresher, smoother! Pick up a pack or two next time you buy cigarettes. Be Happy -- Go Lucky. You'll agree -- Luckies taste better!

COY: Yes, friends...you WILL agree...Luckies DO taste BETTER...
(Pause) And now...back to the music of Your Hit Parade....

arrangement of Survey Song Number FIVE...Now...suppose you

ANNOUNCER:

When you buy a pack of cigarettes, are you sure they're going to be really fresh? You can be if your cigarette is Lucky Strike. And one big reason why -- is the carefully controlled moisture content of Luckies' fine tobacco. The makers of Luckies know that if the tobacco is too moist -- your cigarette will burn too slowly -- or if it's not moist enough -- will taste dry. So, Luckies' moisture content is constantly checked during every step of their manufacture. That's important, friends, because smoking enjoyment is all a matter of taste. And the fact of the matter is - Luckies taste better. Cleaner, Fresher, Smoother. Why? First of all, because they're made of fine, naturally mild, good-tasting tobacco. ANNOUNCER:

When you buy a pack of cigarettes, are you sure they're going to be really fresh? You can be if your cigarette is Lucky Strike. And one big reason why -- is the carefully controlled moisture content of Luckies' fine tobacco. The makers of Luckies know that if the tobacco is too moist -- your cigarette will burn too slowly -- or if it's not moist enough -- will taste dry. So, Luckies' moisture content is constantly checked during every step of their manufacture. That's important, friends, because smoking enjoyment is all a matter of taste. And the fact of the matter is - Luckies taste better. Cleaner, Fresher, Smoother. Why? First of all, because they're made of fine, naturally mild, good-tasting tobacco. Who doesn't know that -- LS/MFT, Lucky Strike means fine tobacco. And then, Luckies are made better to taste better. So, friends, if you want your next cigarette -- and everyone after it -- to taste better -- Be Happy - Go Lucky -- ask for a carton of better tasting - Lucky Strike.

COLLINS: Hi, friends. This is Dorothy Collins. Y'know, I'll bet that if someone asked you why you smoked ... what it was, exactly, you liked about a cigarette ... I'll bet the important word in your answer would be "taste". Because, gee, isn't good "taste" what everybody wants in a cigarette?

Smoking enjoyment is all a matter of taste. And the fact of the matter is Luckies taste better!

And there are two good reasons why that's true. In the first place, LS/MFT -- Lucky Strike means fine tobacco ... naturally mild, good-tasting tobacco. And second, Luckies are made better to taste better. Made round, and firm and fully-packed to draw freely and to smoke evenly. And that, friends, is the whole story. That's exactly why Luckies taste better. Because Luckies are made with fine tobacco ... and because they're made better. Why don't you try a carton soon. Be Happy -- Go Lucky. How 'bout it?

LOCAL ANNCR: Introducing America's comic poet-laureate, Ogden Nash!
(LIVE)
OGDEN NASH Somebody once went through my poems and made a list
(SOUND TRACK) of the things I dislike. It's a pretty long list too.
However, on the list of things I liked, they said I
liked good eating. Of course I like good eating. I
like good anything. Good fun, good smoking.
Naturally, I smoke Luckies. To put it poetically:

I hope I'm not a crank, but I've got one foible,
I don't enjoy anything unless it's enjoyable.
I'm pernickety about what I like
And for thirty years I've smoked Lucky Strike.

LOCAL ANNCR: Thanks, Ogden Nash. There's more truth to that than
(LIVE) poetry! Smoking enjoyment is all a matter of taste.
And the fact of the matter is -- Luckies taste better...
cleaner, fresher, smoother. For two good reasons.
First LS/MFT -- Lucky Strike means fine tobacco and
fine tobacco means better taste. Second, Luckies are

I like the cigarette I smoke
(A statement free from bunk or hoke)
There is no reason for it, brother,
Except I don't like any other!

That's straight from the typewriter of H.I. Phillips - the noted syndicated columnist. It's part of a statement that Mr. Phillips made regarding the cigarette he smokes - Lucky Strike. In another part of the statement he said -- "Long ago I found Luckies had the taste that suited me and I've stuck to them through the years. I smoke Lucky Strike for enjoyment and relaxation." End of quote.

Yes, indeed, the word - enjoyment - that's the main thing you smoke for. Well, smoking enjoyment is all a matter of taste. And the fact of the matter is.... Luckies taste better. They just have to because they're made of fine tobacco and they're made better. For quite some time now we've been asking smokers to Be Happy - Go Lucky. If you haven't tried Luckies why not take care of that next time you buy cigarettes. Believe me, Luckies do taste better.

some of the "history" gone by...and what was some of the

(MUSIC: - THE WAY YOU LOOK TONIGHT...)(GOODMAN)

D.J.: Yes, music by Benny Goodman...back when Peggy Lee was
singing with that great band..."The Way You Look Tonight"
...a big song from 1936... Now...moving up through the

it marked the "end of an era"..Yes it was "farewell" to the
5 cent subway ride..fares went up to 10 cents..and on Your
Hit Parade of February 7, 1948..they were singing a song of
"farewell". Here's Gracie Field's to sing.."Now is the Hour".

ANNOUNCER:

It almost goes without saying, friends:
one reason you smoke is for enjoyment. And
that enjoyment comes from the taste of your
cigarette. That's right, smoking enjoyment
is all a matter of taste. And the fact of
the matter is -- Luckies taste better.
Cleaner, Fresher, Smoother. And why not?
Better taste starts with fine tobacco and
LS/MFT. Lucky Strike means fine tobacco.
Fine, naturally mild, good-tasting tobacco.
And then, Luckies are made to taste better.
Carefully made with a constant check on
quality during every step in their
manufacture. That's why you can be sure
that every Lucky you light is round and firm
and fully packed to draw freely, smoke
evenly and naturally taste better. So,
remember, friends, when you're looking for
smoking enjoyment, the sure way to find it
is to reach for a Lucky! Because smoking
enjoyment is all a matter of taste. And
the fact is -- Luckies taste better. Cleaner,
Fresher, Smoother. So, try a carton of
Lucky Strike.
