## a bit of Disc and Data

The close harmony of the ever-popular Ames Brothers is heard in a new album with the timely title of **Destination Moon**. Some highly imaginative arrangements and orchestral backing are provided by Sid Ramin and the vocal solos are handled by Ed Ames.

Repertoire includes such appropriate songs as "It's Only A Paper Moon," "Moonglow," "East of the Sun," "Count Every Star," "Beyond the Blue Horizon" and the title tune, "Destination Moon." It is no secret that the talented Ames have been in the right musical orbit for years, and here in their latest record offering they are still the finest in vocal quartets.

The Melachirino Orchestra under the direction of George Melachirino has recorded two new albums of music from different lands. The first, **Lisbon At Twilight**, features the music of Portugal and, specifically, the "fado"—nostalgic little ballads telling of death, disappointment and general heart-break. It's what you might call soap opera music.

To insure authenticity to his album, Melachirino had the Portuguese guitar virtuoso, Raul Nery, fly to London to sit in on the recording sessions.

Skitch Henderson has given a humorous, yet respectful, treatment to the classics in **Pop Goes The Concert**. With his especially-assembled Orchestre he says he has tried to offer "a kind of after-dinner musicale at which everyone feels relaxed and nobody takes his music or himself too seriously."

His light approach is reflected in many of the names he has given to his versions of the classics: "Minuet On The Rocks" (Paderewski's "Minuet"), "Humus, Humor, Humoreske" (Dvorak's "Humoresque"), "I Remember Chopin" (Chopin's "E-Flat Nocturne"), "Brahms for the Cradle-Set" (Brahm's "Lullaby") and other equally informal re-titled works.

## EXACT REPLICA

# Army Grenade

(AS USED IN HAND COMBAT)

Yes, this is your chance to be the first in your neighborhood to have this realistic "weapon". It's an exact replica of the one used by the army and our marines in fierce hand-to-hand combat, to wipe out machine-gun nests, demolish trenches, "get" concealed snipers, defend against massed attack.

Just cock the firing mechanism, load the cap and you're ready! Imagine — you're a marine creeping up on that machine-gun nest, your grenade is in your hand. You creep close, low. Now you're in range, you pull the safety pin with your teeth and throw! Bull's eye, right into the nest. Blast! The machine gun flies out broken. Now silence. Your buddies cheer — the advance starts up again!

This grenade explodes 4 seconds after pulling pin as it strikes ground. Can't break. Heavy gauge steel firing mechanism. Uses standard caps. Can be exploded over and over. Comes complete with throwing instructions. (Parents: This toy grenade is completely harmless!) Clip ad, write your name and address clearly in margin and send it with \$1.00 plus 25¢ shipping charge — cash, check or money order to —
