# A LETTER FROM JERRY

Hi Fans,

I thought maybe you'd like to know one of Hollywood's popular barber shops put a new sign in the window a couple of weeks ago: "Give your little son his first haircut immediately—or he may grow up to be a Beatle!"

That's what I call original thinking. But how about this help-wanted ad in the *San Jose News*: "Cowgirl to watch three little Indians. Bunk, grub and wampum. Permanent."

My newest movie, "The Patsy," is beginning to be shown around the country. Bill Richmond and I wrote the picture, which includes George Raft, Keenan Wynn, Ina Balin, Phil Foster, John Carradine, and Buddy Lester. I hope you have as much fun watching it as we did making it.

Talk about coincidences, or hitting the nail on the noggin: I read in the papers that one of CBS-TV's new network shows next season will be a comedy series called "The Munsters." And who do you think the Munsters family will be? They'll look like such famous movie monsters as Frankenstein and Dracula. Sound familiar? Sure, if you read "Scared Silly" in last month's *Adventures of JERRY LEWIS!*

Speaking of television, I'm reminded of something. With all the medical shows on the air, wouldn't it be fair for Blue Cross to pay the repair bills on the set?

Some of you wrote to ask which syndicated strips Bob Oksner illustrated before he began to push my profile around on paper. They were "I Love Lucy" for King Features and "Miss Cairo Jones" for Bell Syndicate. And what about his three daughters inheriting his talent? Well, Rebecca is studying physical therapy at Ithaca College; Peggy hopes to be a ballet dancer, but eight-year old little Amy seems to have her Pop's cleverness at cartooning.

Mention of credit for these comic stories reminds me I should say something about Arnold Drake, who creates the scripts. A nice chap! He used to write radio and TV material

for Milton Berle, Frankie Lane, "Slapsie Maxie" Rosenbloom, and Xavier Cugat. He writes and produces his own movies when he isn't turning out comics for other DC magazines, and why not? He comes from a talented family. His brothers Milton and Ervin composed such hits as "I Believe," "Mairzy Doates," "Tico-Tico" and "Perdido," and Ervin did the words and music for the Broadway musical, "What Makes Sammy Run."

The boating season is in full swing, so I'm reminded of a story about that old-time comedian Bert Wheeler, who had a narrow escape when his sail boat capsized one night a few years ago. Bert swam to a buoy, where he clung for his life while a passing boat played its searchlight on him until help arrived. One of his friends who was aboard the rescue ship said later: "I never worried about Bert for a minute. I knew he'd never let go and drown while he was in the spotlight!"

So why shouldn't I tell you about a dignified-looking man with a mane of flowing white hair who entered the general food store of a small mid-western city. He arched an eyebrow at the startled clerk and cracked: "I want to buy all your eggs, tomatoes, and overripe fruit!"

"Gee whiskers, you must be going to the Old Opera House," the clerk said, "to see those travelin' actors starring that old ham!"

"I," barked the customer, "am that old ham!"

But speaking of actors, Jimmy Durante used to tell about his uncle who played two instruments at the same time. "With the right side, he played 'Don't Sit Under the Apple Tree,' and with the left side, he played, 'Life Is Just a Bowl of Cherries.' With the middle of his mouth, he blew out the seeds!"

Before I leave, do I have to remind you to take advantage of our big-bargain subscription offer? See the ad in this issue!

And if you have anything to say, let's hear from you. Write me in care of National Periodicals, 575 Lexington Ave., New York 22, N.Y.

# EXCITING ANT FARM

**AS  
SEEN  
ON  
TV!**

## AN ANT'S ENTIRE WORLD! COMPLETE WITH STOCK OF LIVE ANTS!

### WHAT IS AN "ANT FARM"?

The ANT FARM is a clear, unbreakable plastic, escape-proof case, measuring 6" x 9", containing farm buildings, a windmill, silo, trees and barnyard, complete with sandbar and a stand. The ants work down into the soil and use the sandbar for building their hills. The FARM is so constructed that the ants are visible from every angle, both above ground and underground.

### FASCINATING!

A living TV screen. The ants put on a quiet but exciting show that will keep you fascinated for hours.

### EDUCATIONAL!

An education in nature study as well as work and patience.

### WORLD'S TINIEST ENGINEERS!

Ants are actually the world's tiniest construction engineers. They perform feats of stamina that if they were to be duplicated by humans, it would take millions of dollars and hundreds of thousands of tons of equipment to perform the same job that one tiny ant can do. What's more, the ants seem to have a special sense for construction which has actually been studied by human engineers.

### SEE YOUR TINY PETS...

Watch them dig tunnels—see them build rooms—marvel as they erect bridges and move mountains before your very eyes. Ants are the world's tiniest engineers and seeing them plan and construct their intricate highways and subways is fascinating. But they do much more than that! Through the clear plastic walls of your ANT FARM you see the ant soldiers guarding the roads . . . the laborers carrying their loads . . . the supply corps storing away food for the rest of the colony. Yes, the ANT FARM is actually a LIVING TV SCREEN that will keep you interested for hours.

ANTS CANNOT ESCAPE FROM FARM ENCLOSURE!

### EXTRA SPECIAL...

the new GIANT Ant Farm, a big 10" high by 15" wide case which includes a year's supply of Ant Food, Liquid Feeder, Supply of California Sand, "Ant Watcher's Handbook" and "Stock Certificate" for a generous supply of live ants.
