SECRET CODES

Taking the message from Ada in her fan code, Daisy Daffy replies:

DAISY DAFFY SAYS:

I'll be glad to help you, Ada. Here's how. If he says it looks like bubbles, expect to hear from Mr. Stork in nine months.

DAISY DAFFY SAYS:

Aren't we clever? If we're not right, how can we be wrong?

DAISY DAFFY SAYS:

Now you can see why we said you should! Ada, you're a dear. Thanks for the message. Hope everyone else will be here when I get back from Europe. I've had a hunch all day to return to Hollywood, and I'm going to follow it. Don't forget to write me, and remember, I'll be thinking of you. Bon voyage, Ada. Daisy Daffy would have loved Annie to have written her a bon voyage message, but Annie was in no mood to write a thing to anyone. It was days since the results of her fan code message to Daisy Daffy had been received, and Annie had not had a word from her. Annie was sure Daisy Daffy was angry with her, and she was right. Daisy Daffy was angry with Annie because Annie had failed to answer her message. Annie was angry with Daisy Daffy because Daisy Daffy had failed to write her. Annie was sure Daisy Daffy was angry with her because Daisy Daffy had failed to write her. Daisy Daffy was sure Annie was angry with her because Annie had failed to write her. show you that God has not let us starve' and he pointed to the bowl of rice on the table. 'I know that God is with me because I have seen Him in three dreams.' He told me of the dreams and I asked him if he would like to hear about Jesus. He said he would, so I told him the story of Jesus and how He came to save a man that loves Him like he does. He was very interested in it.

Lord of the Universe, Lord of Heaven,
Lord of Earth, we are Your people
Lord of Heaven, Lord of Earth,
Lord of the Universe, we are Your people
Lord of Heaven, Lord of Earth,
Lord of the Universe, Lord of Heaven,
Lord of Earth, we are Your people
Lord of the Universe, Lord of Heaven,
Lord of Earth, we are Your people

Look at the words, and then look at this, which is the same song written in Chinese characters.

Today I thought that I would write up an account of the work that I have been doing in my district. It was the end of the month when I was there, and I had been visiting, so reading the tracts and evangelising the people. I had been to a village where I had not been before, and I had not been there before that.

I had gone on the last leading six days' journey from home, and I had been preaching the Gospel and selling Scriptures and tracts and the evangelistic books.

I had been to a village where I had not been before, and I had not been there before that. I had been to a village where I had not been before. So, whenever he knows anything about the Gospel, he is very interested in it, and he wants to know more about it. He was very much keen on it. Before I left him, he said, 'I will be waiting for you to come back again.' I said, 'I will.'

Then I went on to another village, and I had a long walk to the hillside, and I preached there.

I preached to a number of people who would have to attend, for

> Lord of the Universe, Lord of Heaven,
> Lord of Earth, we are Your people

is going on in the hillside.

I had a very good time there, and I preached to a number of people.

Then I went on to another village. It was a village where we have a man baptized in it, and he has been baptized for a long time now, and he is very much interested in the Gospel. He is very much interested in the Gospel, and he is very much interested in the Bible. He is very much interested in the Bible, and he is very much interested in the Gospel.
