DILL PROPOSES ELIMINATION OF EXAMINERS' DIVISION

Legislation which would abolish the examiners' division of the Federal Radio Commission is being sponsored by Senator C. C. Dill (D.) of Washington.

In the Davis omnibus bill, reported out by the Senate Interstate Commerce Committee, Senator Dill inserted an amendment making it mandatory for at least one of the members of the Federal Radio Commission to be present at hearings. He said the commission never has been given authority to appoint examiners and that it is conducting itself "like a select body, such as the Supreme Court".

Senator Dill believes that the Commissioners should do the work themselves "or else we might as well have one-man rule of radio". He declared he has received several complaints from broadcasters about the "aloofness" of the commissioners during the time they were in Washington for hearings.

There is one chief examiner - Ellis A. Yost, and two assistants-- Elmer W. Pratt and R. H. Hyde, all attorneys. Mr. Yost came to the commission from Huntington, W. Va. where he was United States Attorney upon the establishment of the examiners' division two years ago. Pratt and Hyde were transferred from the Commission's legal division.

LICENSE FEES BILL INTRODUCED

Provisions for collecting fees for the issuance of radio licenses were made in a bill (S. 5201) introduced in the Senate last Friday, December 16, by Senator Dill. This section was stricken from the Davis-White radio bill before it was reported to the Senate because hearings had not been held on this matter.

"I think it highly desirable that radio stations in this country should provide a large part of the cost of regulation by the Government", Senator Dill said. "I hope to have hearings on the bill and have it reported in the very near future".

The text of the bill follows:

"To provide for fees for radio licenses, and other purposes,

"Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

That the Federal Radio Commission shall charge, assess, and cause to be collected the following reasonable fees for the filing of any and all instruments under the provisions of this Act or under the rules and regulations of the commission and for each license or renewal thereof issued by the Commission.

"All such fees shall accompany the respective applications or instruments and shall be deposited to the Treasury of the United States as miscellaneous receipts. The classification of stations referred to herein shall be taken as those now or hereinafter established by regulations of the Federal Radio Commission.

"CONSTRUCTION PERMITS. 1. Filing fee for all applications for construction permits for new stations, or for a frequency or the time allocated to an existing station, or for change of frequency, except for the following classes of stations: Geophysical, motion picture, educational, broadcast pick-up, airport, aeronautical, special experimental, \$60. 2. Filing fee for all applications for construction permits for geophysical, motion picture, broadcast pick-up, airport, aeronautical, special experimental, \$60. 3. Filing fee for all applications for modification of construction permits for new station or change of location, or frequency, or power, or time of operation of existing station, \$10.

"STATION LICENSES. 4. Filing fee for all applications for amateur station licenses, \$1. 5. Filing fee for all applications for original licenses following completion of construction for all classes of stations, except the following: Geophysical, educational, motion picture, broadcast-pickup, airport, special experimental, aircraft, and aeronautical, \$15. 6. Filing fee for all applications for original licenses following completion of construction for the following classes of stations: (See those excepted above in 5) \$5. 7. Filing fee for all applications for renewal of station license other than amateur, geophysical, educational, motion picture broadcast pick-up, airport, special experimental, aircraft, and aeronautical, \$15. 8. Filing fee for all applications for renewal of license for the following classes of stations (See those excepted in paragraph 7), \$5.

9. Fee for assignment of license and/or construction permits for stations other than amateur, ships, aircraft, geophysical, educational, broadcast pick-up, motion picture, airport, special experimental, and aeronautical, \$60. 10. Fee for exceptions in paragraph 9, \$15. 11. Filing fee for all applications for modification of licenses, \$10.

"ANNUAL LICENSE FEES. 12. Annual license fee for all licenses covering aircraft stations, \$10. 13. Ship stations, \$25. 14. point-to-point telegraph and telephone stations in fixed public and fixed public press services, \$75. 15. Coastal telegraph stations, coastal telephone stations, coastal harbor stations, mobile press stations, \$50.

16. general experimental stations, experimental relay stations, experimental visual broadcast stations, marine relay stations, agriculture point-to-point telegraph stations, aeronautical and aeronautical point-to-point stations, marine fire stations, municipal and State police stations, special emergency stations, \$ 30. 17. geophysical, broadcast-pickup, motion-picture, airport, special experimental stations, \$15.

18. Annual license fees for all licenses covering broadcast stations, each station, as follows: 100 watts or less, two or more stations licensed to operate simultaneously during nighttime on same frequency, \$120. 250 watts or less (but more than 100 w.), two or more operating simultaneously nighttime on same frequency, \$240. 500 w. or less (but more than 250 w.) two or more same frequency, \$360. 1000 w. or less (but more than 500 w. and less than 5,000 w.) two or more same frequency nighttime, \$600. 5000 w. or more, two or more stations separated by less than 2000 miles licensed to operate simultaneously during nighttime on same frequency, \$1200. 5000 w. or more, two or more stations, separated by more than 2000 miles licensed to operate simultaneously during nighttime on the same frequency, \$2400. 5000 w. or more (but less than 25,000 w.), only one station licensed to operate during nighttime on any frequency, \$3000. 25000 w. or more (but less than 50,000 w.), one station licensed to operate during nighttime on any frequency, \$4,000. 50,000 w. or more, only one station licensed to operate during nighttime on any frequency, \$5,000.

" For each 25,000 w. or fraction thereof, additional to 50,000 w. only one station licensed to operate during nighttime on any frequency, \$1,000.

" Stations which are licensed to operate during daytime hours only and with the power as designated- (1) 1000 w. or less: Fee to be one-third of the fee for stations of the same power licensed to operate unlimited time. (2). 2500 w. or less (but more than 1000 w.), \$450. (3). More than 2500 w. \$900. Stations which are licensed to operate hours less than unlimited time and/or to use different power during daytime hours than during nighttime hours: Fee to be in proportion to nighttime and daytime hours and power authorized, based on fees for unlimited-time station and daytime station of the same power: Provided, That annual license fees for all educational stations shall be one half the above rates.

"Annual license fee for all licenses covering special stations used for entertainment purposes other than broadcasting for which quota units are assigned, such as television and relay broadcasting, \$60. Annual license fee for all licenses covering special stations not specifically mentioned in the above classification, the same to be determined by the commission, \$30.

"MISCELLANEOUS. Filing fee for examination for commercial operator's license, \$1. Filing fee for examination

for amateur operator's license, \$1; Annual license fee for amateur operator, \$1. Annual license fee for commercial operator, \$2. Inspection fee for all radio equipment aboard ships required by law to be equipped with radio- inspection for station license, \$5. Inspection for sailing, \$2.50, not to be paid more than once a month.

"Annual inspection fee for all radio stations other than amateur, aircraft, aeronautical, ship, geophysical, broadcast pick-up, motion picture, airport, special experimental; fee shall be for one annual inspection, to be made compulsory, \$15. Annual inspection fee for stations excepted in preceding paragraph, \$5. Fee for inspection on vessels voluntarily equipped, \$10. Petition of intervenor, \$5. Any default entered after notice for hearing has been issued, \$5.

"All fees shall be paid to the secretary of the Radio Commission or such other employee of the commission as it may designate, and the commission may require a bond to the Treasurer of the United States of the person to whom said fees are paid in such amount as the commission may deem necessary. The commission shall require that all money received as fees shall be paid to the Treasurer of the United States the first day of each calendar month.

AMENDED DAVIS BILL REPORTED TO SENATE

The Senate Interstate Commerce Committee reported the Davis Bill (H.R. 7716) to the Senate last week. The bill has been passed by the House of Representatives.

One of the principal sections of the amendment is Section 13, which provides that no person shall broadcast by means of any radio station, for which a license is required by any law of the United States, any information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, etc. and provides penalties for such offense, upon conviction thereof.

There are twelve other sections, amending the radio act of 1927, dealing chiefly with administration of the act and procedure in various matters which were not exactly clear before.

"Your committee has added section 14 as a new section", the report reads. "This amendment strikes out section 18 of the Radio act of 1927 and substitutes the language of section 14.

"The purpose of this amendment is to extend the requirement of equality of treatment of political candidates to supporters and opponents of candidates, and public questions before the people for a vote. It also prohibits any increased charge for political speeches.

"No station owner is required to permit the use of his station for any of these purposes, but if a station permits one candidate or the supporters or opponents of a candidate, or of a public question upon which the people are to vote, then the requirement of equality of treatment and of no higher rates than the ordinary advertising rates shall be charged.

"Section 15 is a new section designed to give the commission control of all studios or apparatus in the United States used in connection with a broadcasting station in a foreign country for the purpose of furnishing programs to be transmitted back to the United States. The Radio Commission has recommended such legislation. Your committee believes this is the only method whereby the commission can control radio programs originating in the United States to be broadcast by a foreign station and thereby transmitted back to the United States.

"That practice is now being carried on in connection with one station of high power just across the Mexican border and owned by American citizens, and your committee is informed that other stations to be used in the same manner are being planned. The operation of this legislation will not interfere with any broadcasting that is in the public interest of the people of the United States and will empower the commission to regulate broadcasting originating in the United States."

WOR RULES AGAINST NOMS DES AIRS

At the request of the program department the executive offices have issued a rule that no artist will be permitted to use an alias or pseudonym when appearing on any WOR program. It has been a common practice for many artists of established reputation in the theatre to resort to a second name when programs are tried out to guard against impairing their professional reputation or hurting future radio chances in the event that the first program did not, in the parlance of Broadway, "click".

X X X X X X X X

BRIGHTON, ENGLAND, POLICE PROVIDED WITH POCKET SETS

A police pocket radio set, operated as simply as a telephone, is being issued to the policemen in Brighton, England. The transmitting station, from which urgent messages will be dispatched to individual officers on patrol duty, has been erected in the tower on Brighton Town Hall. It is capable of warning surrounding police stations as well.

The inventor of the device is C. L. Dean, of Slough, who developed it in conjunction with Charles Griffin, Chief Constable of Brighton, with the idea that no adjustments should be necessary by the officers carrying it.

X X X X X X X X

COLUMBIA REPORTS REAL HEADWAY IN TELEVISION WORK

The outstanding developments in television during 1932 were the practical use of dual modulation, by which it became possible to transmit sight and sound signals on a single wave channel simultaneously, and the addition to Columbia's facilities of a second television transmitter using the quasi-optical wave lengths with which Marconi made startling discoveries, the network reports. Experimental work on the New York station W2XAB took "great steps forward" during the year in transmission and program building.

Experiments with facial make-up during the year uncovered a number of new and interesting facts concerning television broadcasting, the report continues. Formulas developed by the W2XAB staff have been responsible for a great improvement in the transmission of pictures.

In the forthcoming year, according to William A. Schudt, Jr., director of television for Columbia, W2XAA will continue its experimental work with W2XAB carrying a full program schedule.

RADIO SUIT IS DISMISSED

Federal Judge John C. Knox dismissed the suit of the Torquay Corp. against the Radio Corp. of America, the General Electric Co. and the Westinghouse Electric and Manufacturing Company, after denying a motion made by the plaintiff to remand its suit to the Supreme Court of New York State.

Judge Knox also denied an injunction sought by the plaintiff, an RCA stockholder, to restrain General Electric and Westinghouse from distributing 7,500,000 shares of RCA stock among their stockholders. The decision leaves the question of stock distribution in the hands of General Electric and Westinghouse, which recently consented with RCA to a decree entered in the Federal Court in Delaware ordering the dissolution of a combination formed by the three corporations.

X X X X X X X X

MACKAY COMPANY OPENS MONTAUK STATION

The new ship-to-shore transmitting and receiving station of The Mackay Radio and Telegraph Company at Montauk, L.I. has been opened and is performing well. Reports from ships in all regions of the Atlantic, congratulating the company on the excellence of the signals transmitted, have been received by Mackay Radio headquarters in New York.

X X X X X X X X

Bertram S. Cutler, of New York, was elected a director of the Radio Corporation of America, at a meeting of the Board of Directors last week. The resignation of Andrew W. Robertson was accepted. By-laws of the corporation were amended so as to reduce the number of Directors to a total of twelve.

PRESIDENT DEDICATES TWO CORNERSTONES SIMULTANEOUSLY

An electric carbon copy of a public building corner stone laying is something new. By means of a public address system, President Hoover dedicated two cornerstones at once--that of the Department of Labor Building and the Interstate Commerce Building, located a city block apart, both of which are in the course of construction and are a part of Washington's great new building project.

Not only were the remarks of President Hoover, at the Labor Department cornerstone laying, broadcast throughout the country but all the ceremonies, including music by the Marine Band, were reproduced at the Interstate Commerce Building, where the cornerstone was placed in position simultaneously with that of the Labor Department.

X X X X X X X X

SUPREME COURT ASKED TO REVIEW SCHULER CASE

An appeal was filed in the Supreme Court last Friday against the decision banning from the air the Los Angeles station over which the Rev. Robert P. Schuler broadcast.

Operation of the station, held by the Trinity Methodist Church, had been protested on the ground that it was being used for attacks on the Roman Catholic Church and for improper attacks on the administration of justice. The District of Columbia Court of Appeals sustained the Federal Radio Commission in refusing to renew the broadcasting license.

DECISIONS OF THE FEDERAL RADIO COMMISSION

Applications Granted

WHBC, Edward P. Graham, Canton, Ohio, granted auth. to operate simultaneously with WNBO on Dec. 16 and 17 from 9 to 10 p.m., EST.; KRKD, Dalton's Inc., Los Angeles, Cal., granted mod. of lic. to change name only to Fireside Brdcastg. Co.; WOR, Bamberger Brdcastg. Service, Inc., Newark, N.J., granted mod. of CP extending comp. date for construction of 50 KW CP, subject to Commission's decision on pending application which has been set for hearing; WJEQ, Sun-Gazette Brdcastg. Co., Williamsport, Pa., granted mod. of CP extending commencement date to Jan. 1, 1933 and completion date to Feb. 1, 1933;

KGKB, East Texas Brdcastg. Co., Wyler, Tex., granted mod. of CP extending completion date of CP from Sept. 24, 1932 to Dec. 24, 1932; WSB, The Atlanta Journal Co., Atlanta, Ga., granted mod. of CP extending completion date to Dec. 17, 1932 to March 17, 1933; KGFL, KGFL, Inc., Santa Fe, N. Mex., granted mod. of CP to move transmitter and studio from Santa Fe to Roswell, N.M. and extend completion date to March 1, 1933; WHET, Troy Brdcastg. Co., Troy, Ala., granted mod. of lic. to operate from 7 to 8 p.m. on Sundays, in addition to unlt'd. daytime operation; KSO, Iowa Brdcastg. Co., Des Moines, Ia., granted license covering installation of new eqpt. change in power and hours of operation; 1370 kc., 100 w. night, 250 w. LS, unlt'd. time;

WIS, The South Carolina Brdcastg. Co., Inc., Columbia, S.C., granted consent to vol. assign. of lic. to station WIS, Inc.; KOB, N. Mex. College of Agr. and Mech. Arts, State College, N. M., granted renewal of license, 1180 kc. 20 KW, simultaneous day with KEX, share at night with KEX (Appl. was set for hearing because of KOY's request for KOB's facilities. KOY withdrew its application); KOB granted license 1180 kc., 10 KW, simultaneous day with KEX, share evening hours: KOB 1/3 and KEX 2/3; KLO, Interstate Brdcastg. Corp., Ogden, Utah, granted renewal of license, 1400 kc., 500 w., unlt'd. time (appl. was designated for hearing because of KDYL's request for KLO's facilities. KDYL's request has been withdrawn); KWKH, Hello World Brdcastg. Corp., Shreveport, La., granted spec. auth. to remain silent pending repair to water supply eqpt.;

New, Richard S. Milne, "Itinerant" P2Y-1C, granted spec. exp. license; freqs. 500, 6210, 8280, 11040, 12420, 16560 kc., 100 w. to check efficiency on each freq. during test flight of plane; WKF, American Tel. and Tel. Co., Lawrenceville, N.J., and WOG, Ocean Gate, N.J., granted fixed public pt. to pt. telephone license to operate station on four freqs. above 1500 kc., i.e. 4752.5, 8560, 12840, 17120, 19220 kc., 20 KW, to June 1, 1933; WNC, American Tel. & Tel. Co., Hialeah, Fla., granted fixed public pt. to pt. tel. lic. freq. 15055 kc., 400 w. to communicate with Central America; KGUF, Aeronautical Radio, Inc., Dallas, Tex.,

granted CP to replace previously granted CP, to change eqpt. reducing power from 250 to 150 w.; W2XAU, Lawrence C. F. Horle, Newark, N.J., granted mod. of CP extending commencement date to Dec. 1, and completion date to Dec. 15, 1932; WPET, City of Lexington, Lexington, Ky., granted mod. of CP extending completion date to April 5, 1933; W2XAC, W2XAQ, John T. Bruggeman, portable in New Jersey, granted gen. exp. licenses, 100,000 to 600,000 kc., 40 w.; W8XW, Victor George Martin, Rochester, N.Y., granted gen. exp. license, freqs. 41,000, 51400, and 60,000-400,000 kc., 50 w.; W8XAQ, Thomas Morgan Hale, portable and mobile, granted gen. exp. license, freq. 51400 and 60,000-400,000 kc. 15 w.; KGTV, Aeronautical Radio, Inc., Butte, Mont., granted aviation - aero license, 2906, 3072.5, 3082.5, 3088, *5510 *5540, 5672.5, 5692.5 kc. 400 w. (*Available to March 1, 1933); New, Penna. Air Lines, Inc., NC-12130, granted aviation license, freqs. 3105, 2906, 3072.5, 3082.5, 3088, *5510, *5540, 4967.5, 4987.5, 5672.5, 5692.5 kc., 50 w. *(available to March 1 1933 only);

WLXG, Shortwave & Television Corp., portable, granted temp. renewal of visual brdcastg. license freq. 43,000-46,000, 48500-50300, 60000-80,000 kc., 200 w., pending outcome of hearing to be held on appl. for permanent license; WKEL, The Radiera Corp., San Diego, Cal., granted 30 day auth. to operate aboard Motorship City of San Diego, pending receipt of formal application, 8330 kc., 150 w.; WICH, Southern Pacific Co., vessel "El Coston", granted temp. auth. not to exceed 60 days, to replace transmitter, pending receipt of formal appl.; WKEN, Mackay Radio & Teleg. Co., aboard Vessel "American Eagle", granted 60-day auth. pending receipt of formal appl. to operate spark eqpt., 2 KW, freqs. 375, 425 and 500 kc.; KUTC, Radiomarine Corp. of America, aboard vessel "West Mahwah", granted 60-day auth. pending receipt of formal appl. to operate addl. transmitter 17,100 to 8200 kc., 150 w.; WAX, Tropical Radio Teleg. Co., Hialeah, Fla., granted mod. of marine relay lic. to add transmitter type ET3635, Serial No. 10455 5 KW; and change type number of transmitter serial No. 10457 to read "ET 3636"; WAX granted mod. of lic. (public coastal, coastal Teleg. same as preceding; WLXAL, Short Wave Brdcastg. Corp., Boston, Mass., granted renewal of exp. Relay Brdcastg. license, on temporary basis pending outcome of hearing which has been held, but not yet reported on by Examiner. Freqs. 6040, 11790, 15250, 21460 kc., 5 KW.

Renewal of Licenses

The following stations were granted temporary renewals pending such action as the Commission may take on their application for renewal: WMBQ, Brooklyn, N.Y., WMBR, Tampa, Fla.; WMIL, Brooklyn, N.Y.; WRDW, Augusta, Ga.; WTRL, Woodside, N.Y.; KGDA, Mitchell, S.Dak. and KGKX, Sandpoint, Idaho.

WLXAV, Shortwave and Telv. Lab. Inc., Boston, Mass., granted temp. ren. of lic. subject to such action as the Commission may take on their pending appl. for renewal;

Set For Hearing

WRUF, Univ. of Fla., Gainesville, Fla., renewal of license; WNBW, WNBW, Inc., Carbondale, Pa., mod. of CP for auth. to move studio and transmitter from Carbondale to Scranton, Pa. to make field intensity measurements; install new eqpt. extend commencement date to 10 days after granting of this appl. and completion date to 60 days after Dec. 18, 1932; mod. of lic. to move studio from Carbondale to Scranton, Pa.; WBAX, John H. Stenger, Jr., Wilkes-Barre, Pa., CP to install new eqpt. change freq. from 1210 to 1230 kc.; increase power from 100 to 250 w.; and increase hours of operation from specified to unlimited; KLCN, Charles Leo Lintzenich, Blytheville, Ark., CP to move transmitter and studio locally in Blytheville; change freq. from 1290 to 1500 kc.; increase power from 50 to 100 w., and change hours of operation from daytime to unlimited; W3CQW, Robert Henry Rich, Portsmouth, Va., application for new amateur radio station.

Action On Examiners' Reports

Ex. Rep. No. 90 New Denied application for new broadcast station at Manchester, N.H., to operate on 1430 kc., 500 w., unlt'd. time, sustaining Chief Examiner Ellis A. Yost; (G. Colby Blackwell, Manchester)

Ex. Rep. No. 424 KFSD Airfan Radio Corp., Ltd., San Diego, Calif., granted increase in night power from 500 w. to 1 KW, on 600 kc., unlt'd. time, sustaining Chief Examiner Ellis A. Yost.

Ex. Rep. No. 428 WMAL M. A. Leese Radio Corp., Washington, D.C., denied application to increase night power from 250 to 500 w. on 630 kc., sustaining Chief Examiner Ellis A. Yost.

Ex. Rep. No. 429 New James M. Caldwell, Goodland, Kans., denied application for CP for new station at Goodland, Kans., to operate on 1310 kc., 100 w. to share time with KGFW, sustaining Examiner Elmer W. Pratt.

Miscellaneous

WNBW, WNBW, Inc., Carbondale, Pa., denied ext. of auth. to remain silent from Dec. 18 to 60 days after granting of mod. of CP, set for hearing above; also denied auth. to dismantle eqpt. and remove from its present location;

Applications Received

WSYR-WMAC, James G. Tracy & Edmund M. Smedberg, executors of estate of Clive B. Meredith, Syracuse, N.Y., vol. assignment of license to central New York Broadcasting Corp.; WHAM, Stromberg-Carlson Telephone Mfg. Co., Rochester, N.Y., mod. of CP issued 11-17-31 for 25 KW station for approval of exact transmitter location, Victor Township, N.Y. and approval of equipment; WABC-WBOQ, Atlantic Brdcstg.
