### TEXT OF COMMUNICATIONS COMMISSION BILL

Below is reproduced the complete text of the Federal Communications Commission Act of 1934 as agreed upon by the committee of conference of the Senate and House. The text is uncorrected as to punctuation and, in some instances, as to statement of language and should not be regarded as a finished draft:

#### Title I—General Provisions

##### Purposes of Act; Creation of Federal Communications Commission

SECTION 1. For the purposes of regulating interstate and foreign commerce in communication by wire and radio so as to make available, so far as possible, to all the people of the United States a rapid, efficient, Nation-wide, and world-wide wire and radio communication service with adequate facilities at reasonable charges, for the purpose of the national defense, and for the purpose of securing a more effective execution of this policy by centralizing authority heretofore granted by law to several agencies and by granting additional authority with respect to interstate and foreign commerce in wire and radio communication, there is hereby created a commission to be known as the "Federal Communications Commission," which shall be constituted as herein-after provided, and which shall execute and enforce the provisions of this Act.

##### Application of Act

SEC. 2. (a) The provisions of this Act shall apply to all interstate and foreign communication by wire or radio and all interstate and foreign transmission of energy by radio, which originates and/or is received within the United States and to all persons engaged within the United States in such communication or such transmission of energy by radio, and to the licensing and regulating of all radio stations as hereinafter provided; but it shall not apply to persons engaged in wire or radio communication or transmission in the Philippine Islands or the Canal Zone, or to wire or radio communication or transmission wholly within the Philippine Islands or the Canal Zone.

(b) Subject to the provisions of section 301, nothing in this Act shall be construed to apply or to give the Commission jurisdiction with respect to (1) charges, classifications, practices, services, facilities, or regulations for or in connection with intrastate communication service of any carrier, or (2) any carrier engaged in interstate or foreign communication solely through physical connection with the facilities of another carrier not directly or indirectly controlling or controlled by, or under direct or indirect common control with, such carrier; except that sections 201 to 205 of this Act, both inclusive, shall, except as otherwise provided therein, apply to carriers described in clause (2).

##### Definitions

SEC. 3. For the purposes of this Act, unless the context otherwise requires—

(a) "Wire communication" or "communication by wire" means the transmission of writing, signs, signals, pictures, and sounds of all kinds by aid of wire, cable, or other like connection between the points of origin and reception of such transmission, including all instrumentalities, facilities, apparatus, and services (among other things, the receipt, forwarding, and delivery of communications) incidental to such transmission.

(b) "Radio communication" or "communication by radio" means the transmission by radio of writing, signs, signals, pictures, and sounds of all kinds, including all instrumentalities, facilities, apparatus, and services (among other things, the receipt, forwarding, and delivery of communications) incidental to such transmission.

(c) "Licensee" means the holder of a radio station license granted or continued in force under authority of this Act.

(d) "Transmission of energy by radio" or "radio transmission of energy" includes both such transmission and all instrumentalities, facilities, and services incidental to such transmission.

(e) "Interstate communication" or "interstate transmission" means communication or transmission (1) from any State, Territory, or possession of the United States (other than the Philippine Islands and the Canal Zone), or the District of Columbia, to any other State, Territory, or possession of the United States (other than the Philippine Islands and the Canal Zone), or the District of Columbia, (2) from or to the United States to or from the Philippine Islands or the Canal Zone, insofar as such communication or transmission takes place within the United States, or (3) between points within the United States but through a foreign country; but shall not include wire communication between points within the same State, Territory, or possession of the United States, or the District of Columbia, through any place outside thereof, if such communication is regulated by a State commission.

(f) "Foreign communication" or "foreign transmission" means communication or transmission from or to any place in the United States to or from a foreign country, or between a station in the United States and a mobile station located outside the United States.

(g) "United States" means the several States and Territories, the District of Columbia, and the possessions of the United States, but does not include the Philippine Islands or the Canal Zone.

(b) "Common carrier" or "carrier" means any person engaged as a common carrier for hire, in interstate or foreign communication by wire or radio or in interstate or foreign radio transmission of energy, except where reference is made to common carriers not subject to this Act; but a person engaged in radio broadcasting shall not, insofar as such person is so engaged, be deemed a common carrier.

(i) "Person" includes an individual, partnership, association, joint-stock company, trust, or corporation.

(j) "Corporation" includes any corporation, joint-stock company, or association.

(k) "Radio station" or "station" means a station equipped to engage in radio communication or radio transmission of energy.

(l) "Mobile station" means a radio-communication station capable of being moved and which ordinarily does move.

(m) "Land station" means a station, other than a mobile station, used for radio, communication with mobile stations.

(n) "Mobile service" means the radio-communication service carried on between mobile stations and land stations, and by mobile stations communicating among themselves.

(o) "Broadcasting" means the dissemination of radio, communications intended to be received by the public, directly or by the intermediary of relay stations.

(p) "Chain broadcasting" means simultaneous broadcasting of an identical program by two or more connected stations.

(q) "Amateur station" means a radio station operated by a duly authorized person interested in radio technique solely with a personal aim and without pecuniary interest.

(r) "Telephone exchange service" means service within a telephone exchange, or within a connected system of telephone exchanges within the same exchange area operated to furnish to subscribers intercommunicating service of the character ordinarily furnished by a single exchange, and which is covered by the exchange service charge.

(s) "Telephone toll service" means telephone service between stations in different exchange areas for which there is made a separate charge not included in contracts with subscribers for exchange service.

(t) "State commission" means the commission, board, or offi-

cial (by whatever name designated) which under the laws of any State has regulatory jurisdiction with respect to intrastate operations of carriers.

(u) "Connecting carrier" means a carrier described in clause (2) of section 2 (b).

(v) "State" includes the District of Columbia and the Territories and possessions.

### Provisions Relating to the Commission

SEC. 4. (a) The Federal Communications Commission (in this Act referred to as the "Commission") shall be composed of seven commissioners appointed by the President, by and with the advice and consent of the Senate, one of whom the President shall designate as chairman.

(b) Each member of the Commission shall be a citizen of the United States. No member of the Commission or person in its employ shall be financially interested in the manufacture or sale of radio apparatus or of apparatus for wire or radio communication; in communication by wire or radio or in radio transmission of energy; in any company furnishing services of such apparatus to any company engaged in communication by wire or radio or to any company manufacturing or selling apparatus used for communication by wire or radio; or in any company owning stocks, bonds, or other securities of any such company; nor be in the employ of or hold any official relation to any person subject to any of the provisions of this Act, nor own stocks, bonds, or other securities of any corporation subject to any of the provisions of this Act. Such commissioners shall not engage in any other business, vocation, or employment. Not more than four commissioners shall be members of the same political party.

(c) The commissioners first appointed under this Act shall continue in office for the terms of one, two, three, four, five, six, and seven years, respectively, from the date of the taking effect of this Act, the term of each to be designated by the President, but their successors shall be appointed for terms of seven years; except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the commissioner whom he succeeds. No vacancy in the Commission shall impair the right of the remaining commissioners to exercise all the powers of the Commission.

(d) Each commissioner shall receive an annual salary of \$10,000, payable in monthly installments.

(e) The principal office of the Commission shall be in the District of Columbia, where its general sessions shall be held; but whenever the convenience of the public or of the parties may be promoted or delay or expense prevented thereby, the Commission may hold special sessions in any part of the United States.

(f) Without regard to the civil-service laws or the Classification Act of 1923, as amended, (1) the Commission may appoint and prescribe the duties and fix the salaries of a secretary, a director for each division, a chief engineer and not more than three assistants, a general counsel and not more than three assistants, and temporary counsel designated by the Commission for the performance of special services, and (2) each commissioner may appoint and prescribe the duties of a secretary at an annual salary not to exceed \$4,000 per annum. The general counsel and the chief engineer shall each receive an annual salary of not to exceed \$9,000; the secretary shall receive an annual salary of not to exceed \$7,500; the director of each division shall receive an annual salary of not to exceed \$7,500; and no assistant shall receive an annual salary in excess of \$7,500. The Commission shall have authority, subject to the provisions of the civil-service laws and the Classification Act of 1923, as amended, to appoint such other officers, engineers, inspectors, attorneys, examiners, and other employees as are necessary in the execution of its functions.

(g) The Commission may make such expenditures (including expenditures for rent and personal services at the seat of government and elsewhere, for office supplies, law books, periodicals, and books of reference, and for printing and binding) as may be necessary for the execution of the functions vested in the Commission and as from time to time may be appropriated for by Congress. All expenditures of the Commission, including all necessary expenses for transportation incurred by the commissioners or by their employees, under their orders, in making any investigation or upon any official business in any other places than in the city of Washington, shall be allowed and paid on the presentation of itemized vouchers therefor approved by the chairman of the Commission or by such other member or officer thereof as may be designated by the Commission for that purpose.

(h) Four members of the Commission shall constitute a quorum thereof. The Commission shall have an official seal which shall be judicially noticed.

(i) The Commission may perform any and all acts, make such rules and regulations, and issue such orders, not inconsistent with this Act, as may be necessary in the execution of its functions.

(j) The Commission may conduct its proceedings in such manner as will best conduce to the proper dispatch of business and to the ends of justice. No commissioner shall participate in any hearing or proceeding in which he has a pecuniary interest. Any party may appear before the Commission and be heard in person or by attorney. Every vote and official act of the Commission shall be entered of record, and its proceedings shall be public upon the request of any party interested. The Commission is authorized to withhold publication of records or proceedings containing secret information affecting the national defense.

(k) The Commission shall make an annual report to Congress, copies of which shall be distributed as are other reports transmitted to Congress. Such report shall contain such information and data collected by the Commission as may be considered of value in the determination of questions connected with the regulation of interstate and foreign wire and radio communication and radio transmission of energy, together with such recommendations as to additional legislation relating thereto as the Commission may deem necessary: Provided, That the Commission shall make a special report not later than February 1, 1935, recommending such amendments to this Act as it deems desirable in the public interest.

(l) All reports of investigations made by the Commission shall be entered of record, and a copy thereof shall be furnished to the party who may have complained, and to any common carrier or licensee that may have been complained of.

(m) The Commission shall provide for the publication of its reports and decisions in such form and manner as may be best adapted for public information and use, and such authorized publications shall be competent evidence of the reports and decisions of the Commission therein contained in all courts of the United States and of the several States without any further proof or authentication thereof.

(n) Rates of compensation of persons appointed under this section shall be subject to the reduction applicable to officers and employees of the Federal Government generally.

### Divisions of the Commission

SEC. 5. (a) The Commission is hereby authorized by its order to divide the members thereof into not more than three divisions, each to consist of not less than three members. Any commissioner may be assigned to and may serve upon such division or divisions as the Commission may direct, and each division shall choose its own chairman. In case of a vacancy in any division, or of absence or inability to serve thereon of any commissioner thereto assigned, the chairman of the Commission or any commissioner designated by him for that purpose may temporarily serve on said division until the Commission shall otherwise order.

(b) The Commission may by order direct that any of its work, business, or functions arising under this Act, or under any other Act of Congress, or in respect of any matter which has been or may be referred to the Commission by Congress or by either branch thereof, be assigned or referred to any of said divisions for action thereon, and may by order at any time amend, modify, supplement, or rescind any such direction. All such orders shall take effect forthwith and remain in effect until otherwise ordered by the Commission.

(c) In conformity with and subject to the order or orders of the Commission in the premises, each division so constituted shall have power and authority by a majority thereof to hear and determine, order, certify, report, or otherwise act as to any of said work, business, or functions so assigned or referred to it for action by the Commission, and in respect thereof the division shall have all the jurisdiction and powers now or then conferred by law upon the Commission, and be subject to the same duties and obligations. Any order, decision, or report made or other action taken by any of said divisions in respect of any matters so assigned or referred to it shall have the same force and effect, and may be made, evidenced, and enforced in the same manner as if made, or taken by the Commission, subject to rehearing by the Commission as provided in section 405 of this Act for rehearing cases decided by the Commission. The secretary and seal of the Commission shall be the secretary and seal of each division thereof.

(d) Nothing in this section contained, or done pursuant thereto, shall be deemed to divest the Commission of any of its powers.

(e) The Commission is hereby authorized by its order to assign or refer any portion of its work, business, or functions arising under this or any other Act of Congress or referred to it by Congress, or either branch thereof, to an individual commissioner, or

to a board composed of an employee or employees of the Commission, to be designated by such order, for action thereon, and by its order at any time to amend, modify, supplement, or rescind any such assignment or reference: Provided, however, That this authority shall not extend to investigations instituted upon the Commission's own motion or, without the consent of the parties thereto, to contested proceedings involving the taking of testimony at public hearings, or to investigations specifically required by this Act. All such orders shall take effect forthwith and remain in effect until otherwise ordered by the Commission. In case of the absence or inability for any other reason to act of any such individual commissioner or employee designated to serve upon any such board, the chairman of the Commission may designate another commissioner or employee, as the case may be, to serve temporarily until the Commission shall otherwise order. In conformity with and subject to the order or orders of the Commission in the premises, any such individual commissioner, or board acting by a majority thereof, shall have power and authority to hear and determine, order, certify, report, or otherwise act as to any of said work, business, or functions so assigned or referred to him or it for action by the Commission and in respect thereof shall have all the jurisdiction and powers now or then conferred by law upon the Commission and be subject to the same duties and obligations. Any order, decision, or report made or other action taken by any such individual commissioner or board in respect of any matters so assigned or referred shall have the same force and effect, and may be made, evidenced, and enforced in the same manner as if made or taken by the Commission. Any party affected by any order, decision, or report of any such individual commissioner or board may file a petition for rehearing by the Commission or a division thereof and every such petition shall be passed upon by the Commission or a division thereof. Any action by a division upon such a petition shall itself be subject to rehearing by the Commission, as provided in section 405 of this Act and in subsection (c). The Commission may make and amend rules for the conduct of proceedings before such individual commissioner or board and for the rehearing of such action before a division of the Commission or the Commission. The secretary and seal of the Commission shall be the secretary and seal of such individual commissioner or board.

## **Title II—Common Carriers**

### **Service and Charges**

Sec. 201. (a) It shall be the duty of every common carrier engaged in interstate or foreign communication by wire or radio to furnish such communication service upon reasonable request therefor; and, in accordance with the orders of the Commission, in cases where the Commission, after opportunity for hearing, finds such action necessary or desirable in the public interest, to establish physical connections with other carriers, to establish through routes and charges applicable thereto and the divisions of such charges, and to establish and provide facilities and regulations for operating such through routes.

(b) All charges, practices, classifications, and regulations for and in connection with such communication service, shall be just and reasonable, and any such charge, practice, classification, or regulation that is unjust or unreasonable is hereby declared to be unlawful: Provided, That communications by wire or radio subject to this Act may be classified into day, night, repeated, un-repeated, letter, commercial, press, Government, and such other classes as the Commission may decide to be just and reasonable, and different charges may be made for the different classes of communications: Provided further, That nothing in this Act or in any other provision of law shall be construed to prevent a common carrier subject to this Act from entering into or operating under any contract with any common carrier not subject to this Act, for the exchange of their services, if the Commission is of the opinion that such contract is not contrary to the public interest.

### **Discrimination and Preferences**

Sec. 202. (a) It shall be unlawful for any common carrier to make any unjust or unreasonable discrimination in charges, practices, classifications, regulations, facilities, or services for or in connection with like communication service, directly or indirectly, by any means or device, or to make or give any undue or unreasonable preference or advantage to any particular person, class of persons, or locality, or to subject any particular person, class of persons, or locality to any undue or unreasonable prejudice or disadvantage.

(b) Charges or services, whenever referred to in this Act, include charges for, or services in connection with, the use of wires in chain broadcasting or incidental to radio communication of any kind.

(c) Any carrier who knowingly violates the provisions of this section shall forfeit to the United States the sum of \$500 for each such offense and \$25 for each and every day of the continuance of such offense.

### **Schedules of Charges**

SEC. 203. (a) Every common carrier, except connecting carriers, shall within such reasonable time as the Commission shall designate, file with the Commission and print and keep open for public inspection schedules showing all charges for itself and its connecting carriers for interstate and foreign wire or radio communication between the different points on its own system, and between points on its own system and points on the system of its connecting carriers or points on the system of any other carrier subject to this Act when a through route has been established, whether such charges are joint or separate, and showing the classifications, practices, and regulations affecting such charges. Such schedules shall contain such other information, and be printed in such form, and be posted and kept open for public inspection in such places, as the Commission may by regulation require, and each such schedule shall give notice of its effective date; and such common carrier shall furnish such schedules to each of its connecting carriers, and such connecting carriers shall keep such schedules open for inspection in such public places as the Commission may require.

(b) No change shall be made in the charges, classifications, regulations, or practices which have been so filed and published except after thirty days' notice to the Commission and to the public, which shall be published in such form and contain such information as the Commission may by regulations prescribe; but the Commission may, in its discretion and for good cause shown, modify the requirements made by or under authority of this section in particular instances or by a general order applicable to special circumstances or conditions.

(c) No carrier, unless otherwise provided by or under authority of this Act, shall engage or participate in such communication unless schedules have been filed and published in accordance with the provisions of this Act and with the regulations made thereunder; and no carrier shall (1) charge, demand, collect, or receive a greater or less or different compensation for such communication, or for any service in connection therewith, between the points named in any such schedule than the charges specified in the schedule then in effect, or (2) refund or remit, by any means or device any portion of the charges so specified, or (3) extend to any person any privileges or facilities in such communication, or employ or enforce any classifications, regulations, or practices affecting such charges, except as specified in such schedule.

(d) The Commission may reject and refuse to file any schedule entered for filing which does not provide and give lawful notice of its effective date. Any schedule so rejected by the Commission shall be void and its use shall be unlawful.

(e) In case of failure or refusal on the part of any carrier to comply with the provisions of this section or of any regulation or order made by the Commission thereunder, such carrier shall forfeit to the United States the sum of \$500 for each such offense, and \$25 for each and every day of the continuance of such offense.

### **Hearing as to Lawfulness of New Charges; Suspension**

SEC. 204. Whenever there is filed with the Commission any new charge, classification, regulation, or practice, the Commission may either upon complaint or upon its own initiative without complaint, upon reasonable notice, enter upon a hearing concerning the lawfulness thereof; and pending such hearing and the decision thereon the Commission, upon delivering to the carrier or carriers affected thereby a statement in writing of its reasons for such suspension, may suspend the operation of such charge, classification, regulation, or practice, but not for a longer period than three months beyond the time when it would otherwise go into effect; and after full hearing the Commission may make such order with reference thereto as would be proper in a proceeding initiated after it had become effective. If the proceeding has not been concluded and an order made within the period of the suspension, the proposed change of charge, classification, regulation, or practice shall go into effect at the end of such period; but in case of a proposed increased charge, the Commission may by order require the

interested carrier or carriers to keep accurate account of all amounts received by reason of such increase, specifying by whom and in whose behalf such amounts are paid, and upon completion of the hearing and decision may by further order require the interested carrier or carriers to refund, with interest, to the persons in whose behalf such amounts were paid, such portion of such increased charges as by its decision shall be found not justified. At any hearing involving a charge increased, or sought to be increased, after the organization of the Commission, the burden of proof to show that the increased charge, or proposed increased charge, is just and reasonable shall be upon the carrier, and the Commission shall give to the hearing and decision of such questions preference over all other questions pending before it and decide the same as speedily as possible.

#### **Commission Authorized to Prescribe Just and Reasonable Charges**

SEC. 205. (a) Whenever, after full opportunity for hearing, upon a complaint or under an order for investigation and hearing made by the Commission on its own initiative, the Commission shall be of opinion that any charge, classification, regulation, or practice of any carrier or carriers is or will be in violation of any of the provisions of this Act, the Commission is authorized and empowered to determine and prescribe what will be the just and reasonable charge or the maximum or minimum, or maximum and minimum, charge or charges to be thereafter observed, and what classification, regulation, or practice is or will be just, fair, and reasonable, to be thereafter followed, and to make an order that the carrier or carriers shall cease and desist from such violation to the extent that the Commission finds that the same does or will exist, and shall not thereafter publish, demand, or collect any charge other than the charge so prescribed or in excess of the maximum or less than the minimum so prescribed, as the case may be, and shall adopt the classification and shall conform to and observe the regulation or practice so prescribed.

(b) Any carrier, any officer, representative, or agent of a carrier, or any receiver, trustee, lessee, or agent of either of them, who knowingly fails or neglects to obey any order made under the provisions of this section shall forfeit to the United States the sum of \$1,000 for each offense. Every distinct violation shall be a separate offense, and in case of continuing violation each day shall be deemed a separate offense.

#### **Liability of Carriers for Damages**

SEC. 206. In case any common carrier shall do, or cause or permit to be done, any act, matter, or thing in this Act prohibited or declared to be unlawful, or shall omit to do any act, matter, or thing in this Act required to be done, such common carrier shall be liable to the person or persons injured thereby for the full amount of damages sustained in consequence of any such violation of the provisions of this Act, together with a reasonable counsel or attorney's fee, to be fixed by the court in every case of recovery, which attorney's fees shall be taxed and collected as part of the costs in the case.

#### **Recovery of Damages**

SEC. 207. Any person claiming to be damaged by any common carrier subject to the provisions of this Act may either make complaint to the Commission as hereinafter provided for, or may bring suit for the recovery of the damages for which such common carrier may be liable under the provisions of this Act, in any district court of the United States of competent jurisdiction; but such person shall not have the right to pursue both such remedies.

#### **Complaints to the Commission**

SEC. 208. Any person, any body politic or municipal organization, or State commission, complaining of anything done or omitted to be done by any common carrier subject to this Act, in contravention of the provisions thereof, may apply to said Commission by petition which shall briefly state the facts, whereupon a statement of the complaint thus made shall be forwarded by the Commission to such common carrier, who shall be called upon to satisfy the complaint or to answer the same in writing within a reasonable time to be specified by the Commission. If such common carrier within the time specified shall make reparation for the injury alleged to have been caused, the common carrier shall be relieved of liability to the complainant only for the particular violation of law thus complained of. If such carrier or carriers shall not

satisfy the complaint within the time specified or there shall appear to be any reasonable ground for investigating said complaint, it shall be the duty of the Commission to investigate the matters complained of in such manner and by such means as it shall deem proper. No complaint shall at any time be dismissed because of the absence of direct damage to the complainant.

#### **Orders for Payment of Money**

SEC. 209. If, after hearing on a complaint, the Commission shall determine that any party complainant is entitled to an award of damages under the provisions of this Act, the Commission shall make an order directing the carrier to pay to the complainant the sum to which he is entitled on or before a day named.

#### **Franks and Passes**

SEC. 210. Nothing in this Act or in any other provision of law shall be construed to prohibit common carriers from issuing or giving franks to, or exchanging franks with each other for the use of, their officers, agents, employees, and their families, or, subject to such rules as the Commission may prescribe, from issuing, giving, or exchanging franks and passes to or with other common carriers not subject to the provisions of this Act, for the use of their officers, agents, employees, and their families. The term "employees," as used in this section, shall include furloughed, pensioned, and superannuated employees.

#### **Copies of Contracts to Be Filed**

SEC. 211. (a) Every carrier subject to this Act shall file with the Commission copies of all contracts, agreements, or arrangements with other carriers, or with common carriers not subject to the provisions of this Act, in relation to any traffic affected by the provisions of this Act to which it may be a party.

(b) The Commission shall have authority to require the filing of any other contracts of any carrier, and shall also have authority to exempt any carrier from submitting copies of such minor contracts as the Commission may determine.

#### **Interlocking Directorates—Officials Dealing in Securities**

SEC. 212. After sixty days from the enactment of this Act it shall be unlawful for any person to hold the position of officer or director of more than one carrier subject to this Act, unless such holding shall have been authorized by order of the Commission, upon due showing in form and manner prescribed by the Commission, that neither public nor private interests will be adversely affected thereby. After this section takes effect it shall be unlawful for any officer or director of any such carrier to receive for his own benefit, directly or indirectly, any money or thing of value in respect of negotiation, hypothecation, or sale of any securities issued or to be issued by such carrier, or to share in any of the proceeds thereof, or to participate in the making or paying of any dividends of such carrier from any funds properly included in capital account.

#### **Valuation of Carrier Property**

SEC. 213. (a) The Commission may from time to time, as may be necessary for the proper administration of this Act, and after opportunity for hearing, make a valuation of all or of any part of the property owned or used by any carrier subject to this Act, as of such date as the Commission may fix.

(b) The Commission may at any time require any such carrier to file with the Commission an inventory of all or of any part of the property owned or used by said carrier, which inventory shall show the units of said property classified in such detail, and in such manner, as the Commission shall direct, and shall show the estimated cost of reproduction new of said units, and their reproduction cost new less depreciation, as of such date as the Commission may direct; and such carrier shall file such inventory within such reasonable time as the Commission by order shall require.

(c) The Commission may at any time require any such carrier to file with the Commission a statement showing the original cost at the time of dedication to the public use of all or of any part of the property owned or used by said carrier. For the showing of such original cost said property shall be classified, and the original cost shall be defined, in such manner as the Commission may prescribe; and if any part of such cost cannot be determined from accounting or other records, the portion of the property for which such cost cannot be determined shall be reported to the Commission; and, if the Commission shall so direct, the original

cost thereof shall be estimated in such manner as the Commission may prescribe. If the carrier owning the property at the time such original cost is reported shall have paid more or less than the original cost to acquire the same, the amount of such cost of acquisition, and any facts which the Commission may require in connection therewith, shall be reported with such original cost. The report made by a carrier under this paragraph shall show the source or sources from which the original cost reported was obtained, and such other information as to the manner in which the report was prepared, as the Commission shall require.

(d) Nothing shall be included in the original cost reported for the property of any carrier under paragraph (c) of this section on account of any easement, license, or franchise granted by the United States or by any State or political subdivision thereof, beyond the reasonable necessary expense lawfully incurred in obtaining such easement, license, or franchise from the public authority aforesaid, which expense shall be reported separately from all other costs in such detail as the Commission may require; and nothing shall be included in any valuation of the property of any carrier made by the Commission on account of any such easement, license, or franchise, beyond such reasonable necessary expense lawfully incurred as aforesaid.

(e) The Commission, shall keep itself informed of all new construction, extensions, improvements, retirements, or other changes in the condition, quantity, use, and classification of the property of common carriers, and of the cost of all additions and betterments thereto and of all changes in the investment therein, and may keep itself informed of current changes in costs and values of carrier properties.

(f) For the purpose of enabling the Commission to make a valuation of any of the property of any such carrier, or to find the original cost of such property, or to find any other facts concerning the same which are required for use by the Commission, it shall be the duty of each such carrier to furnish to the Commission, within such reasonable time as the Commission may order, any information with respect thereto which the Commission may by order require, including copies of maps, contracts, reports of engineers, and other data, records, and papers, and to grant to all agents of the Commission free access to its property and its accounts, records, and memoranda whenever and wherever requested by any such duly authorized agent, and to cooperate with and aid the Commission in the work of making any such valuation or finding in such manner and to such extent as the Commission may require and direct, and all rules and regulations made by the Commission for the purpose of administering this section shall have the full force and effect of law. Unless otherwise ordered by the Commission, with the reasons therefor, the records and data of the Commission shall be open to the inspection and examination of the public. The Commission, in making any such valuation, shall be free to adopt any method of valuation which shall be lawful.

(g) Notwithstanding any provision of this Act the Interstate Commerce Commission, if requested to do so by the Commission, shall complete, at the earliest practicable date, such valuations of properties of carriers subject to this Act as are now in progress, and shall thereafter transfer to the Commission the records relating thereto.

(h) Nothing in this section shall impair or diminish the powers of any State commission.

### Extension of Lines

SEC. 214. (a) No carrier shall undertake the construction of a new line or of an extension of any line, or shall acquire or operate any line, or extension thereof, or shall engage in transmission over or by means of such additional or extended line, unless and until there shall first have been obtained from the Commission a certificate that the present or future public convenience and necessity require or will require the construction, or operation, or construction and operation, of such additional or extended line: Provided, That no such certificate shall be required under this section for the construction, acquisition, operation, or extension of (1) a line within a single State unless said line constitutes part of an interstate line, (2) local, branch, or terminal lines not exceeding ten miles in length, or (3) any lines acquired under section 221 of this Act: Provided further, That the Commission may, upon appropriate request being made, authorize temporary or emergency service, or the supplementing of existing facilities, without regard to the provisions of this section.

(b) Upon receipt of an application for any such certificate the Commission shall cause notice thereof to be given to and a copy

filed with the Governor of each State in which such additional or extended line is proposed to be constructed or operated, with the right to be heard as provided with respect to the hearing of complaints; and the Commission may require such published notice as it shall determine.

(c) The Commission shall have power to issue such certificate as prayed for, or to refuse to issue it, or to issue it for a portion or portions of a line, or extension thereof, described in the application, or for the partial exercise only of such right or privilege, and may attach to the issuance of the certificate such terms and conditions as in its judgment the public convenience and necessity may require. After issuance of such certificate, and not before, the carrier may, without securing approval other than such certificate, comply with the terms and conditions contained in or attached to the issuance of such certificate and proceed with the construction, acquisition, operation, or extension covered thereby. Any construction, acquisition, operation, or extension contrary to the provisions of this section may be enjoined by any court of competent jurisdiction at the suit of the United States, the Commission, the State commission, any State affected, or any party in interest.

(d) The Commission may, after full opportunity for hearing, in a proceeding upon complaint or upon its own initiative without complaint, authorize or require by order any carrier, party to such proceeding, to provide itself with adequate facilities for performing its service as a common carrier and to extend its line; but no such authorization or order shall be made unless the Commission finds, as to such extension, that it is reasonably required in the interest of public convenience and necessity, or as to such extension or facilities that the expense involved therein will not impair the ability of the carrier to perform its duty to the public. Any carrier which refuses or neglects to comply with any order of the Commission made in pursuance of this paragraph shall forfeit to the United States \$100 for each day during which such refusal or neglect continues.

### Transactions Relating to Services, Equipment, and so forth

SEC. 215. (a) The Commission shall examine into transactions entered into by any common carrier which relate to the furnishing of equipment, supplies, research, services, finances, credit, or personnel to such carrier and/or which may affect the charges made or to be made and/or the services rendered or to be rendered by such carrier, in wire or radio communication subject to this Act, and shall report to the Congress whether any such transactions have affected or are likely to affect adversely the ability of the carrier to render adequate service to the public, or may result in any undue or unreasonable increase in charges or in the maintenance of undue or unreasonable charges for such service; and in order to fully examine into such transactions the Commission shall have access to and the right of inspection and examination of all accounts, records, and memoranda, including all documents, papers, and correspondence now or hereafter existing, or persons furnishing such equipment, supplies, research, services, finances, credit, or personnel. The Commission shall include in its report its recommendations for necessary legislation in connection with such transactions, and shall report specifically whether in its opinion legislation should be enacted (1) authorizing the Commission to declare any such transactions void or to permit such transactions to be carried out subject to such modification of their terms and conditions as the Commission shall deem desirable in the public interest; and/or (2) subjecting such transactions to the approval of the Commission where the person furnishing or seeking to furnish the equipment, supplies, research, services, finances, credit, or personnel is a person directly or indirectly controlling or controlled by, or under direct or indirect common control with, such carrier; and/or (3) authorizing the Commission to require that all or any transactions of carriers involving the furnishing of equipment, supplies, research, services, finances, credit, or personnel to such carrier be upon competitive bids on such terms and conditions and subject to such regulations as it shall prescribe as necessary in the public interest.

(b) The Commission shall investigate the methods by which and the extent to which wire telephone companies are furnishing wire telegraph service and wire telegraph companies are furnishing wire telephone service, and shall report its findings to Congress, together with its recommendations as to whether additional legislation on this subject is desirable.

(c) The Commission shall examine all contracts of common carriers subject to this Act which prevent the other party thereto from dealing with another common carrier subject to this Act,

and shall report its findings to Congress, together with its recommendations as to whether additional legislation on this subject is desirable.

#### Application of Act to Receivers and Trustees

SEC. 216. The provisions of this Act shall apply to all receivers and operating trustees of carriers subject to this Act to the same extent that it applies to carriers.

#### Liability of Carrier for Acts and Omissions of Agents

SEC. 217. In construing and enforcing the provisions of this Act, the act, omission, or failure of any officer, agent, or other person acting for or employed by any common carrier or user, acting within the scope of his employment, shall in every case be also deemed to be the act, omission, or failure of such carrier or user as well as that of the person.

#### Inquiries Into Management

SEC. 218. The Commission may inquire into the management of the business of all carriers subject to this Act, and shall keep itself informed as to the manner and method in which the same is conducted and as to technical developments and improvements in wire and radio communication and radio transmission of energy to the end that the benefits of new inventions and developments may be made available to the people of the United States. The Commission may obtain from such carriers and from persons directly or indirectly controlling or controlled by, or under direct or indirect common control with, such carriers full and complete information necessary to enable the Commission to perform the duties and carry out the objects for which it was created.

#### Annual and Other Reports

SEC. 219. (a) The Commission is authorized to require annual reports under oath from all carriers subject to this Act, and from persons directly or indirectly controlling or controlled by, or under direct or indirect common control with, any such carrier, to prescribe the manner in which such reports shall be made, and to require from such persons specific answers to all questions upon which the Commission may need information. Such annual reports shall show in detail the amount of capital stock issued, the amount and privileges of each class of stock, the amounts paid therefor, and the manner of payment for the same; the dividends paid and the surplus fund, if any; the number of stockholders (and the names of the thirty largest holders of each class of stock and the amount held by each); the funded and floating debts and the interest paid thereon; the cost and value of the carrier's property, franchises, and equipments; the number of employees and the salaries paid each class; the names of all officers and directors, and the amount of salary, bonus, and all other compensation paid to each; the amounts expended for improvements each year, how expended, and the character of such improvements; the earnings and receipts from each branch of business and from all sources; the operating and other expenses; the balances of profit and loss; and a complete exhibit of the financial operations of the carrier each year, including an annual balance sheet. Such reports shall also contain such information in relation to charges or regulations concerning charges, or agreements, arrangements, or contracts affecting the same, as the Commission may require.

(b) Such reports shall be for such twelve months' period as the Commission shall designate and shall be filed with the Commission at its office in Washington within three months after the close of the year for which the report is made, unless additional time is granted in any case by the Commission; and if any person subject to the provisions of this section shall fail to make and file said annual reports within the time above specified, or within the time extended by the Commission, for making and filing the same, or shall fail to make specific answer to any question authorized by the provisions of this section within thirty days from the time it is lawfully required so to do, such person shall forfeit to the United States the sum of \$100 for each and every day it shall continue to be in default with respect thereto. The Commission may by general or special orders require any such carriers to file monthly reports of earnings and expenses and to file periodical and/or special reports concerning any matters with respect to which the Commission is authorized or required by law to act; and such periodical or special reports shall be under oath whenever the Commission so requires. If any such carrier shall fail to make and file any such periodical or special report within the time fixed by the Commission, it shall be subject to the forfeitures above provided.

#### Accounts, Records, and Memoranda; Depreciation Charges

SEC. 220. (a) The Commission may, in its discretion, prescribe the forms of any and all accounts, records, and memoranda to be kept by carriers subject to this Act, including the accounts, records, and memoranda of the movement of traffic, as well as of the receipts and expenditures of moneys.

(b) The Commission shall, as soon as practicable, prescribe for such carriers the classes of property for which depreciation charges may be properly included under operating expenses, and the percentages of depreciation which shall be charged with respect to each of such classes of property, classifying the carriers as it may deem proper for this purpose. The Commission may, when it deems necessary, modify the classes and percentages so prescribed. Such carriers shall not, after the Commission has prescribed the classes of property for which depreciation charges may be included, charge to operating expenses any depreciation charges on classes of property other than those prescribed by the Commission, or, after the Commission has prescribed percentages of depreciation, charge with respect to any class of property a percentage of depreciation other than that prescribed therefor by the Commission. No such carrier shall in any case include in any form under its operating or other expenses any depreciation or other charge or expenditure included elsewhere as a depreciation charge or otherwise under its operating or other expenses.

(c) The Commission shall at all times have access to and the right of inspection and examination of all accounts, records, and memoranda, including all documents, papers, and correspondence now or hereafter existing, and kept or required to be kept by such carriers, and the provisions of this section respecting the preservation and destruction of books, papers, and documents shall apply thereto. The burden of proof to justify every accounting entry questioned by the Commission shall be on the person making, authorizing, or requiring such entry and the Commission may suspend a charge or credit pending submission of proof by such person. Any provision of law prohibiting the disclosure of the contents of messages or communications shall not be deemed to prohibit the disclosure of any matter in accordance with the provisions of this section.

(d) In case of failure or refusal on the part of any such carrier to keep such accounts, records, and memoranda on the books and in the manner prescribed by the Commission, or to submit such accounts, records, memoranda, documents, papers, and correspondence as are kept to the inspection of the Commission or any of its authorized agents, such carrier shall forfeit to the United States the sum of \$500 for each day of the continuance of each such offense.

(e) Any person who shall willfully make any false entry in the accounts of any book of accounts or in any record or memoranda kept by any such carrier, or who shall willfully destroy, mutilate, alter, or by any other means or device falsify any such account, record, or memoranda, or who shall willfully neglect or fail to make full, true, and correct entries in such accounts, records, or memoranda of all facts and transactions appertaining to the business of the carrier, shall be deemed guilty of a misdemeanor, and shall be subject, upon conviction, to a fine of not less than \$1,000 nor more than \$5,000 or imprisonment for a term of not less than one year nor more than three years, or both such fine and imprisonment: Provided, That the Commission may in its discretion issue orders specifying such operating, accounting, or financial papers, records, books, blanks or documents which may, after a reasonable time, be destroyed, and prescribing the length of time such books, papers, or documents shall be preserved.

(f) No member, officer, or employee of the Commission shall divulge any fact or information which may come to his knowledge during the course of examination of books or other accounts, as hereinbefore provided, except insofar as he may be directed by the Commission or by a court.

(g) After the Commission has prescribed the forms and manner of keeping of accounts, records, and memoranda to be kept by any person as herein provided, it shall be unlawful for such person to keep any other accounts, records, or memoranda than those so prescribed or such as may be approved by the Commission or to keep the accounts in any other manner than that prescribed or approved by the Commission. Notice of alterations by the Commission in the required manner or form of keeping accounts shall be given to such persons by the Commission at least six months before the same are to take effect.

(h) The Commission may classify carriers subject to this Act and prescribe different requirements under this section for different classes of carriers, and may, if it deems such action consistent

with the public interest, except the carriers of any particular class or classes in any State from any of the requirements under this section in cases where such carriers are subject to State commission regulation with respect to matters to which this section relates.

(i) The Commission, before prescribing any requirements as to accounts, records, or memoranda, shall notify each State commission having jurisdiction with respect to any carrier involved, and shall give reasonable opportunity to each such commission to present its views, and shall receive and consider such views and recommendations.

(j) The Commission shall investigate and report to Congress as to the need of legislation to define further or harmonize the powers of the Commission and of State commissions with respect to matters to which this section relates.

### Special Provisions Relating to Telephone Companies

SEC. 221. (a) Upon application of one or more telephone companies for authority to consolidate their properties or a part thereof into a single company, or for authority for one or more such companies to acquire the whole or any part of the property of another telephone company or other telephone companies or the control thereof by the purchase of securities or by lease or in any other like manner, when such consolidated company would be subject to this Act, the Commission shall fix a time and place for a public hearing upon such application and shall thereupon give reasonable notice in writing to the Governor of each of the States in which the physical property affected, or any part thereof, is situated, and to the State commission having jurisdiction over telephone companies, and to such other persons as it may deem advisable. After such public hearing, if the Commission finds that the proposed consolidation, acquisition, or control will be of advantage to the persons to whom service is to be rendered and in the public interest, it shall certify to that effect; and thereupon any Act or Acts of Congress making the proposed transaction unlawful shall not apply. Nothing in this subsection shall be construed as in any wise limiting or restricting the powers of the several States to control and regulate telephone companies.

(b) Nothing in this Act shall be construed to apply, or to give the Commission jurisdiction, with respect to charges, classifications, practices, services, facilities, or regulations for or in connection with wire telephone exchange service, even though a portion of such exchange service constitutes interstate or foreign communication, in any case where such matters are subject to regulation by a State commission or by local governmental authority.

(c) For the purpose of administering this Act as to carriers engaged in wire telephone communication, the Commission may classify the property of any such carrier used for wire telephone communication, and determine what property of said carrier shall be considered as used in interstate or foreign telephone toll service. Such classification shall be made after hearing, upon notice to the carrier, the State commission (or the Governor, if the State has no State commission) of any State in which the property of said carrier is located, and such other persons as the Commission may prescribe.

(d) In making a valuation of the property of any wire telephone carrier the Commission, after making the classification authorized in this section, may in its discretion value only that part of the property of such carrier determined to be used in interstate or foreign telephone toll service.

## Title III—Special Provisions Relating to Radio

### License for Radio Communication or Transmission of Energy

SEC. 301. It is the purpose of this Act, among other things, to maintain the control of the United States over all the channels of interstate and foreign radio transmission; and to provide for the use of such channels, but not the ownership thereof, by persons for limited periods of time, under licenses granted by Federal authority, and no such license shall be construed to create any right, beyond the terms, conditions, and periods of the license. No person shall use or operate any apparatus for the transmission of energy or communications or signals by radio (a) from one place in any Territory or possession of the United States or in the District of Columbia to another place in the same Territory, possession, or District; or (b) from any State, Territory, or possession of the United States, or from the District of Columbia to any other State, Territory, or possession of the United States; or (c) from any place in any State, Territory, or possession of the United States, or in the District of Columbia, to any place in any foreign country

or to any vessel; or (d) within any State when the effects of such use extend beyond the borders of said State, or when interference is caused by such use or operation with the transmission of such energy, communications, or signals from within said State to any place beyond its borders, or from any place beyond its borders to any place within said State, or with the transmission or reception of such energy, communications, or signals from and/or to places beyond the borders of said State; or (e) upon any vessel or aircraft of the United States; or (f) upon any other mobile stations within the jurisdiction of the United States, except under and in accordance with this Act and with a license in that behalf granted under the provisions of this Act.

### Zones

SEC. 302. (a) For the purposes of this title the United States is divided into five zones, as follows: The first zone shall embrace the States of Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, and the District of Columbia; the second zone shall embrace the States of Pennsylvania, Virginia, West Virginia, Ohio, Michigan, and Kentucky; the third zone shall embrace the States of North Carolina, South Carolina, Georgia, Florida, Alabama, Tennessee, Mississippi, Arkansas, Louisiana, Texas, and Oklahoma; the fourth zone shall embrace the States of Indiana, Illinois, Wisconsin, Minnesota, North Dakota, South Dakota, Iowa, Nebraska, Kansas, and Missouri; and the fifth zone shall embrace the States of Montana, Idaho, Wyoming, Colorado, New Mexico, Arizona, Utah, Nevada, Washington, Oregon, and California.

(b) The Virgin Islands, Puerto Rico, Alaska, Guam, American Samoa, and the Territory of Hawaii are expressly excluded from the zones herein established.

### General Powers of Commission

SEC. 303. Except as otherwise provided in this Act, the Commission from time to time, as public convenience, interest, or necessity requires, shall—

(a) Classify radio stations;

(b) Prescribe the nature of the service to be rendered by each class of licensed stations and each station within any class;

(c) Assign bands of frequencies to the various classes of stations, and assign frequencies for each individual station and determine the power which each station shall use and the time during which it may operate;

(d) Determine the location of classes of stations or individual stations;

(e) Regulate the kind of apparatus to be used with respect to its external effects and the purity and sharpness of the emissions from each station and from the apparatus therein;

(f) Make such regulations not inconsistent with law as it may deem necessary to prevent interference between stations and to carry out the provisions of this Act: Provided, however, That changes in the frequencies, authorized power, or in the times of operation of any station, shall not be made without the consent of the station licensee unless, after a public hearing, the Commission shall determine that such changes will promote public convenience or interest or will serve public necessity, or the provisions of this Act will be more fully complied with;

(g) Study new uses for radio, provide for experimental uses of frequencies, and generally encourage the larger and more effective use of radio in the public interest;

(h) Have authority to establish areas or zones to be served by any station;

(i) Have authority to make special regulations applicable to radio stations engaged in chain broadcasting;

(j) Have authority to make general rules and regulations requiring stations to keep such records of programs, transmissions of energy, communications, or signals as it may deem desirable.

(k) Have authority to exclude from the requirements of any regulations in whole or in part any radio station upon railroad rolling stock, or to modify such regulations in its discretion;

(l) Have authority to prescribe the qualifications of station operators, to classify them according to the duties to be performed, to fix the forms of such licenses, and to issue them to such citizens of the United States as the Commission finds qualified.

(m) Have authority to suspend the license of any operator for a period not exceeding two years upon proof sufficient to satisfy the Commission that the licensee (1) has violated any provision of any Act or treaty binding on the United States which the Commission is authorized by this Act to administer or any regulation made by the Commission under any such Act or treaty;

or (2) has failed to carry out the lawful orders of the master of the vessel on which he is employed; or (3) has willfully damaged or permitted radio apparatus to be damaged; or (4) has transmitted superfluous radio communications or signals or radio communications containing profane or obscene words or language; or (5) has willfully or maliciously interfered with any other radio communications or signals;

(n) Have authority to inspect all transmitting apparatus to ascertain whether in construction and operation it conforms to the requirements of this Act, the rules and regulations of the Commission, and the license under which it is constructed or operated;

(o) Have authority to designate call letters of all stations;

(p) Have authority to cause to be published such call letters and such other announcements and data as in the judgment of the Commission may be required for the efficient operation of radio stations subject to the jurisdiction of the United States and for the proper enforcement of this Act;

(q) Have authority to require the painting and/or illumination of radio towers if and when in its judgment such towers constitute, or there is a reasonable possibility that they may constitute, a menace to air navigation.

#### Waiver by Licensee

SEC. 304. No station license shall be granted by the Commission until the applicant therefor shall have signed a waiver of any claim to the use of any particular frequency or of the ether as against the regulatory power of the United States because of the previous use of the same, whether by license or otherwise.

#### Government-Owned Stations

SEC. 305. (a) Radio stations belonging to and operated by the United States shall not be subject to the provisions of sections 301 and 303 of this Act. All such Government stations shall use such frequencies as shall be assigned to each or to each class by the President. All such stations, except stations on board naval and other Government vessels while at sea or beyond the limits of the continental United States, when transmitting any radio communication or signal other than a communication or signal relating to Government business, shall conform to such rules and regulations designed to prevent interference with other radio stations and the rights of others as the Commission may prescribe.

(b) Radio stations on board vessels of the United States Shipping Board Bureau or the United States Shipping Board Merchant Fleet Corporation or the Inland and Coastwise Waterways Service shall be subject to the provisions of this title.

(c) All stations owned and operated by the United States, except mobile stations of the Army of the United States, and all other stations on land and sea, shall have special call letters designated by the Commission.

#### Foreign Ships

SEC. 306. Section 301 of this Act shall not apply to any person sending radio communications or signals on a foreign ship while the same is within the jurisdiction of the United States, but such communications or signals shall be transmitted only in accordance with such regulations designed to prevent interference as may be promulgated under the authority of this Act.

#### Allocation of Facilities; Term of Licenses

SEC. 307. (a) The Commission, if public convenience, interest, or necessity will be served thereby, subject to the limitations of this Act, shall grant to any applicant therefor a station license provided for by this Act.

(b) It is hereby declared that the people of all the zones established by this title are entitled to equality of radio broadcasting service, both of transmission and of reception, and in order to provide said equality the Commission shall as nearly as possible make and maintain an equal allocation of broadcasting licenses, of bands of frequency, of periods of time for operation, and of station power, to each of said zones when and insofar as there are applications therefor; and shall make a fair and equitable allocation of licenses, frequencies, time for operation, and station power to each of the States and the District of Columbia, within each zone, according to population. The Commission shall carry into effect the equality of broadcasting service hereinbefore directed, whenever necessary or proper, by granting or refusing licenses or renewals of licenses, by changing periods of time for operation, and by increasing or decreasing station power, when applications are made for licenses or renewals of licenses: Provided, That if and when there is a lack of applications from any zone for the

proportionate share of licenses, frequencies, time of operation, or station power to which such zone is entitled, the Commission may issue licenses for the balance of the proportion not applied for from any zone, to applicants from other zones for a temporary period of ninety days each, and shall specifically designate that said apportionment is only for said temporary period. Allocations shall be charged to the State or District wherein the studio of the station is located and not where the transmitter is located: Provided further, That the Commission may also grant applications for additional licenses for stations not exceeding one hundred watts of power if the Commission finds that such stations will serve the public convenience, interest, or necessity, and that their operation will not interfere with the fair and efficient radio service of stations licensed under the provisions of this section.

(c) The Commission shall study the proposal that Congress by statute allocate fixed percentages of radio broadcasting facilities to particular types or kinds of non-profit radio programs or to persons identified with particular types or kinds of non-profit activities, and shall report to Congress, not later than February 1, 1935, its recommendations together with the reasons for the same.

(d) No license granted for the operation of a broadcasting station shall be for a longer term than three years and no license so granted for any other class of station shall be for a longer term than five years, and any license granted may be revoked as hereinafter provided. Upon the expiration of any license, upon application therefor, a renewal of such license may be granted from time to time for a term of not to exceed three years in the case of broadcasting licenses and not to exceed five years in the case of other licenses, but action of the Commission with reference to the granting of such application for the renewal of a license shall be limited to and governed by the same considerations and practice which affect the granting of original applications.

(e) No renewal of an existing station license shall be granted more than thirty days prior to the expiration of the original license.

#### Applications for Licenses; Conditions in License for Foreign Communication

SEC. 308. (a) The Commission may grant licenses, renewal of licenses, and modification of licenses only upon written application therefor received by it: Provided, however, That in cases of emergency found by the Commission, licenses, renewals of licenses, and modifications of licenses, for stations on vessels or aircraft of the United States, may be issued under such conditions as the Commission may impose, without such formal application. Such licenses, however, shall in no case be for a longer term than three months: Provided further, That the Commission may issue by cable, telegraph, or radio a permit for the operation of a station on a vessel of the United States at sea, effective in lieu of a license until said vessel shall return to a port of the continental United States.

(b) All such applications shall set forth such facts as the Commission by regulation may prescribe as to the citizenship, character, and financial, technical, and other qualifications of the applicant to operate the station; the ownership and location of the proposed station and of the stations, if any, with which it is proposed to communicate; the frequencies and the power desired to be used; the hours of the day or other periods of time during which it is proposed to operate the station; the purposes for which the station is to be used; and such other information as it may require. The Commission, at any time after the filing of such original application and during the term of any such license, may require from an applicant or licensee further written statements of fact to enable it to determine whether such original application should be granted or denied or such license revoked. Such application and/or such statement of fact shall be signed by the applicant and/or licensee under oath or affirmation.

(c) The Commission in granting any license for a station intended or used for commercial communication between the United States or any Territory or possession, continental or insular, subject to the jurisdiction of the United States, and any foreign country, may impose any terms, conditions, or restrictions authorized to be imposed with respect to submarine-cable licenses by section 2 of an Act entitled "An Act relating to the landing and the operation of submarine cables in the United States," approved May 24, 1921.

#### Hearings on Applications for Licenses; Form of Licenses; Conditions Attached to Licenses

SEC. 309. (a) If upon examination of any application for a station license or for the renewal or modification of a station license

the Commission shall determine that public interest, convenience, or necessity would be served by the granting thereof, it shall authorize the issuance, renewal, or modification thereof in accordance with said finding. In the event the Commission upon examination of any such application does not reach such decision with respect thereto, it shall notify the applicant thereof, shall fix and give notice of a time and place for hearing thereon, and shall afford such applicant an opportunity to be heard under such rules and regulations as it may prescribe.

(b) Such station licenses as the Commission may grant shall be in such general form as it may prescribe, but each license shall contain, in addition to other provisions, a statement of the following conditions to which such license shall be subject:

(1) The station license shall not vest in the licensee any right to operate the station nor any right in the use of the frequencies designated in the license beyond the term thereof nor in any other manner than authorized therein.

(2) Neither the license nor the right granted thereunder shall be assigned or otherwise transferred in violation of this Act.

(3) Every license issued under this Act shall be subject in terms to the right of use or control conferred by section 606 hereof.

#### Limitation on Holding and Transfer of Licenses

SEC. 310. (a) The station license required hereby shall not be granted to or held by—

(1) Any alien or the representative of any alien;

(2) Any foreign government or the representative thereof;

(3) Any corporation organized under the laws of any foreign government;

(4) Any corporation of which any officer or director is an alien or of which more than one-fifth of the capital stock is owned of record or voted by aliens or their representatives or by a foreign government or representative thereof, or by any corporation organized under the laws of a foreign country;

(5) Any corporation directly or indirectly controlled by any other corporation of which any officer or more than one-fourth of the directors are aliens, or of which more than one-fourth of the capital stock is owned of record or voted, after June 1, 1935, by aliens, their representatives, or by a foreign government or representative thereof, or by any corporation organized under the laws of a foreign country, if the Commission finds that the public interest will be served by the refusal or the revocation of such license.

Nothing in this subsection shall prevent the licensing of radio apparatus on board any vessel, aircraft, or other mobile station of the United States when the installation and use of such apparatus is required by Act of Congress or any treaty to which the United States is a party.

(b) The station license required hereby, the frequencies authorized to be used by the licensee, and the rights therein granted shall not be transferred, assigned, or in any manner either voluntarily or involuntarily disposed of, or indirectly by transfer of control of any corporation holding such license, to any person, unless the Commission shall, after securing full information, decide that said transfer is in the public interest, and shall give its consent in writing.

#### Refusal of Licenses and Permits in Certain Cases

SEC. 311. The Commission is hereby directed to refuse a station license and/or the permit hereinafter required for the construction of a station to any person (or to any person directly or indirectly controlled by such person) whose license has been revoked by a court under section 313, and is hereby authorized to refuse such station license and/or permit to any other person (or to any person directly or indirectly controlled by such person) which has been finally adjudged guilty by a Federal court of unlawfully monopolizing or attempting unlawfully to monopolize, radio communication, directly or indirectly, through the control of the manufacture or sale of radio apparatus, through exclusive traffic arrangements, or by any other means, or to have been using unfair methods of competition. The granting of a license shall not estop the United States or any person aggrieved from proceeding against such person for violating the law against unfair methods of competition or for a violation of the law against unlawful restraints and monopolies and/or combinations, contracts, or agreements in restraint of trade, or from instituting proceedings for the dissolution of such corporation.

#### Revocation of Licenses

SEC. 312. (a) Any station license may be revoked for false statements either in the application or in the statement of fact

which may be required by section 308 hereof, or because of conditions revealed by such statements of fact as may be required from time to time which would warrant the Commission in refusing to grant a license on an original application, or for failure to operate substantially as set forth in the license, or for violation of or failure to observe any of the restrictions and conditions of this Act or of any regulation of the Commission authorized by this Act or by a treaty ratified by the United States: Provided, however, That no such order of revocation shall take effect until fifteen days' notice in writing thereof, stating the cause for the proposed revocation, has been given to the licensee. Such licensee may make written application to the Commission at any time within said fifteen days for a hearing upon such order, and upon the filing of such written application said order of revocation shall stand suspended until the conclusion of the hearing conducted under such rules as the Commission may prescribe. Upon the conclusion of said hearing the Commission may affirm, modify, or revoke said order of revocation.

(b) Any station license hereafter granted under the provisions of this Act or the construction permit required hereby and hereafter issued, may be modified by the Commission either for a limited time or for the duration of the term thereof, if in the judgment of the Commission such action will promote the public interest, convenience, and necessity, or the provisions of this Act or of any treaty ratified by the United States will be more fully complied with: Provided, however, That no such order of modification shall become final until the holder of such outstanding license or permit shall have been notified in writing of the proposed action and the grounds or reasons therefor and shall have been given reasonable opportunity to show cause why such an order of modification should not issue.

#### Application of Antitrust Laws

SEC. 313. All laws of the United States relating to unlawful restraints and monopolies and to combinations, contracts, or agreements in restraint of trade are hereby declared to be applicable to the manufacture and sale of and to trade in radio apparatus and devices entering into or affecting interstate or foreign commerce and to interstate or foreign radio communications. Whenever in any suit, action, or proceeding, civil or criminal, brought under the provisions of any of said laws or in any proceedings brought to enforce or to review findings and orders of the Federal Trade Commission or other governmental agency in respect of any matters as to which said Commission or other governmental agency is by law authorized to act, any licensee shall be found guilty of the violation of the provisions of such laws or any of them, the court, in addition to the penalties imposed by said laws, may adjudge, order, and/or decree that the license of such licensee shall, as of the date the decree of judgment becomes finally effective or as of such other date as the said decree shall fix, be revoked and that all rights under such license shall thereupon cease: Provided, however, That such licensee shall have the same right of appeal or review as is provided by law in respect of other decrees and judgments of said court.

#### Preservation of Competition in Commerce

SEC. 314. After the effective date of this Act no person engaged directly, or indirectly through any person directly or indirectly controlling or controlled by, or under direct or indirect common control with, such person, or through an agent, or otherwise, in the business of transmitting and/or receiving for hire energy, communications, or signals by radio in accordance with the terms of the license issued under this Act, shall by purchase, lease, construction, or otherwise, directly or indirectly, acquire, own, control, or operate any cable or wire telegraph or telephone line or system, between any place in any State, Territory, or possession of the United States or in the District of Columbia, and any place in any foreign country, or shall acquire, own, or control any part of the stock or other capital share or any interest in the physical property and/or other assets of any such cable, wire, telegraph, or telephone line or system, if in either case the purpose is and/or the effect thereof may be to substantially lessen competition or to restrain commerce between any place in any State, Territory, or possession of the United States, or in the District of Columbia, and any place in any foreign country, or unlawfully to create monopoly in any line of commerce; nor shall any person engaged directly, or indirectly through any person directly or indirectly controlling or controlled by, or under direct or indirect common control with, such person, or through an agent, or otherwise, in the business of transmitting and/or receiving for hire messages by any cable, wire, telegraph, or telephone line or system (a) between any place in any

State, Territory, or possession of the United States, or in the District of Columbia, and any place in any other State, Territory, or possession of the United States; or (h) between any place in any State, Territory, or possession of the United States, or the District of Columbia, and any place in any foreign country, by purchase, lease, construction, or otherwise, directly or indirectly acquire, own, control, or operate any station or the apparatus therein, or any system for transmitting and/or receiving radio communications or signals between any place in any State, Territory, or possession of the United States, or in the District of Columbia, and any place in any foreign country, or shall acquire, own, or control any part of the stock or other capital share or any interest in the physical property and/or other assets of any such radio station, apparatus, or system, if in either case the purpose is and/or the effect thereof may be to substantially lessen competition or to restrain commerce between any place in any State, Territory, or possession of the United States, or in the District of Columbia, and any place in any foreign country, or unlawfully to create monopoly in any line of commerce.

#### **Facilities for Candidates for Public Office**

SEC. 315. If any licensee shall permit any person who is a legally qualified candidate for any public office to use a broadcasting station, he shall afford equal opportunities to all other such candidates for that office in the use of such broadcasting station, and the Commission shall make rules and regulations to carry this provision into effect: Provided, That such licensee shall have no power of censorship over the material broadcast under the provisions of this section. No obligation is hereby imposed upon any licensee to allow the use of its station by any such candidate.

#### **Lotteries and Other Similar Schemes**

SEC. 316. No person shall broadcast by means of any radio station for which a license is required by any law of the United States, and no person operating any such station shall knowingly permit the broadcasting of, any advertisement of or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance, or any list of the prizes drawn or awarded by means of any such lottery, gift enterprise, or scheme, whether said list contains any part or all of such prizes. Any person violating any provision of this section shall, upon conviction thereof, be fined not more than \$1,000 or imprisoned not more than one year, or both, for each and every day during which such offense occurs.

#### **Announcement That Matter Is Paid For**

SEC. 317. All matter broadcast by any radio station for which service, money, or any other valuable consideration is directly or indirectly paid, or promised to or charged or accepted by, the station so broadcasting, from any person, shall, at the time the same is so broadcast, be announced as paid for or furnished, as the case may be, by such person.

#### **Operation of Transmitting Apparatus**

SEC. 318. The actual operation of all transmitting apparatus in any radio station for which a station license is required by this Act shall be carried on only by a person holding an operator's license issued hereunder. No person shall operate any such apparatus in such station except under and in accordance with an operator's license issued to him by the Commission.

#### **Construction Permits**

SEC. 319. (a) No license shall be issued under the authority of this Act for the operation of any station the construction of which is begun or is continued after this Act takes effect, unless a permit for its construction has been granted by the Commission upon written application therefor. The Commission may grant such permit if public convenience, interest, or necessity will be served by the construction of the station. This application shall set forth such facts as the Commission by regulation may prescribe as to the citizenship, character, and the financial, technical, and other ability of the applicant to construct and operate the station, the ownership and location of the proposed station and of the station or stations with which it is proposed to communicate, the frequencies desired to be used, the hours of the day or other periods of time during which it is proposed to operate the station, the purpose for which the station is to be used, the type of transmitting apparatus to be used, the power to be used, the date upon which the

station is expected to be completed and in operation, and such other information as the Commission may require. Such application shall be signed by the applicant under oath or affirmation.

(b) Such permit for construction shall show specifically the earliest and latest dates between which the actual operation of such station is expected to begin, and shall provide that said permit will be automatically forfeited if the station is not ready for operation within the time specified or within such further time as the Commission may allow, unless prevented by causes not under the control of the grantee. The rights under any such permit shall not be assigned or otherwise transferred to any person without the approval of the Commission. A permit for construction shall not be required for Government stations, amateur stations, or stations upon mobile vessels, railroad rolling stock, or aircraft. Upon the completion of any station for the construction or continued construction of which a permit has been granted, and upon it being made to appear to the Commission that all the terms, conditions, and obligations set forth in the application and permit have been fully met, and that no cause or circumstance arising or first coming to the knowledge of the Commission since the granting of the permit would, in the judgment of the Commission, make the operation of such station against the public interest, the Commission shall issue a license to the lawful holder of said permit for the operation of said station. Said license shall conform generally to the terms of said permit.

#### **Designation of Stations Liable to Interfere with Distress Signals**

SEC. 320. The Commission is authorized to designate from time to time radio stations the communications or signals of which, in its opinion, are liable to interfere with the transmission or reception of distress signals of ships. Such stations are required to keep a licensed radio operator listening in on the frequencies designated for signals of distress and radio communications relating thereto during the entire period the transmitter of such station is in operation.

#### **Distress Signals and Communications**

SEC. 321. (a) Every radio station on shipboard shall be equipped to transmit radio communications or signals of distress on the frequency specified by the Commission, with apparatus capable of transmitting and receiving messages over a distance of at least one hundred miles by day or night. When sending radio communications or signals of distress and radio communications relating thereto the transmitting set may be adjusted in such a manner as to produce a maximum of radiation irrespective of the amount of interference which may thus be caused.

(b) All radio stations, including Government stations and stations on board foreign vessels when within the territorial waters of the United States, shall give absolute priority to radio communications or signals relating to ships in distress; shall cease all sending on frequencies which will interfere with hearing a radio communication or signal of distress, and, except when engaged in answering or aiding the ship in distress, shall refrain from sending any radio communications or signals until there is assurance that no interference will be caused with the radio communications or signals relating thereto, and shall assist the vessel in distress, so far as possible, by complying with its instructions.

#### **Intercommunication in Mobile Service**

SEC. 322. Every land station open to general public service between the coast and vessels at sea shall be bound to exchange radio communications or signals with any ship station without distinction as to radio systems or instruments adopted by such stations, respectively, and each station on shipboard shall be bound to exchange radio communications or signals with any other station on shipboard without distinction as to radio systems or instruments adopted by each station.

#### **Interference Between Government and Commercial Stations**

SEC. 323. (a) At all places where Government and private or commercial radio stations on land operate in such close proximity that interference with the work of Government stations cannot be avoided when they are operating simultaneously, such private or commercial stations as do interfere with the transmission or reception of radio communications or signals by the Government stations concerned shall not use their transmitters during the first fifteen minutes of each hour, local standard time.

(b) The Government stations for which the above-mentioned division of time is established shall transmit radio communications or signals only during the first fifteen minutes of each hour, local standard time, except in case of signals or radio communications relating to vessels in distress and vessel requests for information as to course, location, or compass direction.

#### **Use of Minimum Power**

SEC. 324. In all circumstances, except in case of radio communications or signals relating to vessels in distress, all radio stations, including those owned and operated by the United States, shall use the minimum amount of power necessary to carry out the communication desired.

#### **False Distress Signals; Rebroadcasting; Studios of Foreign Stations**

SEC. 325. (a) No person within the jurisdiction of the United States shall knowingly utter or transmit, or cause to be uttered or transmitted, any false or fraudulent signal of distress, or communication relating thereto, nor shall any broadcasting station rebroadcast the program or any part thereof of another broadcasting station without the express authority of the originating station.

(b) No person shall be permitted to locate, use, or maintain a radio broadcast studio or other place or apparatus from which or whereby sound waves are converted into electrical energy, or mechanical or physical reproduction of sound waves produced, and caused to be transmitted or delivered to a radio station in a foreign country for the purpose of being broadcast from any radio station there having a power output of sufficient intensity and/or being so located geographically that its emissions may be received consistently in the United States, without first obtaining a permit from the Commission upon proper application therefor.

(c) Such application shall contain such information as the Commission may by regulation prescribe, and the granting or refusal thereof shall be subject to the requirements of section 309 hereof with respect to applications for station licenses of section 309 hereof with respect to applications for station licenses or renewal or modification thereof, and the license or permission so granted shall be revocable for false statements in the application so required or when the Commission, after hearings, shall find its continuation no longer in the public interest.

#### **Censorship; Indecent Language**

SEC. 326. Nothing in this Act shall be understood or construed to give the Commission the power of censorship over the radio communications or signals transmitted by any radio station, and no regulation or condition shall be promulgated or fixed by the Commission which shall interfere with the right of free speech by means of radio communication. No person within the jurisdiction of the United States shall utter any obscene, indecent, or profane language by means of radio communication.

#### **Use of Naval Stations for Commercial Messages**

SEC. 327. The Secretary of the Navy is hereby authorized, unless restrained by international agreement, under the terms and conditions and at rates prescribed by him, which rates shall be just and reasonable, and which, upon complaint, shall be subject to review and revision by the Commission, to use all radio stations and apparatus, wherever located, owned by the United States and under the control of the Navy Department, (a) for the reception and transmission of press messages offered by any newspaper published in the United States, its Territories or possessions, or published by citizens of the United States in foreign countries, or by any press association of the United States, and (b) for the reception and transmission of private commercial messages between ships, between ship and shore, between localities in Alaska and between Alaska and the continental United States: Provided, That the rates fixed for the reception and transmission of all such messages, other than press messages between the Pacific coast of the United States, Hawaii, Alaska, Guam, American Samoa, the Philippine Islands, and the Orient, and between the United States and the Virgin Islands, shall not be less than the rates charged by privately owned and operated stations for like messages and service: Provided further, That the right to use such stations for any of the purposes named in this section shall terminate and cease as between any countries or localities or between any locality and privately operated ships whenever privately owned and operated stations are capable of meeting the normal communication

requirements between such countries or localities or between any locality and privately operated ships, and the Commission shall have notified the Secretary of the Navy thereof.

#### **Special Provision as to Philippine Islands and Canal Zone**

SEC. 328. This title shall not apply to the Philippine Islands or to the Canal Zone. In international radio matters the Philippine Islands and the Canal Zone shall be represented by the Secretary of State.

#### **Administration of Radio Laws in Territories and Possessions**

SEC. 329. The Commission is authorized to designate any officer or employee of any other department of the Government on duty in any Territory or possession of the United States other than the Philippine Islands and the Canal Zone, to render therein such services in connection with the administration of the radio laws of the United States as the Commission may prescribe: Provided, That such designation shall be approved by the head of the department in which such person is employed.

#### **Title IV—Procedural and Administrative Provisions**

##### **Jurisdiction to Enforce Act and Orders of Commission**

SECTION 401. (a) The district courts of the United States shall have jurisdiction, upon application of the Attorney General of the United States at the request of the Commission, alleging a failure to comply with or a violation of any of the provisions of this Act by any person, to issue a writ or writs of mandamus commanding such person to comply with the provisions of this Act.

(b) If any person fails or neglects to obey any order of the Commission other than for the payment of money, while the same is in effect, the Commission or any party injured thereby, or the United States, by its Attorney General, may apply to the appropriate district court of the United States for the enforcement of such order. If, after hearing, that court determines that the order was regularly made and duly served, and that the person is in disobedience of the same, the court shall enforce obedience to such order by a writ of injunction or other proper process, mandatory or otherwise, to restrain such person or the officers, agents, or representatives of such person, from further disobedience of such order, or to enjoin upon it or them obedience to the same.

(c) Upon the request of the Commission it shall be the duty of any district attorney of the United States to whom the Commission may apply to institute in the proper court and to prosecute under the direction of the Attorney General of the United States all necessary proceedings for the enforcement of the provisions of this Act and for the punishment of all violations thereof, and the costs and expenses of such prosecutions shall be paid out of the appropriations for the expenses of the courts of the United States.

(d) The provisions of the Expediting Act, approved February 11, 1903, as amended, and of section 238 (1) of the Judicial Code, as amended, shall be held to apply to any suit in equity arising under title II of this Act, wherein the United States is complainant.

##### **Proceedings to Enforce or Set Aside the Commission's Orders—Appeal in Certain Cases**

SEC. 402. (a) The provisions of the Act of October 22, 1913 (38 Stat. 219), relating to the enforcing or setting aside of the orders of the Interstate Commerce Commission, are hereby made applicable to suits to enforce, enjoin, set aside, annul, or suspend any order of the Commission under this Act (except any order of the Commission granting or refusing an application for a construction permit for a radio station, or for a radio station license, or for renewal of an existing radio station license, or for modification of an existing radio station license), and such suits are hereby authorized to be brought as provided in that Act.

(b) An appeal may be taken, in the manner hereinafter provided, from decisions of the Commission to the Court of Appeals of the District of Columbia in any of the following cases:

(1) By any applicant for a construction permit for a radio station, or for a radio station license, or for renewal of an existing radio station license, or for modification of an existing radio station license, whose application is refused by the Commission.

(2) By any other person aggrieved or whose interests are adversely affected by any decision of the Commission granting or refusing any such application.

(c) Such appeal shall be taken by filing with said court within twenty days after the decision complained of is effective, notice in writing of said appeal and a statement of the reasons therefor, together with proof of service of a true copy of said notice and statement upon the Commission. Unless a later date is specified by the Commission as part of its decision, the decision complained of shall be considered to be effective as of the date on which public announcement of the decision is made at the office of the Commission in the city of Washington. The Commission shall thereupon immediately, and in any event not later than five days from the date of such service upon it, mail or otherwise deliver a copy of said notice of appeal to each person shown by the records of the Commission to be interested in such appeal and to have a right to intervene therein under the provisions of this section, and shall at all times thereafter permit any such person to inspect and make copies of the appellant's statement of reasons for said appeal at the office of the Commission in the city of Washington. Within thirty days after the filing of said appeal the Commission shall file with the court the originals or certified copies of all papers and evidence presented to it upon the application involved, and also a like copy of its decision thereon, and shall within thirty days thereafter file a full statement in writing of the facts and grounds for its decision as found and given by it, and a list of all interested persons to whom it has mailed or otherwise delivered a copy of said notice of appeal.

(d) Within thirty days after the filing of said appeal any interested person may intervene and participate in the proceedings had upon said appeal by filing with the court a notice of intention to intervene and a verified statement showing the nature of the interest of such party, together with proof of service of true copies of said notice and statement, both upon appellant and upon the Commission. Any person who would be aggrieved or whose interests would be adversely affected by a reversal or modification of the decision of the Commission complained of shall be considered an interested party.

(e) At the earliest convenient time the court shall hear and determine the appeal upon the record before it, and shall have power, upon such record, to enter a judgment affirming or reversing the decision of the Commission, and in event the court shall render a decision and enter an order reversing the decision of the Commission it shall remand the case to the Commission to carry out the judgment of the court: Provided, however, That the review by the court shall be limited to questions of law and that findings of fact by the Commission, if supported by substantial evidence, shall be conclusive unless it shall clearly appear that the findings of the Commission are arbitrary or capricious. The court's judgment shall be final, subject, however, to review by the Supreme Court of the United States upon writ of certiorari on petition therefor under section 240 of the Judicial Code, as amended, by appellant, by the Commission, or by any interested party intervening in the appeal.

(f) The court may, in its discretion, enter judgment for costs in favor of or against an appellant, and/or other interested parties intervening in said appeal, but not against the Commission, depending upon the nature of the issues involved upon said appeal and the outcome thereof.

### **Inquiry by Commission on Its Own Motion**

SEC. 403. The Commission shall have full authority and power at any time to institute an inquiry, on its own motion, in any case and as to any matter or thing concerning which complaint is authorized to be made, to or before the Commission by any provision of this Act, or concerning which any question may arise under any of the provisions of this Act, or relating to the enforcement of any of the provisions of this Act. The Commission shall have the same powers and authority to proceed with any inquiry instituted on its motion as though it had been appealed to by complaint or petition under any of the provisions of this Act, including the power to make and enforce any order or orders in the case, or relating to the matter or thing concerning which the inquiry is had, excepting orders for the payment of money.

### **Reports of Investigations**

SEC. 404. Whenever an investigation shall be made by the Commission it shall be its duty to make a report in writing in respect thereto, which shall state the conclusions of the Commission, together with its decision, order, or requirement in the premises; and in case damages are awarded such report shall include the findings of fact on which the award is made.

### **Rehearing Before Commission**

SEC. 405. After a decision, order, or requirement has been made by the Commission in any proceeding, any party thereto may at any time make application for rehearing of the same, or any matter determined therein, and it shall be lawful for the Commission in its discretion to grant such a rehearing if sufficient reason therefor be made to appear: Provided, however, That in the case of a decision, order, or requirement made under title III, the time within which application for rehearing may be made shall be limited to twenty days after the effective date thereof, and such application may be made by any party or any person aggrieved or whose interests are adversely affected thereby. Applications for rehearing shall be governed by such general rules as the Commission may establish. No such application shall excuse any person from complying with or obeying any decision, order, or requirement of the Commission, or operate in any manner to stay or postpone the enforcement thereof, without the special order of the Commission. In case a rehearing is granted, the proceedings thereupon shall conform as nearly as may be to the proceedings in an original hearing, except as the Commission may otherwise direct; and if, in its judgment, after such rehearing and the consideration of all facts, including those arising since the former hearing, it shall appear that the original decision, order, or requirement is in any respect unjust or unwarranted, the Commission may reverse, change, or modify the same accordingly. Any decision, order, or requirement made after such rehearing, reversing, changing, or modifying the original determination, shall be subject to the same provisions as an original order.

### **Mandamus to Compel Furnishing of Facilities**

SEC. 406. The district courts of the United States shall have jurisdiction upon the relation of any person alleging any violation, by a carrier subject to this Act, of any of the provisions of this Act which prevent the relator from receiving service in interstate or foreign communication by wire or radio, or in interstate or foreign transmission of energy by radio, from said carrier at the same charges, or upon terms or conditions as favorable as those given by said carrier for like communication or transmission under similar conditions to any other person, to issue a writ or writs of mandamus against said carrier commanding such carrier to furnish facilities for such communication or transmission to the party applying for the writ: Provided, That if any question of fact as to the proper compensation to the carrier for the service to be enforced by the writ is raised by the pleadings, the writ of peremptory mandamus may issue, notwithstanding such question of fact is undetermined, upon such terms as to security, payment of money into the court, or otherwise, as the court may think proper pending the determination of the question of fact: Provided further, That the remedy hereby given by writ of mandamus shall be cumulative and shall not be held to exclude or interfere with other remedies provided by this Act.

### **Petition for Enforcement of Order for Payment of Money**

SEC. 407. If a carrier does not comply with an order for the payment of money within the time limit in such order, the complainant, or any person for whose benefit such order was made, may file in the district court of the United States for the district in which he resides or in which is located the principal operating office of the carrier, or through which the line of the carrier runs, or in any State court of general jurisdiction having jurisdiction of the parties, a petition setting forth briefly the causes for which he claims damages, and the order of the Commission in the premises. Such suit in the district court of the United States shall proceed in all respects like other civil suits for damages, except that on the trial of such suits the findings and order of the Commission shall be prima facie evidence of the facts therein stated, except that the petitioner shall not be liable for costs in the district court nor for costs at any subsequent stage of the proceedings unless they accrue upon his appeal. If the petitioner shall finally prevail, he shall be allowed a reasonable attorney's fee, to be taxed and collected as a part of the costs of the suit.

### **Orders Not for Payment of Money—When Effective**

SEC. 408. Except as otherwise provided in this Act, all orders of the Commission, other than orders for the payment of money, shall take effect within such reasonable time, not less than thirty days after service of the order, and shall continue in force until its further order, or for a specified period of time, according as

shall be prescribed in the order, unless the same shall be suspended or modified or set aside by the Commission, or be suspended or set aside by a court of competent jurisdiction.

### **General Provisions Relating to Proceedings—Witnesses and Depositions**

SEC. 409. (a) Any member or examiner of the Commission, or the director of any division, when duly designated by the Commission for such purpose, may hold hearings, sign and issue subpoenas, administer oaths, examine witnesses, and receive evidence at any place in the United States designated by the Commission; except that in the administration of title III an examiner may not be authorized to exercise such powers with respect to a matter involving (1) a change of policy by the Commission, (2) the revocation of a station license, (3) new devices or developments in radio, or (4) a new kind of use of frequencies. In all cases heard by an examiner the Commission shall hear oral arguments on request of either party.

(b) For the purposes of this Act the Commission shall have the power to require by subpoena the attendance and testimony of witnesses and the production of all books, papers, schedules of charges, contracts, agreements, and documents relating to any matter under investigation. Witnesses summoned before the Commission shall be paid the same fees and mileage that are paid witnesses in the courts of the United States.

(c) Such attendance of witnesses, and the production of such documentary evidence, may be required from any place in the United States, at any designated place of hearing. And in case of disobedience to a subpoena the Commission, or any party to a proceeding before the Commission, may invoke the aid of any court of the United States in requiring the attendance and testimony of witnesses and the production of books, papers, and documents under the provisions of this section.

(d) Any of the district courts of the United States within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any common carrier or licensee or other person, issue an order requiring such common carrier, licensee, or other person to appear before the Commission (and produce books and papers if so ordered) and give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.

(e) The testimony of any witness may be taken, at the instance of a party, in any proceeding or investigation pending before the Commission, by deposition, at any time after a cause or proceeding is at issue on petition and answer. The Commission may also order testimony to be taken by deposition in any proceeding or investigation pending before it, at any stage of such proceeding or investigation. Such depositions may be taken before any judge of any court of the United States, or any United States commissioner, or any clerk of a district court, or any chancellor, justice, or judge of a supreme or superior court, mayor, or chief magistrate of a city, judge of a county court, or court of common pleas of any of the United States, or any notary public, not being of counsel or attorney to either of the parties, nor interested in the event of the proceeding or investigation. Reasonable notice must first be given in writing by the party or his attorney proposing to take such deposition to the opposite party or his attorney of record, as either may be nearest, which notice shall state the name of the witness and the time and place of the taking of his deposition. Any person may be compelled to appear and depose, and to produce documentary evidence, in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the Commission, as hereinbefore provided.

(f) Every person deposing as herein provided shall be cautioned and sworn (or affirm, if he so request) to testify the whole truth, and shall be carefully examined. His testimony shall be reduced to writing by the magistrate taking the deposition, or under his direction, and shall, after it has been reduced to writing, be subscribed by the deponent.

(g) If a witness whose testimony may be desired to be taken by deposition be in a foreign country, the deposition may be taken before an officer or person designated by the Commission, or agreed upon by the parties by stipulation in writing to be filed with the Commission. All depositions must be promptly filed with the Commission.

(h) Witnesses whose depositions are taken as authorized in this Act, and the magistrate or other officer taking the same, shall severally be entitled to the same fees as are paid for like services in the courts of the United States.

(i) No person shall be excused from attending and testifying

or from producing books, papers, schedules of charges, contracts, agreements, and documents before the Commission, or in obedience to the subpoena of the Commission, whether such subpoena be signed or issued by one or more commissioners, or in any cause or proceeding, criminal or otherwise, based upon or growing out of any alleged violation of this Act, or of any amendments thereto, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him may tend to incriminate him or subject him to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.

(j) Any person who shall neglect or refuse to attend and testify, or to answer any lawful inquiry, or to produce books, papers, schedules of charges, contracts, agreements, and documents, if in his power to do so, in obedience to the subpoena or lawful requirement of the Commission, shall be guilty of a misdemeanor and upon conviction thereof by a court of competent jurisdiction shall be punished by a fine of not less than \$100 nor more than \$5,000, or by imprisonment for not more than one year, or by both such fine and imprisonment.

### **Use of Joint Boards—Cooperation with State Commissions**

SEC. 410. (a) The Commission may refer any matter arising in the administration of this Act to a joint board to be composed of a member, or of an equal number of members, as determined by the Commission, from each of the States in which the wire or radio communication affected by or involved in the proceeding takes place or is proposed, and any such board shall be vested with the same powers and be subject to the same duties and liabilities as in the case of a member of the Commission when designated by the Commission to hold a hearing as hereinbefore authorized. The action of a joint board shall have such force and effect and its proceedings shall be conducted in such manner as the Commission shall by regulations prescribe. The joint board member or members for each State shall be nominated by the State commission of the State or by the Governor if there is no State commission, and appointed by the Federal Communications Commission. The Commission shall have discretion to reject any nominee. Joint board members shall receive such allowances for expenses as the Commission shall provide.

(b) The Commission may confer with any State commission having regulatory jurisdiction with respect to carriers, regarding the relationship between rate structures, accounts, charges, practices, classifications, and regulations of carriers subject to the jurisdiction of such State commission and of the Commission; and the Commission is authorized under such rules and regulations as it shall prescribe to hold joint hearings with any State commission in connection with any matter with respect to which the Commission is authorized to act. The Commission is authorized in the administration of this Act to avail itself of such cooperation, services, records, and facilities as may be afforded by any State commission.

### **Joinder of Parties**

SEC. 411. (a) In any proceeding for the enforcement of the provisions of this Act, whether such proceeding be instituted before the Commission or be begun originally in any district court of the United States, it shall be lawful to include as parties, in addition to the carrier, all persons interested in or affected by the charge, regulation, or practice under consideration, and inquiries, investigations, orders, and decrees may be made with reference to and against such additional parties in the same manner, to the same extent, and subject to the same provisions as are or shall be authorized by law with respect to carriers.

(b) In any suit for the enforcement of an order for the payment of money all parties in whose favor the Commission may have made an award for damages by a single order may be joined as plaintiffs, and all of the carriers parties to such order awarding such damages may be joined as defendants, and such suit may be maintained by such joint plaintiffs and against such joint defendants in any district where any one of such joint plaintiffs could maintain such suit against any one of such joint defendants; and service of process against any one of such defendants as may not be found in the district where the suit is brought may be made

in any district where such defendant carrier has its principal operating office. In case of such joint suit, the recovery, if any, may be by judgment in favor of any one of such plaintiffs, against the defendant found to be liable to such plaintiff.

#### **Documents Filed to Be Public Records—Use in Proceedings**

SEC. 412. The copies of schedules of charges, classifications, and of all contracts, agreements, and arrangements between common carriers filed with the Commission as herein provided, and the statistics, tables, and figures contained in the annual or other reports of carriers and other persons made to the Commission as required under the provisions of this Act shall be preserved as public records in the custody of the secretary of the Commission, and shall be received as prima facie evidence of what they purport to be for the purpose of investigations by the Commission and in all judicial proceedings; and copies of and extracts from any of said schedules, classifications, contracts, agreements, arrangements, or reports, made public records as aforesaid, certified by the secretary, under the Commission's seal, shall be received in evidence with like effect as the originals: Provided, That the Commission may, if the public interest will be served thereby, keep confidential any contract, agreement, or arrangement relating to foreign wire or radio communication when the publication of such contract, agreement, or arrangement would place American communication companies at a disadvantage in meeting the competition of foreign communication companies.

#### **Designation of Agent for Service**

SEC. 413. It shall be the duty of every carrier subject to this Act, within sixty days after the taking effect of this Act, to designate in writing an agent in the District of Columbia, upon whom service of all notices and process and all orders, decisions, and requirements of the Commission may be made for and on behalf of said carrier in any proceeding or suit pending before the Commission, and to file such designation in the office of the secretary of the Commission, which designation may from time to time be changed by like writing similarly filed; and thereupon service of all notices and process and orders, decisions, and requirements of the Commission may be made upon such carrier by leaving a copy thereof with such designated agent at his office or usual place of residence in the District of Columbia, with like effect as if made personally upon such carrier, and in default of such designation of such agent, service of any notice or other process in any proceeding before said Commission, or of any order, decision, or requirement of the Commission, may be made by posting such notice, process, order, requirement, or decision in the office of the Secretary of the Commission.

#### **Remedies in This Act Not Exclusive**

SEC. 414. Nothing in this Act contained shall in any way abridge or alter the remedies now existing at common law or by statute, but the provisions of this Act are in addition to such remedies.

#### **Limitations as to Actions**

SEC. 415. (a) All actions at law by carriers for recovery of their lawful charges, or any part thereof, shall be begun within one year from the time the cause of action accrues, and not after.

(b) All complaints against carriers for the recovery of damages not based on overcharges shall be filed with the Commission within one year from the time the cause of action accrues, and not after, subject to subsection (d) of this section.

(c) For recovery of overcharges action at law shall be begun or complaint filed with the Commission against carriers within one year from the time the cause of action accrues, and not after, subject to subsection (d) of this section, except that if claim for the overcharge has been presented in writing to the carrier within the one-year period of limitation said period shall be extended to include one year from the time notice in writing is given by the carrier to the claimant of disallowance of the claim, or any part or parts thereof, specified in the notice.

(d) If on or before expiration of the period of limitation in subsection (b) or (c) a carrier begins action under subsection (a) for recovery of lawful charges in respect of the same service, or, without beginning action, collects charges in respect of that service, said period of limitation shall be extended to include ninety days from the time such action is begun or such charges are collected by the carrier.

(e) The cause of action in respect of the transmission of a message shall for the purposes of this section, be deemed to accrue upon delivery or tender of delivery thereof by the carrier, and not after.

(f) A petition for the enforcement of an order of the Commission for the payment of money shall be filed in the district court or the State court within one year from the date of the order, and not after.

(g) The term "overcharges" as used in this section shall be deemed to mean charges for services in excess of those applicable thereto under the schedules of charges lawfully on file with the Commission.

#### **Provisions Relating to Orders**

SEC. 416. (a) Every order of the Commission shall be forthwith served upon the designated agent of the carrier in the city of Washington or in such other manner as may be provided by law.

(b) Except as otherwise provided in this Act, the Commission is hereby authorized to suspend or modify its orders upon such notice and in such manner as it shall deem proper.

(c) It shall be the duty of every person, its agents and employees, and any receiver or trustee thereof, to observe and comply with such orders so long as the same shall remain in effect.

#### **Title V—Penal Provisions—Forfeitures**

##### **General Penalty**

SECTION 501. Any person who willfully and knowingly does or causes or suffers to be done any act, matter, or thing, in this Act prohibited or declared to be unlawful, or who willfully and knowingly omits or fails to do any act, matter, or thing in this Act required to be done, or willfully and knowingly causes or suffers such omission or failure, shall, upon conviction thereof, be punished for such offense, for which no penalty (other than a forfeiture) is provided herein, by a fine of not more than \$10,000 or by imprisonment for a term of not more than two years, or both.

##### **Violations of Rules, Regulations, and so forth**

SEC. 502. Any person who willfully and knowingly violates any rule, regulation, restriction, or condition made or imposed by the Commission under authority of this Act, or any rule, regulation, restriction, or condition made or imposed by any international radio or wire communications treaty or convention, or regulations annexed thereto, to which the United States is or may hereafter become a party, shall, in addition to any other penalties provided by law, be punished, upon conviction thereof, by a fine of not more than \$500 for each and every day during which such offense occurs.

##### **Forfeiture in Cases of Rebates and Offsets**

SEC. 503. Any person who shall deliver messages for interstate or foreign transmission to any carrier, or for whom as sender or receiver, any such carrier shall transmit any interstate or foreign wire or radio communication, who shall knowingly by employee, agent, officer, or otherwise, directly or indirectly, by or through any means or device whatsoever, receive or accept from such common carrier any sum of money or any other valuable consideration as a rebate or offset against the regular charges for transmission of such messages as fixed by the schedules of charges provided for in this Act, shall in addition to any other penalty provided by this Act forfeit to the United States a sum of money three times the amount of money so received or accepted and three times the value of any other consideration so received or accepted, to be ascertained by the trial court; and in the trial of said action all such rebates or other considerations so received or accepted for a period of six years prior to the commencement of the action, may be included therein, and the amount recovered shall be three times the total amount of money, or three times the total value of such consideration, so received or accepted, or both, as the case may be.

##### **Provisions Relating to Forfeitures**

SEC. 504. The forfeitures provided for in this Act shall be payable into the Treasury of the United States, and shall be recoverable in a civil suit in the name of the United States, brought in the district where the person or carrier has its principal operating office, or in any district through which the line or system of the carrier runs. Such forfeitures shall be in addition to any other

general or specific penalties herein provided. It shall be the duty of the various district attorneys, under the direction of the Attorney General of the United States, to prosecute for the recovery of forfeitures under this Act. The costs and expenses of such prosecutions shall be paid from the appropriation for the expenses of the courts of the United States.

### Venue of Offenses

SEC. 505. The trial of any offense under this Act shall be in the district in which it is committed; or if the offense is committed upon the high seas, or out of the jurisdiction of any particular State or district, the trial shall be in the district where the offender may be found or into which he shall be first brought. Whenever the offense is begun in one jurisdiction and completed in another it may be dealt with, inquired of, tried, determined, and punished in either jurisdiction in the same manner as if the offense had been actually and wholly committed therein.

## Title VI—Miscellaneous Provisions

### Transfer to Commission of Duties, Powers, and Functions Under Existing Law

SEC. 601. (a) All duties, powers, and functions of the Interstate Commerce Commission under the Act of August 7, 1888 (25 Stat. 382), relating to operation of telegraph lines by railroad and telegraph companies granted Government aid in the construction of their lines, are hereby imposed upon and vested in the Commission: Provided, That such transfer of duties, powers, and functions shall not be construed to affect the duties, powers, functions, or jurisdiction of the Interstate Commerce Commission under, or to interfere with or prevent the enforcement of, the Interstate Commerce Act and all Acts amendatory thereof or supplemental thereto.

(b) All duties, powers, and functions of the Postmaster General with respect to telegraph companies and telegraph lines under any existing provision of law are hereby imposed upon and vested in the Commission.

### Repeals and Amendments

SEC. 602. (a) The Radio Act of 1927, as amended, is hereby repealed.

(b) The provisions of the Interstate Commerce Act, as amended, insofar as they relate to communication by wire or wireless, or to telegraph, telephone, or cable companies operating by wire or wireless, except the last provision of section 1 (5) and the provisions of section 1 (7), are hereby repealed.

(c) The last sentence of section 2 of the Act entitled "An Act relating to the landing and operation of submarine cables in the United States," approved May 27, 1921, is amended to read as follows: "Nothing herein contained shall be construed to limit the power and jurisdiction of the Federal Communications Commission with respect to the transmission of messages."

(d) The first paragraph of section 11 of the Act entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914, is amended to read as follows:

"SEC. 11. That authority to enforce compliance with sections 2, 3, 7, and 8 of this Act by the persons respectively subject thereto is hereby vested: In the Interstate Commerce Commission where applicable to common carriers subject to the Interstate Commerce Act, as amended; in the Federal Communications Commission where applicable to common carriers engaged in wire or radio communication or radio transmission of energy; in the Federal Reserve Board where applicable to banks, banking associations, and trust companies; and in the Federal Trade Commission where applicable to all other character of commerce, to the exercised as follows:"

### Transfer of Employees, Records, Property, and Appropriations

SEC. 603. (a) All officers and employees of the Federal Radio Commission (except the members thereof, whose offices are hereby abolished) whose services in the judgment of the Commission are necessary to the efficient operation of the Commission are hereby transferred to the Commission, without change in classification or compensation; except that the Commission may provide for the adjustment of such classification or compensation to conform to the duties to which such officers and employees may be assigned.

(b) There are hereby transferred to the jurisdiction and control of the Commission (1) all records and property (including office

furniture and equipment, and including monitoring radio stations) under the jurisdiction of the Federal Radio Commission, and (2) all records under the jurisdiction of the Interstate Commerce Commission and of the Postmaster General relating to the duties, powers, and functions imposed upon and vested in the Commission by this Act.

(c) All appropriations and unexpended balances of appropriations available for expenditure by the Federal Radio Commission shall be available for expenditure by the Commission for any and all objects of expenditure authorized by this Act, and shall be available for expenditure prior to March 1, 1935, or thereafter, in the discretion of the Commission; and may be expended without regard to the requirements of apportionment under the Anti-deficiency Act of February 27, 1906.

### Effect of Transfers, Repeals, and Amendments

SEC. 604. (a) All orders, determinations, rules, regulations, permits, contracts, licenses, and privileges which have been issued, made, or granted by the Interstate Commerce Commission, the Federal Radio Commission, or the Postmaster General, under any provision of law repealed or amended by this Act or in the exercise of duties, powers, or functions transferred to the Commission by this Act, and which are in effect at the time this section takes effect, shall continue in effect until modified, terminated, superseded, or repealed by the Commission or by operation of law.

(b) Any proceeding, hearing, or investigation commenced or pending before the Federal Radio Commission, the Interstate Commerce Commission, or the Postmaster General, at the time of the organization of the Commission, shall be continued by the Commission in the same manner as though originally commenced before the Commission, if such proceeding, hearing, or investigation (1) involves the administration of duties, powers, and functions transferred to the Commission by this Act, or (2) involves the exercise of jurisdiction similar to that granted to the Commission under the provisions of this Act.

(c) All records transferred to the Commission under this Act shall be available for use by the Commission to the same extent as if such records were originally records of the Commission. All final valuations and determinations of depreciation charges by the Interstate Commerce Commission with respect to common carriers engaged in radio or wire communication, and all orders of the Interstate Commerce Commission with respect to such valuations and determinations, shall have the same force and effect as though made by the Commission under this Act.

(d) The provisions of this Act shall not affect suits commenced prior to the date of the organization of the Commission; and all such suits shall be continued, proceedings therein had, appeals therein taken and judgments therein rendered, in the same manner and with the same effect as if this Act had not been passed. No suit, action, or other proceeding lawfully commenced by or against any agency or officer of the United States, in relation to the discharge of official duties, shall abate by reason of any transfer of authority, power, and duties from such agency or officer to the Commission under the provisions of this Act, but the court, upon motion or supplemental petition filed at any time within twelve months after such transfer, showing the necessity for a survival of such suit, action, or other proceeding to obtain a settlement of the questions involved, may allow the same to be maintained by or against the Commission.

### Unauthorized Publication of Communications

SEC. 605. No person receiving or assisting in receiving, or transmitting, or assisting in transmitting any interstate or foreign communication by wire or radio shall divulge or publish the existence, contents, substance, purpose, effect, or meaning thereof, except through authorized channels of transmission or reception, to any person other than the addressee, his agent, or attorney, or to a person employed or authorized to forward such communication to its destination, or to proper accounting or distributing officers of the various communicating centers over which the communication may be passed, or to the master of a ship under whom he is serving, or in response to a subpoena issued by a court of competent jurisdiction, or on demand of other lawful authority; and no person not being authorized by the sender shall intercept any communication and divulge or publish the existence, contents, substance, purport, effect or meaning of such intercepted communication to any person; and no person not being entitled thereto shall receive or assist in receiving any interstate or foreign communication by wire or radio and use the same or any information therein contained for his own benefit or for the benefit of another not

entitled thereto; and no person having received such intercepted communication or having become acquainted with the contents, substance, purport, effect, or meaning of the same or any part thereof, knowing that such information was so obtained, shall divulge or publish the existence, contents, substance, purport, effect, or meaning of the same or any part thereof, or use the same or any information therein contained for his own benefit or for the benefit of another not entitled thereto: Provided, That this section shall not apply to the receiving, divulging, publishing, or utilizing the contents of any radio communication broadcast, or transmitted by amateurs or others for the use of the general public, or relating to ships in distress.

#### War Emergency—Powers of President

SEC. 606. (a) During the continuance of a war in which the United States is engaged, the President is authorized, if he finds it necessary for the national defense and security, to direct that such communications as in his judgment may be essential to the national defense and security shall have preference or priority with any carrier subject to this Act. He may give these directions at and for such times as he may determine, and may modify, change, suspend, or annul them and for any such purpose he is hereby authorized to issue orders directly, or through such person or persons as he designates for the purpose, or through the Commission. Any carrier complying with any such order or direction for preference or priority herein authorized shall be exempt from any and all provisions in existing law imposing civil or criminal penalties, obligations, or liabilities upon carriers by reason of giving preference or priority in compliance with such order or direction.

(b) It shall be unlawful for any person during any war in which the United States is engaged to knowingly or willfully, by physical force or intimidation by threats of physical force, obstruct or retard or aid in obstructing or retarding interstate or foreign communication by radio or wire. The President is hereby authorized, whenever in his judgment the public interest requires, to employ the armed forces of the United States to prevent any such obstruction or retardation of communication: Provided, That nothing in this section shall be construed to repeal, modify, or affect either section 6 or section 20 of an Act entitled "An Act to supplement existing laws against unlawful restraints and monopolies, and for other purposes," approved October 15, 1914.

(c) Upon proclamation by the President that there exists war or a threat of war or a state of public peril or disaster or other national emergency, or in order to preserve the neutrality of the United States, the President may suspend or amend, for such time as he may see fit, the rules and regulations applicable to any or all stations within the jurisdiction of the United States as prescribed by the Commission, and may cause the closing of any station for radio communication and the removal therefrom of its apparatus and equipment, or he may authorize the use or control of any such station and/or its apparatus and equipment by any department of the Government under such regulations as he may prescribe, upon just compensation to the owners.

(d) The President shall ascertain the just compensation for such use or control and certify the amount ascertained to Congress for appropriation and payment to the person entitled thereto. If the amount so certified is unsatisfactory to the person entitled thereto, such person shall be paid only 75 per centum of the amount and shall be entitled to sue the United States to recover such further sum as added to such payment of 75 per centum will make such amount as will be just compensation for the use and control. Such suit shall be brought in the manner provided by paragraph 20 of section 24, or by section 145 of the Judicial Code, as amended.

#### Effective Date of Act

SEC. 607. This Act shall take effect upon the organization of the Commission, except that this section and sections 1 and 4 shall take effect on July 1, 1934. The Commission shall be deemed to be organized upon such date as four members of the Commission have taken office.

#### Separability Clause

SEC. 608. If any provision of this Act or the application thereof to any person or circumstance is held invalid, the remainder of the Act and the application of such provision to other persons or circumstances shall not be affected thereby.

#### Short Title

SEC. 609. This Act may be cited as the "Communications Act of 1934."

## COMMUNICATIONS BILL AGREED UPON

The Senate and House conference committee agreed Friday (June 8), on the Dill-Rayburn Federal Communications Commission bill. It is expected that the conference report will be adopted at an early date by both the Senate and House and that the President will sign the bill just as soon as the finishing legislative touches have been added.

The act would become effective on July 1, 1934, on which date the Federal Radio Commission would pass out of existence.

With almost unprecedented speed, the House adopted the Rayburn bill on Saturday (June 2) and sent the measure on its way to conference. The House conferees were Congressmen Rayburn, Huddleston, Lea, Wolverton, and Mapes. Senate conferees were Senators Dill, Couzens, Smith, Hatch and White.

The bill, as reported by the House, did not contain substantially any changes in the present radio law and continued in force the Radio Act of 1927, as amended. No amendments were adopted by the House during its consideration of the bill.

The Committee on Interstate and Foreign Commerce of the House rejected the proposal laid before it by Father Harney, superior, Paulist Missionary Society, which would have compelled the allocation of 25 per cent of all facilities to religious, educational and similar organizations. No attempt was made to have the amendment adopted by the House although it was urged from the floor that the provision for a study of this situation, carried in the Senate bill, be accepted on the part of the House. The bill, as finally agreed upon, carries such provision. The study is to be completed early next year.

Debate in the House was opened by Representative McFadden of Pennsylvania, who charged that a censorship was being exercised over broadcasting and asked that his bill, upon which hearings were held before the House Merchant Marine, Radio and Fisheries, be made a part of the Communications Commission bill.

Chairman Rayburn, of the House Interstate Commerce Committee, explained in detail the provisions of his bill.

Asked by Representative Mead, of New York, about providing a fixed percentage of broadcast facilities to educational groups, Chairman Rayburn said:

"We had up what is known as the 'Father Harney amendment,' that came to us in the House as it did in the Senate. That provided for the allocation of 25 per cent of all the time to religious, educational, and, though I do not believe they used the word 'uplift,' yet they used a word that corresponds to it. If we begin to take away from the Radio Commission its authority to allocate, we would be in the same position that the Congress would be in if, after giving to the Interstate Commerce Commission its function of regulating railroads and fixing the rates, we would then start out to introduce and pass measures to revise the rate structure. In that way we would probably get into a lot of trouble. Our thought—at least, my thought—was this: If 25 per cent should be allocated, or the allocation of it taken away from the Radio Commission, why not take away 30 per cent or 40 per cent or 100 per cent? Also, if you allocate 25 per cent to education and religion, then what difficulty is the Radio Commission going to have in dividing that 25 per cent between Catholic, Jew, a Protestant, and other sects, and also between what colleges, where located, and what other time might be supposed to be taken into consideration for morals, education, and uplift? Our committee took that position, and we believe it is a wise one."

Representative Bland of Virginia, chairman of the House Merchant Marine, Radio and Fisheries Committee, supported the view of Chairman Rayburn.

"Would not an attempt by the committee or by anyone to make this change so involve the broadcasting structure all over the United States that it would have to be studied by another commission in order to arrive at some equitable solution of the problem?" Chairman Bland asked.

"Yes," Chairman Rayburn answered, "and if we do this then it will practically amount to a revocation of every broadcasting license in the United States, because they must all be revised."

Representative Fish, of New York, said that it was "unfortunate that radio is controlled by the administration or terrorized by the administration to the extent that the policies of the administration literally burn up the radio time day and night." He then proposed an amendment to the effect that no public official or members of his family shall be paid any money for speaking over the radio. The amendment was ruled out of order.

Congressman Maloney, of Connecticut, said in part:

"During committee consideration of this bill I offered a more modified amendment than had been proposed. I was particularly

prompted to do that by the very able presentation of Father Harney, and partially prompted by the interest of many Members of the Congress in some such addition to this bill.

"I am not going to offer an amendment now. I choose to go along with the majority of my committee, which has perhaps wisely decided that this is not the time or the place to offer this amendment. I continue to be hopeful, however, that if the bill is passed in its present form, without amendment by the House, that the conferees will give further careful consideration to that part of the Senate bill. I would like to take these few minutes more of your time to express the hope on my part, and I am sure on the part of many others, that those who will administer this law will be particularly careful of radio, and not permit it to fall into the careless ways of the motion-picture industry. Most of us are hopeful that there will not be built up the tyranny that exists in the motion-picture field, which allows certain producers to ride roughshod over the interests of independent theater owners and a great majority of the careful and clean-thinking people. I have not any such fear, but I think I would be a little bit remiss if I did not express my feeling and give what I think is the principal reason why the people concerned with this amendment want this subject further considered.

"I know that the great majority of radio-broadcasting companies—and I am certain more than a majority of those representing the great networks—are determined to give these groups a fair allotment of time and proper representation; but there has been evidence of real selfishness on the part of one group, and that particular selfishness is what prompted these proposed amendments; that selfishness is what prompted this particular portion of the Senate bill. These people have now within their own hands a means of correction."

Representative Goss, of Connecticut, called attention of the House to the provision for a study of the allocation of facilities to religious and educational organizations included in the Senate bill. "I understand that is not in the House bill but is in the Senate bill and that that matter could go to conference," he said. "There are many people, not only on both sides of the aisle in this House but in the country, who are anxious to have some consideration of that. While I realize the specific 25 per cent is stricken out, all that would do would be to have the commission study the matter and report back at a later date with some kind of findings."

Representative Ramspeck, of Georgia, said:

"I am also interested in this subject, although I say frankly to the Committee that, with the present information I have, I am opposed to mandatory allocation of wave lengths by the commission. However, I do think that the conference committee would do a service to the country by considering the question of whether or not we ought to have consideration by the commission of this question, which is getting to be a very acute one, and on account of which Congress is receiving a great deal of pressure from various organizations, to force the commission to allocate certain specific parts of the radio facilities to various organizations.

"As a member of the Committee on Merchant Marine, Radio, and Fisheries I have had some opportunity to study this question. It is one that needs a great deal of study, because, when you get into the field of trying to allocate by law to various organizations, no matter how good their purpose may be, you find you are dealing with a very difficult question. In the religious field, for instance, you find many various forms of religious organizations that would like to participate in the radio facilities of the country; yet, as far as I have been able to see at this time, no radio station can operate under the American system without having sustaining programs. When they accept sustaining programs they enter the commercial field. For that reason I would not have favored the amendment of the Senator from New York, which it was attempted to put on this bill in the Senate. However, I hope the conferees will consider whether or not it will be helpful to have this new commission make a study and report to Congress along that line. I wish to commend the committee for its work on this bill. In my opinion it is greatly improved as compared with the Senate draft."

Congressman Truax, of Ohio, charged that Father Charles E. Coughlin was barred by the two networks "simply because he reflects and makes certain charges against the very interests who have a monopoly of the broadcast systems of this country." "I want to call the attention of this House and the people of this Nation to the fact that these two major broadcasting companies are thus throttling such magnificent voices raised in behalf of the people in distress as, for instance, Father Coughlin, who has crusaded for months past to abandon the gold standard, for nationalization of the currency, and for such measures as the Frazier-

Lemke bill do refinance the farmers of this country, and for the bank pay-off bill," he said. "I maintain that the throttling and strangling of this information from the millions of people of this country who are in distress and need aid, and need it now, is something that this Congress should not overlook."

Representative McGugin, of Kansas, made a plea for the freedom of radio. He said in part:

"I know of no way that radio can be operated except on the basis of a license from the Government, for the simple reason that there are not enough air channels to take care of all the radio stations that might want to operate. Therefore, there must be a limitation upon them.

"When the Government has the power to issue licenses to operate radios it inherently follows that this Government agency has too great a control over freedom of speech. Whether the Radio Commission or any other Government agency turns its band, the fact remains that throughout the years the broadcasting systems which are looking to the Radio Commission for courtesies are going to be found upon the side of the administration in power. So, after all, the real protection of the people yet rests in the freedom of the press rather than in freedom of speech since the coming of radio.

"We have had a fair example of this since this administration came into power. I have no concrete evidence that this administration has laid down upon any radio station and said, 'You must carry 'new deal' propaganda, and you must not carry anything to the contrary,' yet the fact remains that radio broadcasters currying the favor of a Government agency, have given unlimited facilities to 'new deal' propaganda and have unwarrantedly denied the right of the air to those who would rise to criticize any part of the 'new deal' program.

"There still remains the freedom of the press. The press carried this same subject matter openly, both sides of it, and carried the views of Senator Reed as well as the views of those who had contrary ideas.

"So in conclusion I wish to say that with all the greatness of radio, the liberty of the people of this country yet rests in the press and not in the radio. I hope that at some time a plan may be devised whereby the use of the air will be free without censorship or discrimination."

## CODE HEARING JUNE 20

The National Recovery Administration has announced it will open for consideration and public hearing the provisions contained in Articles III, IV and V of the Code of Fair Competition for the Radio Broadcasting Industry. The hearing will be held beginning at 10 a. m., Wednesday, June 20, 1934, in the Oak Room of the Raleigh Hotel, Washington, D. C., and continuing until completed.

Official notices of the hearing have been mailed to all members of the industry by James W. Baldwin, Executive Officer of the Code Authority.

The hearing will be held as the result of the reports submitted by the Code Authority for the Radio Broadcasting Industry in pursuance of the provisions contained in Article VI, Section 4 of the Code. These reports are identified as Code Authority Bulletins No. 2 and No. 6. The last named bulletin (No. 6) contains the recommendations of the Code Authority. These recommendations have the endorsement of the National Association of Broadcasters.

The National Association of Broadcasters will insist upon the repeal of the second sentence contained in Article V, Section 5. This is the widely discussed November 1 clause which in actual operation has penalized those members of the industry who were most eager to cooperate with the earliest NRA efforts.

The text of the notice of hearing and the Articles and Sections on which the hearing will be held follow:

"Pursuant to the power vested in the Code Authority by Article VI, Section 4, a report, Part I dated March 8 and Part II dated May 4, titled 'Hours of Labor and Wages of Broadcast Technicians' and 'Working Conditions of Broadcast Technicians and the Relation Thereof to General Conditions Within the Industry; the Compliance with Wages and Hour Provisions Affecting Broadcast Technicians; and Recommendations,' has been filed by the Code Authority with the Administration. Copies of said report are available at the Radio Broadcasting Industry Code Authority offices, 970 National Press Building, Washington, D. C.

"Upon the basis of such report and upon representations and information otherwise properly before the Administrator, Articles III, IV and V of the Code of Fair Competition for the Radio Broadcasting Industry, referred to in Schedule 'A', attached hereto and hereby made a part hereof, will be opened for consideration and public hearing. Pursuant to the hearing hereinafter referred

to and/or any subsequent hearing the said provisions of the Code may be left in the form now existing and/or be amended in such form, substance, wording and/or scope as may be necessary to effectuate the purposes of the National Industrial Recovery Act pursuant to information or considerations properly before the Administrator in such hearing record or otherwise in any reasonable particular germane to the original provisions of said Code.

"Notice is hereby given that a Public Hearing on Articles III, IV and V of the above Code will be conducted by the Administrator, beginning at 10 a. m., Wednesday, June 20, 1934, in the Oak Room of the Raleigh Hotel, Washington, D. C., and continuing until completed. An opportunity to be heard (either in person or by duly appointed representative either by appearance or by sending a written or telegraphic statement) will be given to persons or groups who can show a substantial interest as workers, employers, consumers or otherwise, in the effect of any of said provisions in their present or amended form.

"Those wishing to be heard must comply with the following simple requirements:

"(1) A written or telegraphic request for an opportunity to be heard must be filed before noon on Tuesday, June 19, 1934, with the Administrator, Room 4223, Department of Commerce Building, Washington, D. C.

"(2) Such request shall state the name of (a) any person seeking to testify in the hearing, and (b) the persons or groups whom he represents.

"(3) At the Public Hearings, all persons are regarded as witnesses, and shall present orally facts only and not argument. Written briefs or arguments may be filed, but oral presentations will be confined to factual statements only.

"(4) In the discretion of the Deputy Administrator in charge of the Hearing, persons who have not complied with the requirements of paragraph (1), above, may be permitted at any time prior to the close of the Hearing to file written statements containing proposals relative to the matters heard therein supported by pertinent information or argument. Such written statements must be condensed as much as possible.

"Public Hearings are solely for the purpose of obtaining in the most direct manner the facts useful to the Administrator, and no arguments will be heard or considered at this time. Representation of interested parties by attorneys or specialists is permissible, but it is not to be regarded as necessary. Industry, workers and the consuming public will be represented by special advisors employed by the Government."

This includes the provisions contained in Article III, Sections 1 and 2, Article IV, Sections 1 and 2, and Article V, Sections 1 to 7, inclusive.

### N. B. C. WINS COPYRIGHT SUIT

The United States District Court for the Southern District of New York on June 1 handed down a decision in the suit (No. E 77-283) brought by Alfred Kreymborg against Jimmie Durante and the National Broadcasting Company in which it was alleged that the actor infringed the plaintiff's copyright in a play called "Jack's House" by reciting poems from the play in a radio broadcast carried by the network. Judge Patterson upheld the contention of the National Broadcasting Company that no infringement had been committed. Harry Weinberger and Chester A. Pearlman appeared for the complainant and Gustave B. Feldman, A. L. Ashby and E. Stuart Sprague represented the defendants.

The text of the decision follows:

"The motion is to dismiss the bill in a suit for infringement of copyright, on the ground that the bill is insufficient on its face.

"The bill shows that the plaintiff wrote three original poems which were published in 1917 in a book of verse and duly copyrighted under the Copyright Act; that a year later he wrote a play called 'Jack's House,' and incorporated the three poems in the play. The play was also published in book form and duly copyrighted. The first of the poems, characteristic of them all, is as follows:

'We have a one-room home.  
You have a two-room, three-room, four-room.  
We have a one-room home  
because a one-room home holds all we have.  
We have a one-room home  
because we do not want  
a two-room, three-room, four-room.  
If we had a two-room, three-room, four-room  
we would need more than a one-room home.  
We have a one-room home.  
We like a one-room home.'

"The plaintiff's grievance is that the defendant Durante, who is an actor, entertainer and radio performer, 'sang, shouted and recited' the three poems at performances of a musical play, at various performances in other places of entertainment, and over the radio. It is averred that the defendant's use of the poems constituted an infringement of the plaintiff's copyright. The defendant takes the position that the facts pleaded do not establish infringement.

"Under the present Copyright Act, protection against public performance or delivery of copyrighted works is afforded only in the case of a lecture, sermon, address or similar production, a drama, or a musical composition. Section 1; 17 U. S. C. A., section 1. Other copyrighted works may be recited in public for profit without infringement. The point is of some moment, now that radio broadcasting of novels, poems and so on is widespread. Nevertheless, it is recognized that except as to the classes of copyrighted works referred to above, the author under the existing statute cannot complain of public performance of his copyrighted works. *Outline of Copyright Law*, by De Wolfe, pp. 111-112; *Weil on Copyright*, p. 85. It is essential to the maintenance of this suit therefore, that the poems be treated as dramatic compositions, either in their original form or as part of the play into which they were later carried.

"In their original form and as first written, the poems were not dramatic works. They were not cast in the dramatic form; they were lacking in plot, characters and action. They may have had dramatic possibilities, when taken with other material; but they were not dramatic compositions within the ordinary meaning of the term. *Daly v. Palmer*, 6 Blatch, 264; *Fuller v. Blackpool Winter Gardens Co.*, 2 Q. B. 429. There was then no infringement of the first copyright.

"The case fails also as to infringement of the copyright of the poems as part of the plaintiff's play. It is true that the first copyright gave the plaintiff the exclusive right to dramatize the poems. It is also true that under section 6 of the Act the play was new and copyrightable matter. But by virtue of the same section the poems already copyrighted and taken into the play retained only their original copyrighted character. As to them, neither the scope nor the duration of the first copyright was extended. A stranger who thereafter used only the poems would not infringe the copyrighted play. The infringement, if any, were by use of the initial copyright of the poems. See *American Code Co. v. Bensinger*, 282 Fed. 829; *McCaleb v. Fox Film Corporation*, 299 Fed. 48.

"The motion to dismiss will accordingly be granted."

### REPUBLICANS CONSIDER RADIO

The creed of the Republican National Committee adopted at its meeting at Chicago this week contains the following provision:

"We believe in freedom of speech and in freedom of the press, and in freedom of the radio for the discussion of public questions."

### COMMERCIAL SECTION MEETS JUNE 19

All NAB members are invited to attend the third annual meeting of the NAB Commercial Section to be held at Hotel Pennsylvania, New York, June 19 and 20. The meeting is being held in connection with the annual convention of the Advertising Federation of America. Advertisers, agencies and broadcasters will attend the meeting. A joint meeting of the NAB Commercial Committee and the AAAA Radio Committee will be held on June 19.

### LONG ASKS INVESTIGATION

Senator Huey Long of Louisiana has introduced a resolution (S. Res. 260) in the Senate asking for an investigation of the Radio Commission as follows:

Whereas, on the floor of the United States Senate, the senior Senator from Iowa (Mr. Dickinson) has declared to the effect that the Federal Radio Commission in dealing with the New Orleans-Shreveport radio controversy, had changed and rechanged, reversed and re-reversed its opinion, findings, and orders by reason of pressure exerted from the White House; and

Whereas, if untrue, the same should be made to immediately appear: Now, therefore, be it

*Resolved*, That the said charges as made by the said Senator from Iowa be investigated by a special committee composed of five persons, not more than three of whom should be a member of any one political party, to investigate into the subject matter covered by the charges of the said Senator from Iowa (Mr. Dickinson) on the floor of the Senate on Tuesday, June 5, 1934,

and to make report thereon at the earliest possible date; and be it further

*Resolved*, That the said committee shall have the authority to subpoena witnesses, compel the production of books and papers, and take testimony under oath, to the end that full and complete disclosure may be made relative to said charges.

## NO ASCAP TAX ON POLITICAL PROGRAMS

In response to several inquiries received at NAB headquarters, we publish below the memorandum issued on October 10, 1932, by the American Society of Composers, Authors and Publishers on the subject of political programs:

Believing that a substantial public service is rendered to the Nation by the various political candidates in their discussions through radio of problems which confront the Government, and desiring to support in every consistent manner the dissemination of such information and to contribute our bit toward the service of the people, please take note:

While the formula endorsed by the Board of Directors of the National Association of Broadcasters and accepted by our Society under which licenses are to issue as of September 1st, 1932, covering the use in broadcast performances of music copyrighted by our members, provides that a percentage is to be paid to the Society of all net receipts in respect of all programs without exception for which the time is sold, we are going to waive the collection of the amount represented by those percentages as far as *political addresses* are concerned.

Therefore, in accounting on the forms provided by our Society for "Net Receipts" from the sale of time, you may eliminate all straight political programs regardless of the party affiliations of the speaker, and regardless of whether as an incident to such programs music copyrighted by members of the Society is used.

As to stations which have already made remittances of percentages in respect of such programs hereafter rendered, we would thank them to make claim upon us for a refund of the amount thereof. These refunds will be made with the distinct understanding however that if at the time the sale of facilities was made the political party or candidate who purchased this time was charged an additional music license fee the amount thereof shall be refunded by the station.

We would thank you to acknowledge receipt and understanding of the above waiver, and if there is any additional information or clarification desired please do not hesitate to query us.

## RECOMMENDS KPJM LICENSE RENEWAL

Frank Wilburn filed an application with the Radio Commission asking for a construction permit for the erection of a new broadcasting station at Prescott, Ariz., to use the facilities of Station KPJM at that place while the station asked for license renewal. Ralph L. Walker(e) in Report No. 563 this week recommended that the application of Wilburn be denied and that the station license of KPJM be renewed.

The Examiner found that Wilburn had failed to show that the service to be rendered by his proposed new station would not be in any way superior to that of KPJM.

## KICK REAFFIRMATION RECOMMENDED

The Red Oak Radio Corporation, Carter Lake, Iowa, applied to the Radio Commission for consent to the voluntary assignment of the license of Station KICK to the Palmer School of Chiropractic, Davenport, Iowa. The Palmer School also applied to the Commission for permission to move the station to Davenport, to change its frequency from 1420 to 1370 kilocycles, and to change the call letters to WOC. George H. Hill(e) in Report No. 562 this week recommends that both of these applications be granted.

On January 24 of this year the Commission granted these applications but protests were filed by Station WHBF, Rock Island, Ill., and by KSO, Des Moines, Iowa. The Commission then set the case for further hearing and the Examiner now recommends, after hearing, that the former action of the Commission be affirmed. He states that the protestants failed to show that the operation of the proposed station at Davenport "would to any appreciable extent curtail the advertising business of the protestant."

## WWL APPEAL DISMISSED

The Court of Appeals of the District of Columbia has dismissed the appeal of Station WWL, New Orleans, La., at the request of the appellant. In this appeal the station protested a grant of the Radio Commission of license assignment to KWKH.

## WESTINGHOUSE ADOPTS SAFETY RULES

The Westinghouse Electric & Manufacturing Co., operators of broadcasting stations WBZ-WBZA, KYW and KDKA, has adopted safety rules for broadcasting station engineers. The rules were evolved through a study by Westinghouse safety engineers and those of the Travelers Insurance Company. Proper enforcement of safety rules, such as those outlined, should result in a material reduction of hazards encountered in station operation.

The rules are as follows:

### "SAFETY RULES

#### "Westinghouse Radio Stations

##### "Definitions of Dangerous Voltages—Radio Transmitting Stations:

"A—All voltages above 450 volts direct-current and 220 volts alternating-current are to be considered *Dangerous Voltages*.

"B—All radio frequency circuits energized by tubes of 250 watts power or greater are to be considered as carrying *Dangerous Voltages*.

##### "Rules to Be Observed When Associating with Dangerous Voltages:

"1—Power Apparatus supplying dangerous voltages to equipment to be worked on shall be shut down.

"2—A Ground Chain shall be put on each part of the apparatus which may be energized from a source of dangerous voltage before any part of the apparatus is touched.

"3—Mechanical or Electrical Interlocks which have been installed for safety purposes shall *never* be rendered inoperative.

"4—Control Voltages shall be removed from control or interlock apparatus before any work is performed on it.

"5—Interlock Doors shall never be closed with any person behind them unless dangerous voltages have been removed from the apparatus which they inclose.

"6—Disconnect Switches carrying 2300 volts or more shall be opened only with the use of approved rubber gloves and a book stick not less than five feet long for 2300 or 4000 volt circuits and ten feet long for 11,000 or 22,000 volt circuits.

"7—Disconnect Switches shall not be opened under load.

"8—Warning Signs shall be placed on the control panel at any time when men are working on equipment away from the panels as an indication that men are at work and the equipment is not to be energized. These signs shall be placed on the panels by the man who is to do the work and can be removed only by him.

"9—Asbestos Gloves shall be worn in removing any transmitting tube from its socket if the filament has been burning within five minutes preceding the removal.

"10—Fuse Tongs shall be used to remove and replace all fuses carrying dangerous voltages.

##### "Penalty for Violation of Rules—

"Two weeks' suspension without pay or immediate dismissal depending upon circumstances involved.

"Note:—Under emergency or other unusual conditions these rules may be modified temporarily by the Plant Manager or higher authority.

## HARRY HOWLETT DIES

The NAB with sorrow announces the death of Harry Howlett, commercial manager of Station WHK, Cleveland, Ohio. Mr. Howlett died on June 6 following a short illness at a hospital. Funeral services were held Friday at Cleveland. Mr. Howlett is well known throughout the broadcasting industry and was active in committee work of the NAB for several years. He was an indefatigable worker; popular among all who knew him; and through his efforts he had risen to a high place in the broadcasting world. The industry has incurred an irreparable loss with his passing. He leaves two brothers, M. A. Howlett, of Cleveland; E. S. Howlett, of Columbus, Ohio; a father, L. E. Howlett, of Los Angeles, Calif.; a wife and two small children.

## SECURITIES ACT REGISTRATION

The following companies filed registration statements with the Federal Trade Commission under the Securities Act during the current week:

Oliver Cromwell, Inc., New York City (2-910, Form D-2).

Pennmar Shares, Inc., Hazleton, Pa. (2-911, Form A-1).

Cole Realty Company, Inc., Bluefield, W. Va. (2-912, Form D-2).

Elizabeth Brewing Corporation, Elizabeth, N. J. (2-913, Form A-1).

First Mortgage Bondholders Protective Committee of St. Louis Gas & Coke Corporation, Milwaukee, Wis. (2-914, Form D-1).  
Market Street Realty Co. Bondholders Protective Committee, San Francisco, Cal. (2-915, Form D-1).  
Union Deposit Company, Denver, Col. (2-916, Form A-1).  
Affiliated Investors Fund, Inc., Jersey City, N. J. (2-917, Form A-1).  
Uniontown Distilling Syndicate, Uniontown, Pa. (2-918, Form A-1).  
Hannah-Porter Company, Shelby, Mont. (2-919, Form A-1).

## FEDERAL RADIO COMMISSION ACTION

### HEARING CALENDAR

Monday, June 11, 1934

KGFK—Red River Broadcasting Co., Inc., Moorhead, Minn.—C. P. 1500 kc., 100 watts, unlimited. (Requests permit to move transmitter from Moorhead to Duluth, Minn.)

Tuesday, June 12, 1934

NEW—Charles Henry Gunthorpe, Jr., Nacogdoches, Texas—C. P. 1420 kc., 100 watts, daytime.

NEW—D. J. Burton and L. C. Davis, Temple, Texas—C. P. 990 kc., 250 watts, daytime.

Wednesday, June 13, 1934

### ORAL ARGUMENT BEFORE COMMISSION EN BANC

#### Examiner's Report No. 545

WJBW—Charles C. Carlson, New Orleans, La.—Modification of license, 1200 kc., 100 watts, unlimited. (Facilities WBBX.) Present assignment: 1200 kc., 100 watts. Shares with WBBX.

WBBX—Samuel D. Reeks, New Orleans, La.—Voluntary assignment to Coliseum Place Baptist Church. 1200 kc., 100 watts; shares with WJBW.

WBBX—Samuel D. Reeks, New Orleans, La.—Renewal of license; 1200 kc., 100 watts; share with WJBW.

#### Examiner's Report No. 555

WJJD—WJJD, Inc., Chicago, Ill.—Modification of license, 1130 kc., 20 KW, limited time. (Requests authority to move studio to Chicago, Ill.) Present assignment: 1130 kc., 20 KW, limited time.

#### Examiner's Report No. 546

NEW—John L. Hopkins, Hammond, Ind.—C. P., 1320 kc., 1 KW; share with WGES. (Facilities formerly assigned WIND.)

WSBC—WSCB, Inc., Hammond, Ind.—C. P. to move from Chicago to Hammond, Ind.; 1360 kc., 1 KW, 1¼ KW LS; share with WGES. (Facilities formerly assigned WIND.)

WHBY—WHBY, Inc., Green Bay, Wis.—C. P.; 1360 kc., 1 KW, unlimited time. (Facilities formerly assigned WIND and facilities of WGES.) Present assignment: 1200 kc., 100 watts, unlimited time.

WGES—Oak Leaves Broadcasting Station, Inc., Chicago, Ill.—Modification of license, 1360 kc., 500 watts, 1 KW LS, unlimited time. (Facilities WCBF.) Present assignment: 1360 kc., 500 watts, 1 KW LS, 3/7 time, Sunday.

WCBF—Wilbur Glenn Voliva, Zion, Ill.—Renewal of license, 1080 kc., 3 KW, limited time.

WFBM—Indianapolis Power & Light Co., Indianapolis, Ind.—Modification of license, 1230 kc., 1 KW, unlimited time. (Facilities WSBT.) Present assignment: 1230 kc., 1 KW, specified hours.

WSBT—South Bend Tribune, South Bend, Ind.—Renewal of license, 1230 kc., 500 watts, specified hours.

WSBT—South Bend Tribune, South Bend, Ind.—Modification of license, 1360 kc., 500 watts, specified hours. (Facilities formerly assigned WIND.) Present assignment: 1230 kc., 500 watts, specified hours.

WBOW—Banks of Wabash, Inc., Terre Haute, Ind.—C. P., 1360 kc., 500 watts, unlimited time, 1 KW LS. (Facilities of WGES.)

WGES—Oak Leaves Broadcasting Station, Inc., Chicago, Ill.—Renewal of license, 1360 kc., 500 watts, 1 KW LS, share with WIND on former assignment. (Sundays.)

## APPLICATIONS GRANTED

### First Zone

WTBO—Associated Broadcasting Corp., Cumberland, Md.—Granted C. P. to install new equipment, 1420 kc., 100 watts night, 250 watts LS, unlimited.

WTAG—Worcester Telegram Publishing Co., Inc., Worcester, Mass.—Granted authority to determine operating power by direct antenna measurement. Also granted license covering local move of transmitter; 580 kc., 500 watts, unlimited.

### Second Zone

KDKA—Westinghouse Electric and Manufacturing Co., Pittsburgh, Pa.—Granted C. P. to install new equipment. (Alternate main transmitter.)

KDKA—Same—Granted license to cover above C. P.

WBNS—WBNS, Inc., Columbus, Ohio—Granted modification of C. P. to extend completion date to Sept. 1, 1934.

### Third Zone

WHET—Dothan Broadcasting Co., Dothan, Ala.—Granted special temporary authority to operate from 6:45 to 10 p. m., CST, on June 8.

WCSC—South Carolina Broadcasting Co., Charleston, S. C.—Granted modification of license to increase day power from 500 watts to 1 KW.

WFBC—Greenville News-Piedmont Co., Greenville, S. C.—Granted C. P. to change frequency from 1200 kc. to 1300 kc., increase power from 100 watts night, 250 watts day, to 250 watts night, 1 KW LS, and make changes in equipment.

WWL—Loyola University, New Orleans, La.—Granted modification of license for special experimental authority to change hours of operation from specified to unlimited—facilities of KWKH to be considered with 3-P-B-3249 of KWKH (no change frequency 850 kc. or power 10 KW). (Lafont voted for hearing.)

KWKH—International Broadcasting Corp., Shreveport, La.—Granted C. P. for special experimental authority to move transmitter to site to be determined, change frequency from 850 kc. to 1100 kc., change hours from specified to unlimited and install directional antenna. To be considered with 3-ML-B-1351 above. (Lafont voted for hearing.)

### Fourth Zone

KMBC—Midland Broadcasting Co., Kansas City, Mo.—Granted license for auxiliary transmission, 950 kc., 1 KW, for emergency purposes.

WRHM—Minnesota Broadcasting Corp., Minneapolis, Minn., T-Richfield, Minn.—Granted modification of C. P. to extend completion date from 7/16/34 to 9/1/34. First request for extension of time. (Original C. P. to move transmitter from Fridley to Richfield, Minn.)

### Fifth Zone

KGIW—Leonard E. Wilson, Alamosa, Colo.—Granted special temporary authority to operate simultaneously with KIDW from 8 a. m. to 12 noon, MST, daily, except Sunday, for period ending not later than June 30.

KIDW—The Lamar Broadcasting Co., Lamar, Colo.—Same as above only simultaneously with KGIW.

KOA—National Broadcasting Co., Inc., Denver, Colo.—Granted license covering installation of new equipment; increase in power and moving of transmitter locally; 830 kc., 50 KW, unlimited.

KFOX—Nichols & Warinner, Inc., Long Beach, Calif.—Granted authority to determine operating power by direct antenna measurement.

KOA—National Broadcasting Co., Inc., Denver, Colo. (Auxiliary)—Granted modification of license to use old transmitter of KOA as auxiliary transmitter. (5-L-B-1070 license covering use of new transmitter granted 6/5/34.)

KGIR—KGIR, Inc., Butte, Mont.—Granted modification of license to increase night power from 500 watts to 1 KW (no change in frequency, 1360 kc., or day power 1 KW or hours, unlimited).

### SET FOR HEARING

NEW—Gino Amatucci, Latrobe, Pa.—C. P. for new station; 1210 kc., 50 watts, specified hours.

NEW—Lawrence B. Amelung, Washington, Mo.—C. P. for new station; 1420 kc., 50 watts, unlimited time.

NEW—Bamberger Broadcasting Service, Inc., Kearney, N. J.—License (special experimental) for 710 kc., 2500 to 5000 watts.

NEW—Portland Broadcasting System, Inc., Portland, Maine—C. P. for new station to use 640 kc., 500 watts, limited time (6 a. m. to local sunset at Los Angeles, Calif.)

NEW—Plattsburg Broadcasting Corp., Plattsburg, N. Y.—C. P. for new station to use 1310 kc., 100 watts daytime. Requests consideration under Rule 6 g.

NEW—Richard Field Lewis, Del Monte, Calif.—C. P. for new station at Del Monte Hotel, Del Monte, Calif., to use 1210 kc., 100 watts, daytime.

KHJ—Don Lee Broadcasting System, Los Angeles, Calif.—C. P. to install new equipment, increase power from 1 KW to 1 KW night, 2½ KW to local sunset. Requests consideration under Rule 6 g. (900 kc., 1 KW, unlimited.) (Lafount and Brown voted to grant.)

KFRC—Don Lee Broadcasting System, San Francisco, Calif.—C. P. to install new equipment, increase power from 1 KW to 1 KW night, 2½ KW to local sunset. Requests consideration under Rule 6 g. (610 kc., 1 KW, unlimited.) (Lafount and Brown voted to grant.)

KGB—Don Lee Broadcasting System, San Diego, Calif.—C. P. to install new equipment, increase power from 1 KW to 1 KW night, 2½ KW to local sunset. (1330 kc., 1 KW, unlimited.) (Lafount voted to grant.)

WNRA—Muscle Shoals Broadcasting Corp., Muscle Shoals City, Ala.—Modification of license to change hours of operation from daytime to unlimited (no change, 1420 kc., 100 watts). Requests consideration under Rule 6.

### MISCELLANEOUS

NEW—Cyril W. Reddoch, The Friendly Broadcasting Co., Columbus, Miss.—Application submitted for denial, applicant having failed to enter appearance within time allowed. C. P. 1370 kc., 100 watts, daytime.

NEW—Roy W. Buebland, Chippewa Falls, Wis.—Submitted for dismissal at request of applicant. C. P. 1530 kc., 150 watts. 12 m. to 9 p. m.

Julio M. Conesa, Puerto Rico—Granted petition to remand to docket application for C. P. for new radio broadcasting station to operate on 1420 kc., 100 watts. Case reopened to permit applicant to submit further evidence.

NEW—Charles Dixon Gentsch, Greensboro, N. C.—C. P. to erect new station, heretofore set for hearing, was dismissed at request of applicant.

KGKO—Wichita Falls Broadcasting Co., Wichita Falls, Tex.—Special experimental authority heretofore set for hearing, was dismissed at request of applicant.

### RATIFICATION

WGLC—O. T. Griffin and G. F. Bissell, Hudson Falls, N. Y.—Granted voluntary assignment of license to Adirondack Broadcasting Co., Inc.

### APPLICATIONS RECEIVED

#### First Zone

WTBO—Associated Broadcasting Corp., Cumberland, Md.—Construction permit to install new equipment.

WTBO—Associated Broadcasting Corp., Cumberland, Md.—Modification of license to change frequency from 1420 kc. to 800 kc., and hours of operation from unlimited to daytime, 250 watts.

WHDH—Matheson Radio Co., Inc., Boston, Mass.—Modification of license to increase power from 1 KW to 5 KW and hours of operation from daytime to unlimited.

#### Second Zone

WKOK—Sunbury Broadcasting Corp., Sunbury, Pa.—Modification of license to increase hours of operation from specified to unlimited. Facilities of WBAX, Wilkes-Barre, Pa.

WDBJ—Times World Corp., Roanoke, Va.—Construction permit to install new equipment and increase power from 500 watts to 500 watts, night, 1 KW, daytime. (Consideration under Rule 6 g.)

WNBO—John Brownlee Spriggs, Silver Haven, Pa.—Construction permit to move transmitter and studio to a location to be determined near Elco, Pa., and make changes in equipment.

#### Third Zone

WQBC—Delta Broadcasting Co., Inc., Vicksburg, Miss.—Modification of license to increase power from 500 watts to 1 KW and hours of operation from daytime to specified hours.

NEW—W. C. Hilgedick and Geo. C. Knaur, Denison, Texas—Construction permit to erect a new station to operate on 1200 kc., 100 watts, daytime.

NEW—The Herald Publishing Co., Denison, Texas—Construction permit to erect a new station on 880 kc., 100 watts, daytime. Amended to request 1200 kc., transmitter location to be determined and application to be considered under Rule 6 g.

WSFA—Montgomery Broadcasting Co., Inc., Montgomery, Ala.—License to cover construction permit granted 4/6/34 to move transmitter locally and equipment change.

WAMC—Raymond C. Hammett, Anniston, Ala.—Modification of construction permit to move from Anniston to Selma, Ala. Amended to move transmitter to Y. M. C. A. Building, Broad Street, Selma, Ala., install new equipment and change frequency from 1420 kc. to 1500 kc.

WGST—Georgia School of Technology, Atlanta, Ga.—Modification of license to increase power from 250 watts night, 1 KW, daytime, to 500 watts night, 1 KW, daytime. Consideration under Rule 6 g.

KWKH—International Broadcasting Corp., Shreveport, La.—Construction permit to move transmitter to a site to be determined, Shreveport, La., change frequency from 850 kc. to 1100 kc., install directional antenna and increase hours of operation from specified to unlimited.

WWL—Loyola University, New Orleans, La.—Modification of license to increase hours of operation from specified to unlimited. Facilities KWKH, Shreveport, La. See application KWKH above.

KLUF—Geo. Roy Clough, Galveston, Texas.—Construction permit to install new equipment and increase power from 100 watts to 100 watts night, 250 watts daytime.

WJDX—Lamar Life Insurance Co., Jackson, Miss.—License to cover construction permit granted 2-20-34 to make changes in equipment and increase power.

#### Fourth Zone

WRHM—Minnesota Broadcasting Corp., Minneapolis, Minn.—Modification of construction permit granted 3-16-34 authorizing move of transmitter, to extend date of completion to 9-1-34.

KGGF—Hugh J. Powell and Stanley Platz, d/b as Powell and Platz, Coffeyville, Kansas.—Modification of license to increase power from 500 watts night, 1 kilowatt daytime to 1 kilowatt, day and night.

WAAF—Drovers Journal Publishing Co., Chicago, Ill.—Construction permit, to rebuild the station destroyed by fire with new equipment.

WCBD—Wilbur Glenn Voliva, Zion, Ill.—Voluntary Assignment of license to WCBD, Inc.

#### Fifth Zone

KMTR—KMTR Radio Corporation, Los Angeles, Calif.—Modification of license to increase night power from 500 watts to

1 kilowatt. Now licensed for 500 watts daytime and nighttime.

KQW—Pacific Agricultural Foundation, Ltd., San Jose, Calif.—Construction permit to install new equipment and increase power from 500 watts to 500 watts after 7 p. m. and 1 kilowatt up to 7 p. m. (Consideration under Rule 6-g.)

KGA—Louis Wasmer, Spokane, Wash.—Special experimental authorization to operate on 900 kc., 1 KW, night, 2½ KW, daytime, unlimited time for period ending 11/1/34.

KIDO—C. G. Phillips and Frank Hill, d/b as Boise Broadcast Station, Boise, Idaho.—Construction permit to make changes in equipment and increase power from 1 kilowatt to 1 kilowatt night, 2½ kilowatt daytime.

KMTR—KMTR Radio Corp., Los Angeles, Calif.—Modification of license to increase power from 500 watts to 500 watts daytime, 1 kilowatt night, *amended* to request increase in power to 1 kilowatt day and night.

#### APPLICATIONS RETURNED

WJDX—Lamar Life Insurance Co., Jackson, Miss.—License to cover construction permit (wrong form).

WTBO—Associated Broadcasting Co., Cumberland, Md.—Construction permit to make changes in equipment, change frequency from 1420 kc. to 800 kc., power from 100 watts

night, 250 watts day, to 250 watts and hours of operation from unlimited to daytime. (Request of applicant.)

NEW—T. H. Barton, El Dorado, Ark.—Construction permit to erect a new station to be operated on 1370 kc., 100 watts, unlimited time. (Unsatisfactory transmitter site and equipment.)

KGA—Louis Wasmer, Spokane, Wash.—Modification of license to change frequency to 900 kc., power from 5 KW to 1 KW night, 2½ KW day. (Request of applicant.)

NEW—E. D. Sparrow, Kinston, N. C.—Construction permit to erect a new station. (Frequency and power not stated, Rule 6, unsatisfactory transmitter site.)

NEW—Helena Broadcasting Co., Helena, Mont.—Construction permit to erect a new station. (Frequency and time not stated, applicant's request.)

WBIG—North Carolina Broadcasting Co., Greensboro, N. C.—Voluntary assignment of license to North Carolina Broadcasting Co., Inc. (Not necessary as only a transfer of stock.)

WCFL—Chicago Federation of Labor, Chicago, Ill.—Extension of special experimental authorization to operate unlimited time. (Not signed.)

KXA—American Radio Telephone Co., Seattle, Wash.—Extension of special experimental authorization to operate to 10 p. m., PST, 250 watts. (Not signed.)
