TURNER: You know, I got to thinking the other day...I guess we've been pretty impolite to you Ladies on this show. Always talking to the Men...telling 'em how much they're going to enjoy Prince Albert. So tonight, I'm going to tell you Ladies about Prince Albert, instead. So next time your husband, father or "that certain guy" has a birthday -- or an anniversary -- you'll know what kind of tobacco he'd really like to get. Always get Prince Albert, Ladies. And I'll tell you why. Prince Albert's specially made for smoking enjoyment! Yes, Prince Albert is rich...full-flavored, to start with. And what's more, Prince Albert's choice tobacco is specially treated to insure against tongue bite. And crimp out,...to burn slow and even...and smoke cool. Now see why Men really appreciate a gift of Prince Albert? It's the largest-selling smoking tobacco in America! So...when you're buying him tobacco, ask for Prince Albert...the National Joy Smoke. But, say, you fellows...why wait till your birthday to try Prince Albert? Buy yourself a good supply. Ask for Prince Albert in the handy pocket tin -- with the humidor top -- or in the economical, big pound-size.

TURNER: Personally, I don't read much. Haven't got the time. But a man I know...he reads from morning till night. Never takes his eyes off a book, if he can help it. And he says he doesn't need to stop reading to roll a "makin's" cigarette -- when he rolls it with Prince Albert. He says Prince Albert just seems to roll itself -- and that's for sure, Men! You see, Prince Albert's choice tobacco is crimp out. So it clings to the paper...doesn't blow around... doesn't dribble out the ends. Quick and easily, Prince Albert rolls into as firm and smooth a "makin's" cigarette as you could hope to see, thanks to that crimp out. And when you smoke that cigarette...Man alive, but it tastes good! Rich...full-flavored...cool and mild. So, Men...be sure to always buy Prince Albert -- the National Joy Smoke. And buy some of those high-quality O O B cigarette papers, too, when you're buying your tobacco...and make a good cigarette taste better still!
