I think it's time we told the folks a little about  
Prince Albert Smokin' Tobacco.

FERLIN: Okay...but <sup>ah</sup> what can we tell 'em, Grant, that they  
don't already know? SMART pipe smokers have been  
usin' Prince Albert for years.

GRANT: And so have the men that "roll their own", Ferlin.  
Prince Albert just naturally has the mild and mellow  
flavor <sup>that</sup> smokers GO for. The smooth and easy-goin'  
TASTE that's just right.

FERLIN: And the PROOF of THAT, Grant...is in the PUFFIN'.  
Why...your very own TASTE tells you why Prince  
Albert has the flavor most favored in the U.S.A.

GRANT: What's more, P.A. is crimp cut...so it burns steady  
and cool without bothersome "hot spots."

FERLIN: And ALWAYS fresh, Grant. Don't forget P.A. is  
always fresh!

(HITCH HIKE OVER)

ENGINEER SWITCH TO STUDIO FOR LIVE CAMEL HITCH HIKE

ANNCR: If you're just about to light up a cigarette, right about now is the perfect time to ask...are you smoking more these days ...but enjoying it less? If that's the case with you, change to a real cigarette...change to Camels. Believe you me, you'll start to really enjoy smoking again. Because Camels give you that full, rich flavor...that easy-going mildness, that complete smoking satisfaction no other cigarette delivers. No question about it: the best tobacco makes the best smoke. No question about this either: the Camel blend of costly Turkish and domestic tobaccos has never been equalled for real smoking enjoyment each and every time you light up. Guess that's why Camels are the favorite cigarette in the U.S.A. for the 10th straight year! How about your brand? Are you smoking more lately ...but enjoying it less? Then have a real cigarette. Have a Camel!
