Reelfoot Lake. Did you get any Ducks?

GRANT: *W* No ducks, Ray, but the trip wasn't wasted. I managed to
introduce quite a few unhappy smokers to some of the
finest, tastiest, ~~smoking~~ smokin' pleasure they've
ever had.

RAY: Meanin'.....of course....that you took along plenty of
good Prince Albert Smokin' Tobacco.

GRANT: That's right. Prince Albert makes ANY huntin' trip
worth while. Prince Albert's got the smooth natural
tobacco taste that smokers like....the mild and mellow
flavor *that* they're really LOOKIN' for...*but* nobody has to
take my WORD for that. The PROOF is in the puffin' and
your own taste tells you why Prince Albert's got the
flavor most favored in the U.S.A.

8:58:15 ENGINEER SWITCH TO STUDIO FOR LIVE CAMEL HITCH HIKE

ANNCR: If you're just about to light up a cigarette, right about now is the perfect time to ask...are you smoking more these days...but enjoying it less? If that's the case with you, change to a real cigarette... change to Camels. Believe you me, you'll start to really enjoy smoking again. Because Camels give you that full rich flavor...that easy going mildness, that complete smoking satisfaction no other cigarette delivers. No question about it: the best tobacco makes the best smoke. No question about this either: the Camel blend of costly Turkish and domestic tobaccos has never been equalled for real smoking enjoyment each and every time you light up. Guess that's why Camels are the favorite cigarette in the U.S.A. for the 10th straight year! How about your brand? Are you smoking more lately...but enjoying it less? Then have a real cigarette. Have a Camel!
